**Tier 1:** Generic

**Tier 2:** Preferred Brand

**Tier 3:** Non-preferred Brand

***lowercase italics:*** generic drug

**CAPS:** brand-name drugs

**QL: Quantity Limit Applies.** These drugs have dispensing limitations and the pharmacy will only dispense a certain quantity of a drug within a given time period.

**PA: Prior Authorization Required.** The Prior Authorization process encourages rational prescribing of drug products with significant safety and/or financial concerns. A provider can submit a request for coverage based on a member's medical need for a particular drug. If approved, the member pays the designated tier copayment.
