# PRINCIPAL AND ASSISTANT PRINCIPALS CERTIFIED EVALUATION PLAN

## Principal and Assistant Principals

The vision for the Certified Evaluation Plan is to have every school led by an effective principal/assistant principal. The goal is to create a fair and equitable system to measure principal/assistant principal effectiveness and act as a catalyst for professional growth.

## Overview and Summative Model

The following graphic outlines the summative model for the Principal/Assistant Principal Certified Evaluation Plan. Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a principal or assistant principal. The role of evidence and professional judgment in the determination of ratings on the four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism as well as the overall rating is paramount in this process. However, professional judgment must be grounded in the common Kentucky's Professional Standards for Educational Leaders (PSEL) and Performance Measures.

## **The Professional Standards for Educational Leaders (PSEL)**

The Professional Standards for Educational Leaders (PSEL) are designed to support student achievement and professional best practice. Included in the Professional Standards for Educational Leaders (PSEL) are performance indicators that provide examples of observable, tangible behaviors that provide evidence of each standard. The Professional Standards for Educational Leaders (PSEL) provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Evidence supporting a principal's or assistant principal's professional practice will be situated within one or more of the ten standards. Performance will be rated for each standard according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary. It is projected that most principals or assistant principals will maintain an Accomplished rating but will occasionally have exemplary performance on standards at any given time. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators will also consider how principals respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual principal performance. These factors may include school-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

However, evaluators must use the following categories of evidence in determining the ratings:

- Required Sources of Evidence
  - Reflective Practice and Professional Growth Plan
  - Site-Visit

Evaluators may use the following categories of evidence in determine overall ratings:

- Other Measures of Student Learning
- Products of Practice
- Local student growth goals
- Leadership Survey –example: Val-Ed 360°
- Working Conditions Goal (Based on TELL Y or Impact Survey)
- Accountability/School Report Card data
- Student Growth Data
- Other Sources (e.g. parent surveys)

## **Principal or Assistant Principals Products of Practice/Other Sources of Evidence**

Principals/Assistant Principals may provide additional evidence to support assessment of their own professional practice. This evidence should yield information related to the Principal /Assistant Principals' practice within the Professional Standards for Educational Leaders (PSEL).

- Required Sources of Evidence
  - Reflective Practice and Professional Growth Plan
  - Site-Visit
  
- Other sources of evidence may include (not a comprehensive list):
  - Agenda and/or Minutes from:
    - SBDM Meetings
    - Faculty Meetings
    - Department/ Grade Level Meetings
    - PLC Meetings
    - Leadership Team Meetings
  - Instructional Round/ Walk-through documentation
  - Budgets
  - EILA/Professional Learning experience documentation
  - Surveys - For example,
    - Parent/Community
    - Staff

## **Principal or Assistant Principals Professional Practice**

The following sections provide a detailed overview of the various sources of evidence used to inform the Professional Standards for Educational Leaders (PSEL) Ratings for each principal/assistant principal.

### **Reflective Practice and Professional Growth Planning**

The Professional Growth Plan will address realistic, focused, and measurable professional goals.

The plan can be used to connect data from multiple sources including site-visit conferences, student achievement, and professional growth needs identified through self-assessment and reflection. Self-reflection improves principal practice through ongoing, careful consideration of the impact of leadership practice on student growth and achievement.

- A Reflective Practice and Professional Growth Planning summative review will be completed, approved, and submitted no later than June 15.

## **Principal and Assistant Principal Site-Visit**

Site visits are a method by which the superintendent/designee or principal may gain insight into the principal's/assistant principal's practice in relation to the standards. During a site visit, the superintendent/designee or principal will discuss various aspects of the job with the principal or assistant principal and will use the principal's/assistant principal's responses to determine issues to further explore with the faculty and staff.

A minimum of one (1) site visit is conducted by the superintendent or designee/principal or designee for each principal/assistant principal every year, and utilize the following protocol(s):

- A formal site visit will occur at a minimum of once per year to be completed no later than June 30th.
- The formal site visit will focus at minimum on one of the principal's/assistant principal's targeted Professional Standards for Educational Leaders.
- Following a formal site visit, a post-visit conference shall occur within five (5) working days. During the post-visit conference, evidence towards the principal's/assistant principal's targeted performance standard(s) will be reviewed.
- Post-visit conference documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved template/forms.

