

Greater Lowell Technical High School

Freshman Exploratory Necessities

Many of Greater Lowell's technical programs require certain clothing or safety items in order for students to fully participate. Below is a list of our technical programs and the necessary items they require for freshmen students to participate fully in their exploratory classes. **Clothing must be appropriate for basic safety.** *All freshman students are provided with a pair of safety glasses at the beginning of the exploratory period. Additional pairs of safety glasses can be purchased at the school in the mall stores.*

Auto Collision Repair - safety glasses, long pants (no sweat pants or pants with rips), work boots or sneakers only.
