### **FORWARD**

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year. Because the handbook contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for your use and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your Administrative Team who you will find listed in the Staff Directory section of the school's website. This handbook is supplementary to Board policy. Should a provision of this handbook contradict Board policy, the Board policy prevails. This handbook supersedes all prior handbooks and other written material on the same subjects.

# **GENERAL DCMS POLICIES**

## **BICYCLES / SKATEBOARDS / ROLLERBLADES**

Bicycles, skateboards and/or roller blades brought to school must be parked in the bicycle racks and remain there during school hours. It is recommended that bicycles be chained for security purposes. The skateboards, roller blades and bicycles are not to be used on school property without administrator approval. This includes before school, after school and during all school activities. School activities include practices and meetings involving DCMS students and teachers. DCMS assumes no responsibility for damage or theft of the skateboards, roller blades or bicycles.

## **BOOK RENTAL**

The district covers the cost of all textbook rentals and fees. Every student is obligated to give his/her books the best of care. Please be sure your student's name is written in the book in case it is misplaced. Lost or damaged textbooks must be paid for or replaced by the student. In the case of students withdrawing throughout the school year, students have five business days to return the school-issued computing device and all school-issued materials before being charged.

## **PAST DUE FEES**

Parents/Guardians understand that they are financially responsible for any charges the school may assess for but not limited to lost books, cafeteria fees, library books, extracurricular activities, and fundraisings. They shall also be responsible for all reasonable costs of the collection of their account, which may include but not be limited to late fees, client collection fees, collection agency fees, reasonable attorney fees, and court costs on any outstanding balance.

## **CHANGE OF ADDRESS / DEMOGRAPHICS**

If at any time during the school year a student moves to a different address, the change must be reported to the office. It is also important to update us of a change in phone number, email address, and any other demographic changes.

## **CHANGES IN TRANSPORTATION**

If the need arises for a parent to change the transportation pickup from school, please notify the office as early as possible in the day so the message may get to their student without disrupting the learning process. Messages received after 3:00 PM may result in your student not receiving the message in time to make the desired change. Changes in bus drop-off must be in writing and provided to the driver.

If your request is for a bus number change or destination address changes, you must contact our transportation office at 317-745-6875. Families with students riding the bus at the end of the day will be asked to designate two possible addresses to which their child may be dropped off. These two addresses will be the only ones that can be used throughout the year for afternoon drop off.

## **DROP OFF/PICK UP OF STUDENTS**

Students being dropped off before school or being picked up after school need to enter/exit through Doors 11 & 12. Students arriving late to school should enter using Door 1. Students who need to be picked up from school during school hours will enter and exit Door 1.

## **ELECTRONIC DEVICES**

Generally, students are not allowed to use cell phones / IPODs, earbuds, gaming devices, recording devices, smart watches and MP3 players or any other electronic devices during the school day. DCMS enforces a comprehensive policy on electronic devices, allowing their use only with explicitly administrative approval during class. If students bring these devices, they are to be stored in a locker or a specific storage device in classrooms. The school will not be liable for theft and /or damage to their device. If a student has his or her phone / device out, it will be assumed it is being used. Students using devices without prior approval from the administration shall face disciplinary action. Students are not to take photos or recordings of other students or staff without their permission.

When a student is removed from the classroom or sent to the main office due to behavior issues, they must relinquish their phone to front office staff until they have the opportunity to speak with an administrator. The student's electronic device will be returned once they are allowed back into class. Should a student refuse to turn over their cell phone or any other electronic device, they may face the loss of the privilege to possess their phone for a duration determined by the administration, along with potential additional consequences for refusing to follow directives from the front office staff, which may include out-of-school suspension.

If, upon investigation, it is found that a student engaged in inappropriate, hateful, threatening, or vulgar communication with another student during school hours via their cellular device, the school administration reserves the right to revoke the privilege of possessing their cell phone and may confiscate the student's cell phone for a duration determined by the administration.

## **EMERGENCY MEDICAL INFORMATION**

It is necessary to have current medical and enrollment information on file in the school office. This information is collected at registration and enrollment at the beginning of each school year. If a parent or legal guardian cannot be reached in an emergency situation, arrangements may be made to transport the student to the hospital. The school does not assume responsibility for payment of these bills.