## **Overall Summative Rating Process**

A principal's/assistant principal's Overall Performance Rating is determined by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure is supported by Professional Standards for Educational Leaders (PSEL):

Performance Criteria	Performance Measures			
	Planning	Environment	Instruction	Professionalism
Principal/Assistant Principal Professional Standards for Educational Leaders (PSEL)	<b>Standard 1</b> Mission, Vision and Core Values <b>Standard 9</b> Operations and Management <b>Standard 10</b> School Improvement	<b>Standard 3</b> Equity and Cultural Responsiveness <b>Standard 7</b> Professional Community for Teachers and Staff	<b>Standard 4</b> Curriculum, Instruction and Assessment <b>Standard 5</b> Community of Care and Support for Students <b>Standard 6</b> Professional Capacity of School Personnel	<b>Standard 2</b> Ethics and Professional Norms <b>Standard 8</b> Meaningful Engagement of Families and Community

- Using the sources of evidence for principals/assistant principals, evaluators will use professional judgment to determine a rating for each of the standards.
- The Principals/Assistant Principals must provide copies of sources of evidence for the identified targeted Professional Standards for Educational Leaders (PSEL) for the year to the evaluator. The evaluator will determine if copies of sources of evidence are needed to support non-targeted standard(s).
- Each Performance Measure is rated as Exemplary, Accomplished, Developing, or Ineffective based on the ratings for the Professional Standards for Educational Leaders (PSEL).
  - a. Planning - Standard 1, Standard 9, AND Standard 10
  - b. Environment - Standard 3 AND Standard 7
  - c. Instruction - Standard 4, Standard 5, AND Standard 6
  - d. Professionalism - Standard 2 AND Standard 8

### **Performance Measures Rating Decision Rules**

In order to determine the rating for each Performance Measure, the following decision rules will be applied.

If.....	Then.....
One standard is rated Developing, and one or more standard(s) is/are rated Accomplished	The Performance Measure shall be rated Accomplished
One standard is rated Developing, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Accomplished
One standard is rated Accomplished, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Exemplary
Two standards are rated Developing	The Performance Measure shall be rated Developing
One standard is rated as Ineffective	The Performance Measure shall not be any higher than Accomplished
Two standards are rated Ineffective	The Performance Measure shall be Ineffective

Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and professional judgement based on evidence to determine the principal's/assistant principal's final Overall Summative Rating.

If.....	Then.....
Two Performance Measures are rated Developing and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing and Two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished and Two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be any higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be any higher than Accomplished

- The principal's or assistant principal's overall rating will be documented **no later than June 30th.**
- All summative rating documentation shall be documented using the evaluation records platform (i.e. Paper copies, uploaded in V-Class/google drive) and will be part of each employees' official personnel record.
- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.

**Principal or Assistant Principal Professional Growth Plan and

Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals.

## **The Kentucky Framework for Teaching/Specialist Frameworks for Other School Level Professionals**

The Kentucky Framework for Teaching is designed to support student achievement and professional practice through the domains of:

### **Framework for Teaching/Specialist Frameworks for Other Professionals**

Planning and Preparation  
Classroom Environment OR Environment  
Instruction OR Delivery of Service  
Professional Responsibilities

The Frameworks also include themes such as equity, cultural competence, high expectations, developmental appropriateness, accommodating individual needs, effective technology integration, and student assumption of responsibility. They provide structure for feedback for continuous improvement through individual goals that target student and professional growth, thus supporting overall school improvement. Evidence documenting professional practice is situated within one or more of the four domains of the framework. Performance is rated for each component according to four performance levels: Ineffective, Developing, Accomplished, and Exemplary. The summative rating is a holistic representation of performance, combining data from multiple sources of evidence across each domain.

The use of professional judgment based on multiple sources of evidence promotes a holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators also consider how educators respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual educator performance, such as school-specific priorities that may drive practice in one domain, an educator's number of goals, experience level and/or leadership opportunities, and contextual variables that may impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories of evidence in determining overall ratings:

**Required Sources of Evidence**

- Reflective Practice and Professional Growth Planning
- Observation
- Other District Determined Measures of Student Learning
- Products of Practice
- Other Sources

All components and sources of evidence related supporting an educator's professional practice rating will be completed and documented to inform the Overall Performance Rating.

**PGP**

Reflective practices and professional growth planning are iterative processes. The teacher (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus; (2) collaborates with his or her administrator to develop a professional growth plan and action steps; (3) implements the plan; (4) regularly reflects on the progress and impact of the plan on his or her professional practice; (5) modifies the plan as appropriate; (6) continues implementation and ongoing reflection; (7) and, finally, conducts a summative reflection on the degree of goal attainment and the implications for next steps.

The Professional Growth Plan addresses realistic, focused, and measurable professional goals. The plan connects data from multiple sources including classroom observation feedback, student achievement, and professional growth needs identified through self-assessment and reflection. In collaboration with the administrators, teachers identify explicit goals, which drive the focus of professional growth activities, support, and on-going reflection.

An employee's Reflective Practice and Professional Growth Plan (PGP) must be aligned with the specific goals, objectives, and action plans of the Comprehensive School Improvement Plan (CSIP) and Professional Development plan, and the Evaluation Standards and Performance Criteria of the district evaluation system.

The Professional Growth Plan can be built as early as **May 1 of the current year** and **no later than September 30<sup>th</sup> of the ensuing school year for continuing employees**. The advantage of including the PGP in the spring for the next school year is that professional development activities tied to professional growth goals may be available for the certified employee during the summer before the next school year. The PGP must be completed with **employees new to a building** (newly hired or transferred employees) within **30 workdays of employee's reporting for employment**.

Implementation of the Professional Growth Plan is to begin as soon as the plan is completed and signed by both the evaluator and evaluatee. Signatures indicate knowledge of expectations.

- All certified teachers and other certified school level professionals will participate in reflective practices and professional growth planning each year.
- Documentation of reflective practices and professional growth planning will follow the district-determined process.
- All certified teachers and other certified school level professionals will use the Kentucky Framework applicable to their position:
  - Certified Teachers (including pre-school and alternative schoolteachers)– Kentucky Framework for Teaching
    - Based on the teaching method at the alternative school, some of the indicators may not be applicable to certified teachers within the alternative setting.
  - Counselors – Kentucky Framework for School Guidance Counselors
  - School Level Instructional Specialists – Kentucky Framework for Instructional Specialists
  - Librarians – Kentucky Framework for School Library Media Specialists
  - School Level Psychologists – Kentucky Framework for School Psychologists
  - Speech Language Pathologists – Kentucky Framework for Speech Language Pathologists
- The level of support is determined by the previous year's Professional Growth Plan and Summative Cycle results.
- All certified teachers and other certified school level professionals new to the district with more than 4 years of experience will be on a one-year directed cycle.
- Returning part-time retired certified teachers, other certified school level professionals, and adjunct teachers who are hired in a part-time position or less than part-time position must complete the Reflective Practice and Professional Growth Planning annually.

- If the leave of absence or late hire interrupts the ability to complete a component of the evaluation cycle by the established timeline, then the timeline may be adjusted by the immediate evaluator and/or the summative may be delayed the following year. The evidence collected previously in the incomplete year will transfer to the next year.
- Certified teachers and other certified school level professionals hired on or after November 1<sup>st</sup>, may have adjusted timelines and requirements. Additional conferences/site visits may be held as deemed necessary to monitor an evaluation.
- Additional reflective Practice and professional growth planning meetings may be held as deemed necessary to monitor the evaluation process.
- All dates may be adjusted based on changes to the school calendar.
- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.
- If an evaluatee is placed on an Individual Corrective Action Plan (ICAP) at anytime during the evaluation cycle, the evaluator may revise or modify the evaluatee's Reflective Practice and Professional Growth Plan where the goal(s) and action plan(s) are determined by the evaluator with at minimum one goal focused on targeted professional growth area.
- Reflective Practice and Professional Growth Plan along with supporting evidence may be documented using the local evaluation committee and local board of education approved platform.

### **Washington County Schools Observation/Workplace Visit**

The observation process is one source of evidence to determine certified school personnel effectiveness that includes evaluator observation/workplace visit. Evaluator observations will use the same instruments. The evaluator observation will provide documentation and feedback to measure the effectiveness of a certified school personnel professional practice. The evaluator observations along with other supporting evidence will be used to inform a summative rating. The rationale for each type of observation is to encourage continued professional learning in teaching and learning through critical reflection.