## **HALL PASSES**

Hall passes are required for a student to move from one area to another during instructional time, and passes must be issued by a faculty member or administrative staff. Students are not permitted to roam the building or visit unauthorized areas during school.

## **LIFE SKILLS AND CHARACTER EDUCATION**

At Danville Community Middle School, we desire our students to become good citizens, and it is each student's responsibility to display qualities of good citizenship. Exemplary conduct is expected in the classroom, halls, cafeteria, on the playground, on field trips, or when leaving school grounds. Teachers will encourage honesty and courtesy. Respect and appreciation for the law, the Constitution of the United States, our flag, country, parents and home are important. Our expectations for each student also include the development of the following skills:

1. Be Respectful – Show consideration; be polite; use manners; show tolerance, acceptance, and fairness.
2. Be Responsible – Take care of your duties; show you are able to make the right decision; show effort, accountability for achievement and safety.
3. Be Reliable – Show you are capable of being trusted; be dependable; demonstrate honesty, integrity, and trustworthiness.

## **NEWSLETTER**

The War Cry is the Danville Community Middle School newsletter. It will be sent electronically to each student's home periodically via the provided email. The purpose of The War Cry is to inform parents of current and future activities at the middle school. In order to consistently receive the newsletter please be sure to keep your email address current with the school.

## **NON-CUSTODIAL PARENTS**

Upon written request, a non-custodial parent, unless restricted by a court order, will be given access to all student report cards, student records, and disciplinary action records. The non-custodial parent will also be allowed to participate in conferences with the classroom teacher or special education case conferences and annual case reviews.

The student will not be released to the non-custodial parent unless written permission is given by the custodial parent. A certified copy of a court order restricting the rights of the non-custodial parent shall be provided to the principal should a custodial parent wish to prohibit the distribution of information to, or outline other restrictions of, the non-custodial parent. The school will uphold court ordered restrictions in accordance with the paperwork in our possession. As court orders are updated, parents must provide new copies to the school.

## **PHOTOGRAPHS**

Danville Community Middle School will offer professional portrait packages at the beginning of the school year. Photographs may also be taken for the purpose of inclusion in the school yearbook, The Tribe. Photos taken for reasons other than school purposes are prohibited. Students are not to take photos or recordings of other students or staff without their permission.

## **STUDENT-PARENT/TEACHER CONFERENCES**

Parents and students are able to monitor student academic progress 24 hours a day, seven days a week on Infinite Campus. If parents and/or students have questions about academic progress, they are encouraged to request an appointment with the teacher, counselor, and/or principal. Students/parents who wish to talk with a teacher should request a conference at a time convenient to all parties during the school day. Teachers may also request conferences with students in order to give or arrange individual help or to clear up misunderstandings.

## **STUDENTS RIGHTS AND RESPONSIBILITIES**

The rules and procedures of the School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior. Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times, it will be the responsibility of the student to deliver that information. If necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals. The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the school's guidance counselor.

## **VISITORS**

Parents are always welcome at DCMS as visitors or volunteers. All visitors must report to the school office with a driver's license or state issued ID upon arrival to the school to secure a visitor's badge. All visitors may enter through door 1. Students from other schools are not permitted to visit Danville Community Middle School during the school day or during school sponsored activities like dances and club meetings/events. Only students who are enrolled in Danville Community Middle School are permitted to attend club activities or after school social events such as dances or celebrations. DCMS maintains a closed campus to protect and secure our students, faculty, and buildings.

## **WHAT TO DO IF YOU HAVE A COMPLAINT OR CONCERN**

Though the faculty and administration make every effort to avoid problems, parents and students will occasionally disagree with decisions that are made in regard to discipline or grades. In most cases, problems can be resolved when parents speak to the person who is directly responsible for decisions that have been made concerning a student. The appropriate channels for help with a concern are as follows: 1. Teacher, Coach, or Sponsor 2. Assistant Principal 3. Principal

# STUDENT ATTENDANCE

## ATTENDANCE REPORTING PROCEDURES

One metric on which our schools are graded is the percent of students who are Model Attendees. A Model Attendee is defined by the following:

- A student who attends at least 95% of the time (absent no more than 9 out of 180 days) OR
- A student who improved their attendance from the previous school year by at least 3%