The observation model must fulfill the following minimum criteria provided in 704 KAR 3:345 and KRS 156.557:

- Three observations in the summative cycle. A minimum of three observations conducted by the evaluator.
- The selection of the third-party observer shall be determined through mutual agreement by the evaluator and the evaluatee. A teacher or other certified school personnel who exercises this option shall do so, in writing to the evaluator, by no later than February 15 of the academic year in which the summative evaluation occurs. If the evaluator and evaluatee have not agreed upon the selection of the third-party observer within five (5) working days of the teacher's written request, the evaluator shall select the third-party observer.
- Observations may begin after the evaluation training takes place within 30 calendar days of reporting for employment.

- All monitoring or observation of performance of a certified school personnel member shall be conducted openly and with full knowledge of the personnel member.

All observation documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved platform (i.e. paper/pencil, electronic template, or uploaded in V-Class/google docs).

## **Washington County will use the following Observation/Workplace Visit Models:**

The following guidelines and timelines are based on the minimum requirements of the Washington County Certified Evaluation Plan. Principals may require additional observations at any point of the cycle.

### **(1) Kentucky Teacher Internship Program (K-TIP)**

All first-year teachers will follow the guidelines set forth through the Washington County Teacher Internship Program. WCTIP documentation will be included in the WCTIP evaluatee's official personnel record at the end of the cycle.

- Note: There are seven (7) Kentucky Revised Statutes and four (4) Kentucky Administrative Regulations that govern WCTIP. It is possible that amendments may be in process and/or change. If any changes occur which would cause a substantial change(s) in the Kentucky Teacher Internship Program, the 50/50 committee will make recommendations to revise this portion of the Certified Evaluation Plan.

### **(2) Observation Model for All Fulltime Certified Teachers and Other School Level Professionals**

The evaluator will conduct a minimum two mini observations/workplace visits of approximately 20-30 minutes each. The evaluator will conduct a minimum of one formal observation/workplace visit consisting of a full class or lesson observation. The summative year of the cycle will consist of a minimum of one formal evaluator observation/workplace visit. The observation/workplace visit cycle including all documentation must be completed by April 15th of the summative year. The evaluator may conduct additional mini or full observations/workplace visits. Observations/workplace visits may begin after the evaluation training takes place within 30 calendar days of reporting for employment each school year.

- All observation/workplace visit documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved platform (i.e. in writing within the certified personnel folder, google docs, V-Class, or WCTIP intern management system)
- A minimum of one evaluator mini observation/workplace visit each year is all that is required for returning part-time retired certified teachers, part-time other

certified school personnel, or adjunct teachers who are hired in a part-time position or less than part-time position.

- Teachers and other school level professionals may be selected to be on a one year directed cycle at the discretion of the evaluator
- The evaluator may conduct additional mini or full observations/workplace visits.
- The evaluator will determine the schedule for the observations/workplace visits.
- Late Hires or Leaves of Absence
  - If a late hire or leave of absence interrupts the ability to complete the observations/workplace visits by the established timeline, then the observation/workplace visits timeline may be adjusted by evaluator.
- All dates may be adjusted based on changes to the school calendar.
- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.

## **Observation/Workplace Visit Conferencing**

Observers will adhere to the following observation/workplace visit conferencing requirements.

### **(1) Mini Observations/Workplace Visit Conferencing:**

- Pre-observation/workplace visit communication may occur through written electronic correspondence or face to face at the discretion of the evaluator.
- If pre-observation/workplace visit communication is requested by the evaluator, correspondence must be completed a minimum of one (1) working day prior to the scheduled observation.
- If pre-observation/workplace visit communication occurs and the certified school personnel requests face to face communication, the evaluator must meet face to face.
- The evaluator may complete a mini observation/workplace visit without pre-observation/workplace visit communication.
- Post-observation/workplace visit communication may occur through written electronic correspondence or face to face at the discretion of the evaluator.
- The post-observation/workplace visit communications shall occur within five (5) working days following the observation/workplace visit.

### **(2) Formal Observations/Workplace Visit Conferencing:**

- Pre-observation/workplace visit communication shall occur through either written electronic correspondence or face to face at the discretion of the evaluator.
- If the teacher or other school level professional requests pre-observation/workplace visit communication to occur face to face, the evaluator must meet face to face.
- Pre-observation/workplace visit communication must be completed a minimum of one (1) working day prior to the scheduled observation/workplace visit.
- Post-observation/workplace visit conference with the evaluator will occur face to face within five (5) working days following each formal observation/workplace visit.

## **Evaluator Training**

All administrators serving as a primary evaluator for certified teachers or other school level professionals must complete the following training requirements prior to conducting observations/workplace visits for the purpose of evaluation:

### **First year primary evaluators for certified teachers or other school level professionals training:**

1. Complete prior to first observation:
  - a. The initial certified evaluation training and testing provided by the Kentucky Department of Education or a provider approved by the department shall be completed by any first-year evaluators;
  - b. Engage in a district approved training specific to observation techniques; and
  - c. The below required training for all primary evaluators.

### **All primary evaluators for certified teachers or other school level professionals training:**

2. A minimum of six (6) hours annually of the personnel evaluation system approved by the Effective Instructional Leadership Act (EILA). At minimum training in effective observation and conferencing techniques, providing clear and timely feedback, in establishing and assisting with a professional growth plan, and/or in summative decision techniques, KRS 156.557, shall occur yearly.

### **Washington County's Products of Practice/Other Sources of Evidence**

Teachers and other school level professionals may provide additional evidence to support assessment of their own professional practice. These evidence should yield information related to the teacher's or other school level professionals' practice within the domains.

Evidence provided in support of educator practice must include data from the following:

- Observations/workplace visits conducted by certified evaluator observer(s)
- Reflective practice and professional growth plans(s)

Additional evidence provided in support of educator practice may include anything from the following list (not a comprehensive list):

- Program Review evidence

- video lessons/professional learning sessions/meetings
- engagement in professional organizations
- action research
- peer observation
- other

The above list is not comprehensive.

## **Determining the Overall Summative Rating**

Evaluators are responsible for determining an Overall Summative Rating for each teacher and other school level professionals at the conclusion of the summative evaluation year. A teacher/other professional's Overall Performance Rating is determined by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure's rating is based on professional judgment informed by evidence that demonstrates the educator's performance against the Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals Domains, district-developed documents, and decision rules that establish a common understanding of performance thresholds to which all educators are held. Performance will be rated for each Performance Measure according to four performance levels: Ineffective, Developing, Accomplished, and Exemplary.

The Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals stands as the critical rubric for providing educators and evaluators with concrete descriptions of practice associated with specific domains aligned to the four (4) Performance Measures. Each element describes a discrete behavior or related set of behaviors that educators and evaluators can prioritize for evidence-gathering, feedback, and eventually, evaluation. Evaluators will organize and analyze evidence for each individual educator based on these concrete descriptions of practice and rate the teacher each Domain of the Kentucky Framework for teaching and Specialist Frameworks for Other School Level Professionals according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary.

Each of the four (4) Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals Domains align to each of the four (4) Performance measures shown within the following charts:

### **Teacher Performance Measures aligned to the Kentucky Framework for Teaching**

<b>Performance Measures</b>	<b>Planning</b>	<b>Environment</b>	<b>Instruction</b>	<b>Professionalism</b>
<b>Performance Criteria</b> KY Framework for Teaching	<b>Domain 1</b> Planning & Preparation	<b>Domain 2</b> Classroom Environment	<b>Domain 3</b> Instruction	<b>Domain 4</b> Professional Responsibilities

**Other Professionals Performance Measures aligned to the Kentucky Framework for Teaching**

<b>Performance Measures</b>	<b>Planning</b>	<b>Environment</b>	<b>Instruction</b>	<b>Professionalism</b>
<b>Performance Criteria</b> KY Framework for Teaching Specialist Framework for Other Professionals	<b>Domain 1</b> Planning & Preparation	<b>Domain 2</b> The Environment	<b>Domain 3</b> Delivery of Service	<b>Domain 4</b> Professional Responsibilities

The process concludes with the evaluator’s analysis of evidence and the final assessment of practice in relation to performance described under each Domain and rated Performance Measure at the culmination of an educator’s cycle.

An evaluatee’s Overall Performance Rating is determined using the following criteria:

- Evaluators will determine the individual domain ratings (Exemplary, Accomplished, Developing, or Ineffective) using sources of evidence and professional judgment. Each Performance Measure will be rated Exemplary, Accomplished, Developing, or Ineffective based on the final Domain rating:
  - e. Domain 1: Planning & Preparation Rating = Performance Measure Planning Rating
  - f. Domain 2: The Classroom Environment/Environment Rating = Performance Measure Environment Rating
  - g. Domain 3: Instruction/Delivery of Service = Performance Measure Instruction Rating
  - h. Domain 4: Professional Responsibilities = Performance Measure Professionalism Rating
- Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and professional judgement based on evidence to determine the teacher’s or other school level professional’s final Overall Summative Rating.