## EXEMPT

Under certain circumstances, the law requires the school to authorize the absence and excuse of a student: serving as a page or honoree of the General Assembly (IC 20-33-2-14 ); serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary or general election (IC 20-33-2- 15); when subpoenaed to testify in court (IC 20-33-2-16); serving with the National Guard for no more than 10 days (IC 20-33-2-17); or serving with the Civil Air Patrol for up to 5 days (IC 20-33-2-17.2), the student or a member of the student's household exhibits or participates in the Indiana State Fair for educational purposes (IC 20-33-2-17.7). In each of these circumstances, the student is excused from school and is not to be recorded as absent, and is not to be penalized in any way by the school. The governing body of a school corporation may authorize the absence and excuse of a student who attends any educationally related non-classroom activity if the activity is consistent with and promotes the educational philosophy and goals of the school corporation; facilitates the attainment of specific educational objectives; is part of the goals and objectives of an approved course or curriculum; represents a unique educational opportunity; cannot reasonably occur without interrupting the school day; and is approved in writing by the school principal (IC 20-33-2-17.5). Certain school trips fall under this exception, as well as individual student absences. Students have been excused from attendance to participate in various academic bowls, band or orchestra trips, for attendance at local, state, or federal government proceedings, or to hear various public speakers or performers. To review the statute in entirety, refer to the Compulsory School Attendance Law.

## **MANDATED ABSENCES**

**DETENTION** – A student may be removed from class for a period of time. Such removals are considered detentions. Students will be responsible for making up missed work from loss of any class time. Before school or after school detentions may be assigned by the classroom teacher or building principal.

**SUSPENSIONS** - The principal or her designee may remove a student from a class, multiple classes, or the school for up to ten (10) days. Students will be responsible for making up missed work.

**EXPULSIONS** - The principal or his designee may suspend a student from school for ten (10) days and file a request for expulsion for the remainder of the term or the remainder of the school year.

## **ATTENDANCE REPORTING PROCEDURES**

Student absences must be reported by parents/guardians to the school attendance office by telephone (317-718-2331) or by email ([msattendance@danville.k12.in.us](mailto:msattendance@danville.k12.in.us)) on the day of their absence, giving reason for the absence. An automated phone call and an email are sent to parents/guardians of students who are marked absent to at least two class periods without parent notification prior to the absence. Absences for which the attendance clerk receives no contact from parents/guardians will be considered unexcused.

## **COMPULSORY ATTENDANCE**

Every child between the ages of seven (7) and eighteen (18) years is required to attend school. A student may not withdraw until the age of 18 and an exit interview is conducted. The Board of School Trustees of the Danville Community Schools designate the following school personnel to conduct the exit interview of a student enrolled at the specified school who wishes to withdraw from school: Principal, Assistant Principal or Guidance Counselor.

It is imperative that students attend each school day. In order to meet the goals of elevating student achievement to increasingly higher levels and closing the gaps in student achievement, it is imperative that students regularly attend school to receive uniform and appropriate instruction. Consistent school attendance, academic success and school completion have a positive correlation. Learning is a result of active participation in classroom and other school activities, which cannot be replaced by individual study. Parents are ultimately responsible to ensure that their children attend school on a regular basis.

## **LATE ARRIVALS**

Students will be considered tardy if they are not in the classroom when attendance is taken after the tardy bell rings. When a student is tardy, student must sign in at the office. Children who are tardy to school miss important instructional time and often spend the rest of the day trying to catch up with the other students. Arriving after the school start time, leaving early, or being signed out for a portion of the day will be marked as tardy. Three tardies may result in a phone call or letter from school personnel. Upon the fourth tardy to school progressive discipline will be applied and an attendance contract or referral to outside agencies such as Hendricks County Court Project Attend.

## **EARLY DEPARTURES**

Students that leave the building before the dismissal time are considered early departure. Students must be signed out in the front office. Any individual signing a student out early is required to present an ID.

## **HABITUAL ABSENCE**

IC 20-20-8-8 defines habitual truancy to include students absent ten (10) days or more from school within a school year without being excused or without being absent under a parental request filed with the school. Chronic absenteeism includes students absent from school for ten percent (10 percent) or more of a school year for any reason.

Under IC 20-33-2-25, the “Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court (Project Attend) or the department of child services. The intake officer or the department of child services shall proceed in accord with IC 31-30- through IC 31-40.”