If....	Then....
Two Performance Measures are rated Developing, and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary

Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be any higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be any higher than Accomplished

- The evaluator will provide a summative rating for each Performance Measure based on evidence for all teachers and other school level professionals on a summative year no later than April 15.
- All summative rating documentation along with supporting evidence shall be documented using the local evaluation committee and local board of education approved platform (i.e. Paper copies, uploaded in V-Class, and/or google docs) and will be part of each employee’s official personnel record.
- Leaves of Absence – Summative Overall Performance Rating requirements remain the same for Certified Teachers or Other Certified School Level Professionals on leave of absence; however, times may have to be adjusted as needed. If the leave of absence interrupts the ability to complete the summative cycle by the established timeline, then the summative may be delayed the following year. The evidence collected previously in the incomplete year will transfer to the next year.
- All dates may be adjusted based on changes to the school calendar.
- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.

- **New to the District Non-Tenured Certified Teachers and Other Professionals** will follow the One-Year Cycle Directed Growth Plan.
- **Returning Non-Tenured Certified Teachers and Other Professionals** will follow the One-Year Cycle Directed Growth Plan Cycle UNLESS the previous year’s Professional Practice Rating was INEFFECTIVE which would result in an UP to 12-Month IMPROVEMENT PLAN.
- An evaluatee can be placed on an Individual Corrective Action Plan (ICAP) at any time during the evaluation cycle.
- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.

# OTHER CERTIFIED DISTRICT PERSONNEL EVALUATION PLAN

## *Other District Certified Personnel*

The vision for the Certified Evaluation Plan is to have every school district led by an effective leadership team. The goal is to create a fair and equitable system to measure district administrator effectiveness and act as a catalyst for professional growth.

### Overview and Summative Model

The following graphic outlines the summative model for the Other Certified District Personnel Certified Evaluation Plan.

Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a certified district employee. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. However, professional judgment must be grounded in the common framework standards identified.

## **Determining Other Certified District Personnel Performance Standards**

Each Certified District Staff member along with his or her evaluator will collaborate to determine the best standards based on the job responsibilities of the position held. For example, the Chief Academic Officer in collaboration with the District Superintendent may decide to use the Superintendent Effectiveness Standards as the focus of his or her Certified Evaluation Plan process for the year. The standards must be nationally recognized as well as grounded in research for district and school improvement (I.E. Kentucky NxG Superintendent Effectiveness Standards, Council for Exceptional Children Advanced Professional Standards: Special Education Administration Specialist or Gifted Education; or Kentucky Framework for Teaching Specialist Framework for Other Professionals). The Performance Standards provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Evidence supporting a certified District staff member's professional practice will be situated within one or more of the standards. Performance will be rated for each standard according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary. It is projected that most certified District staff members will maintain an Accomplished rating but will occasionally have exemplary performance on standards at any given time. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

- NOTE: If both the evaluator and evaluatee identify standards other than the following, both the evaluator and evaluatee must conduct an alignment of the Performance Criteria which are the Standards to the Four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism.
  - Professional Standards for Educational Leaders (PSEL)
  - Kentucky NxG Superintendent Effectiveness Standards
  - Council for Exceptional Children Advanced Professional Standards: Special Education Administration Specialist
  - Council for Exceptional Children Advanced Professional Standards: Gifted Education
  - Kentucky Framework for Teaching Specialist Framework for Other Professionals
- The alignment must be approved by the Washington County Board of Education prior to any evaluation activities.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators will also consider how the certified District staff member responds to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual certified District staff member performance. These factors may include district-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

However, evaluators must use the following categories of evidence in determining overall ratings:

- Required Sources of Evidence
  - Reflective Practice and Professional Growth Plan
  - Workplace Visit

Evaluators may use the following categories of evidence in determining overall ratings:

- Other Measures of District/School Improvement
- Products of Practice
- Local Impact Goal data
- Other Sources (e.g. parent surveys)

## **Other Certified District Personnel Professional Practice**

The following sections provide a detailed overview of the various sources of evidence used to inform Professional Practice Ratings.

### **Reflective Practice and Professional Growth Planning**

- **Completed by District Staff members in collaboration with his or her Evaluator or designee.**

The Professional Growth Plan will address realistic, focused, and measurable professional goals. The plan will connect data from multiple sources including workplace visits, conferences, and professional growth needs identified through self-assessment and reflection. Self-reflection improves an educational leader's practice through ongoing, careful consideration of the impact of leadership practice on district and school improvement.

- All Certified District Staff members will participate in reflective practice and professional growth planning each year in collaboration with his or her immediate evaluator or designee.
- The Reflective Practice and Professional Growth Planning will include self-reflection, professional growth goal, and professional growth plan.
- The plan will be submitted for approval to the certified district staff member's immediate evaluator or designee.
- The Reflective Practice and Professional Growth Plan will be completed and approved no later than 90 work days from the first day the certified district staff member reports for employment.
- On-going reflection and/or a mid-point review may occur between the district certified staff member with his or her immediate evaluator to reflect and/or review progress towards the goals/plan.
- A Reflective Practice and Professional Growth Planning summative review will be completed, approved, and submitted no later than April 15<sup>th</sup> for Certified District Personnel without Administration Certification or no later than June 30<sup>th</sup> for Certified District Personnel with Administration Certification.
- Late Hires and Leaves of Absence
  - Reflective practice and professional growth planning requirements remain the same for certified district personnel who are hired late or take a leave of absence; however, times may have to be adjusted as needed.
  - If a late hire or leave of absence interrupts the ability to complete the reflective practice and professional growth planning by the established timeline, then the reflective practice and professional growth planning timeline may be adjusted and approved by the Superintendent.
- Reflective practice and professional growth planning documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved platform.

### **Other Certified District Personnel Workplace Visit**

Workplace visits are a method by which the superintendent or designee may gain insight into the certified district staff member's practice in relation to the standards. During a workplace visit, the superintendent or designee will discuss various aspects of the job with the certified district staff member and will use the district staff member responses to determine issues to further explore with the faculty and staff. Additionally, the

district staff member may explain the successes and trials experienced in relation to school improvement. Workplace visits are conducted by the superintendent or designee for each district staff member every year, and utilize the following protocol(s):

- Workplace visit will occur at a minimum of once (1) per year to be completed no later than April 15 for certified district personnel without an administrator certification or June 30th for certified district personnel with administrator certification.
- The workplace visit will focus at minimum on the certified district staff member's identified targeted performance standard(s).
- Following a workplace visit a post-visit conference shall occur. During the post-visit conference, evidence towards the district staff member's identified targeted performance standard(s) will be reviewed.
- Post-visit conference documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved platform.
- Certified district personnel who are hired after the last day in October will have at a minimum one-site visit completed no later than April 15 for certified district personnel without an administrator certification or June 30th for certified district personnel with administrator certification.
- Late Hires and Leaves of Absence
  - If the late hire or leave of absence interrupts the ability to complete the formal site-visit by the established timeline, then the formal site-visit timeline may be adjusted.

### **Other Certified District Personnel Products of Products of Practice/Other Sources of Evidence**

## **Determining the Overall Performance Rating for Other Certified District Personnel**

Evaluators are responsible for determining an Overall Performance Rating for each certified district staff member at the conclusion of their summative evaluation year. The Overall Performance Rating is informed by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure is supported by one or more of the identified standards. The following charts represent the alignment of standards to the four performance measures based on the Professional Standards for Educational Leaders (PSEL); Kentucky NxG Superintendent Effectiveness Standards; CEC Advance Standards: Special Education Administration Specialist Standards; CEC Advance Standards: Gifted Education; or Kentucky Framework for Teaching Specialist Frameworks for Other Professionals:

Performance Criteria	Performance Measures

- Using the sources of evidence for the Other Certified District Evaluatee, evaluators will use professional judgment to determine a rating for each of the Performance Criteria.
- The Other Certified District Evaluatee must provide copies of sources of evidence for the identified Standards for the year to the evaluator. The evaluator will determine if copies of sources of evidence are needed to support non-targeted Standard(s).
- Each Performance Measure is rated as Exemplary, Accomplished, Developing, or Ineffective based on the ratings for the Performance Criteria Standards.

## **Performance Measures supported with more than one Performance Criteria Decision Rules**

When there are more than two Performance Criteria Standards aligned to a Performance Measure, the following decision rules will apply in order to determine the rating for the Performance Measure:

If.....	Then.....
One standard is rated Developing, and one or more standard(s) is/are rated Accomplished	The Performance Measure shall be rated Accomplished
One standard is rated Developing, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Accomplished
One standard is rated Accomplished, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Exemplary
Two standards are rated Developing	The Performance Measure shall be rated Developing
One standard is rated as Ineffective	The Performance Measure shall not be any higher than Accomplished
Two standards are rated Ineffective	The Performance Measure shall be Ineffective

Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and professional judgement based on evidence to determine the Other Certified District evaluatee's Overall Summative Rating:

If.....	Then.....
Two Performance Measures are rated Developing and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing and Two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished and Two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be any higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be any higher than Accomplished

- The other district certified personnel’s overall rating will be documented **no later than April 15th for certified district personnel without administration certification and no later than June 30th for certified district personnel with administration certification.**
- All summative rating documentation along with supporting evidence shall be documented using the evaluation records platform (i.e. Paper copies, uploaded in V-Class/google drive) and will be part of each employees’ official personnel record.

**Other Certified District Personnel Professional Growth Plan and Summative Cycle**

Based on the Overall Performance rating, evaluators or designee will determine the type of Professional Growth Plan required of the certified district staff member by applying the following Professional Growth Plan Model.

Overall Rating Professional Growth Plan and Summative Cycle	Type and Length of Professional Growth Plan and Summative Cycle for Other Certified District Personnel
Exemplary	<b>One-Year Self-Directed Cycle</b> <ul style="list-style-type: none"> <li>● Goal(s) and action plan set by educator with evaluator input</li> <li>● One goal must focus on targeted professional growth area</li> <li>● Summative occurs at the end of year</li> </ul>

- An evaluatee can be placed on an Individual Corrective Action Plan (ICAP) at any time during the evaluation cycle.
- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.

# **Individual Corrective Action Plan/Improvement Plan (ICAP), APPEALS, and CODE of ETHICS**

## **Individual Corrective Action Plan/Improvement Plan (ICAP)**

The development of and Individual Corrective Action Plan/Improvement Plan (ICAP) may happen at the evaluator's discretion based on formative evaluation data, overall summative evaluation finding of "Ineffective", and/or for other reasons (e.g. Code of Ethics Violations, etc....).

If an area of improvement is identified, the item must have a corresponding prescription, or action plan, to remediate or assist. This may be specifically noted and written on the post-observation conference forms, or an Individual Corrective Action Plan (ICAP) may be established. The ICAP may be written to any of the principal/assistant the Professional Standards for Educational Leaders (PSEL); Kentucky Framework for Teaching Domains, components, elements, performance levels, or indicators; or other certified district personnel identified performance standards.

During the conference, once an area of improvement has been noted and a plan has been developed, its implementation begins immediately. The primary responsibility for initiating activities and procedures in either an ICAP Form, is with the evaluatee, except as written otherwise and agreed upon during conferencing.

If an evaluatee is placed on an Individual Corrective Action Plan (ICAP) at anytime during the evaluation cycle, the evaluator may revise or modify the evaluatee's Reflective Practice and Professional Growth Plan where the goal(s) and action plan(s) are determined by the evaluator with at minimum one goal focused on targeted professional growth area.

To make the evaluation process successful, a high level of commitment is needed by both the evaluatee and evaluator. The evaluatee is expected to proceed with the action plan in a self-directed way, and the evaluator is expected to provide assistance and regular monitoring of progress. If satisfactory progress is being achieved, few modifications, if any, will be called for. In this case, continue with the implementation process. For those evaluatees experiencing problems, it is important for additional time and support to be given by both evaluatee and evaluator to intensify efforts toward attainment of objectives/goals. Contacts other observations/workplace visits/site-visits/conferences shall be documented by the evaluator and a copy given to the evaluatee. It is recommended that short, information conferences are held following these contacts. Lines of communication between evaluator(s) and evaluatee must be kept open in all phases of the evaluation process.

NOTE: It is the evaluator's responsibility to document all actions taken to assist the evaluatee in improving performance towards Corrective Action Plan goals and objectives.

- All dates and requirements may be adjusted based on the superintendent declaring an emergency or extended school closures. For example, virtual conference, virtual observations, # of observations, etc.

Generally, this will include the Principal and Assistant Principal in evaluatee's building, the Superintendent, Curriculum Coordinator, and Program Coordinators.

Records may be subpoenaed in cases where litigation occurs. The records will be kept in the office of the Superintendent. Supportive data to the evaluation, which may be housed in the employee's school folder and which has already been copied for the evaluator and evaluatee, may be subpoenaed in cases where litigation occurs.

Each evaluator is responsible for maintaining complete and timely records for all individuals under his/her supervision.