## **TRUANCY**

Students who are absent from class without permission of parent(s) and school officials will be recorded as truant. Students who are truant shall be subject to disciplinary action and will receive no credit for the class (es) missed. Teachers will be notified by the principal's office of truancy and disciplinary action.

Indiana law states that under certain conditions a student may have his/her driving license suspended. The purpose of this law is to encourage student attendance and appropriate behaviors. Under Indiana Code section 18 IC 20-33-2-11 you must meet these minimum requirements for qualifying for the issuance of an operator's license or a learner's permit.

1. Be at least thirteen (13) years of age but less than 18 years of age.
2. Must not be a habitual truant under the definition of IC 20-33-8-12. A child is defined as habitual truant student who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one school year.
3. If a student is defined as a habitual truant they may not receive their operator's license or learner's permit until the age of 18.
4. The governing body may determine that the individual's attendance record has improved to the degree the individual may become eligible to be issued an operator's license or a learner's permit before February 1 and October 1.

STUDENTS ARE EXPECTED TO COMPLY WITH INDIANA STATE LAW (20-8.1-3-17 AND 20-8.1-3-33) REGARDING ATTENDANCE. EVERY STUDENT WILL BE REQUIRED TO BE IN SCHOOL IN EACH CLASS EVERY DAY.

## **PROJECT ATTEND**

HENDRICKS COUNTY PROJECT ATTEND Project ATTEND is a cooperative effort between the Schools, Probation, Prosecutor and Child and Family Services in Hendricks County, Indiana. The goal is to assist the Schools in increasing their attendance rate and to reduce the number of Truancy cases filed in the Court.

## **TARDIES**

Our expectation is that every student is on time for every class. The Tardy Referral process will be instituted to reinforce this expectation and communicate to our students that being on time is important. The same detention form will be used for tardies that is used for other infractions. However, these will be counted separately. We need a consistent and concerted effort from all staff members if this expectation is to be attained. The tardy referral process includes verbal warnings, parent contact, issuance of detentions and notification to the assistant principal and counselor. On the third occurrence of a tardy to the same class, a detention is assigned by the teacher and the teacher completes a referral in Infinite Campus. Tardy counts start over at semester for semester classes only.

### **SEQUENTIAL TARDY POLICY CONSEQUENCES:**

1st Tardy – Verbal warning & documentation of date

2nd Tardy – Verbal warning & documentation of date

3rd Tardy – Teacher assigns a teacher detention & contacts parent(s). Referral is completed in IC.

4th & 5th Tardy – Teacher assigns Friday School Detention & contacts parents. Referral is completed in IC.

6th Tardy – Teacher refers student to the assistant principal. Progressive discipline assigned by the assistant principal and parent(s) are contacted.

## **NON-RESIDENT TRANSFER STUDENTS REGARDING ATTENDANCE**

Nonresident transfer students who are habitually absent or tardy (10 or more days per school year) are at risk for losing their transfer status. Per board policy 5111, non-resident transfer students must be able to provide his or her own transportation to and from school, arrive on time and be picked up immediately following school dismissal.

## **WITHDRAWAL FROM SCHOOL**

If a parent is withdrawing a student to home-school, they must submit notification in writing to the school's office. Information or answers to questions regarding the Home School Enrollment Process please contact the Indiana Department of Education's Home School Liaison at (317) 232-9111.

# ACADEMICS

## CURRICULUM

The Danville Community School District has adopted the Indiana Academic Standards as its core curriculum. Which specifies the minimum expectations for learning in all grades and disciplines. High standards help teachers and parents work together to ensure academic success for all students. Parents may access a copy of the academic standards at <http://www.learningconnection.doe.in.gov>. The core curriculum is viewed as a fluid and flexible document that should respond to the learning needs of students and is impacted by the discovery of new information and technologies. Therefore, curriculum is constantly undergoing periodic and systematic analysis and revision. Teachers will provide additional information on grade level standards, curriculum expectations, as well as classroom expectations to each parent and/or student. Questions regarding curriculum may be directed to your child's teacher, the building principal, or the district Assistant Superintendent.

## GRADES AND GRADING

Grades are an evaluation of what has been learned. At the end of each semester, final exams may be given to all 7th and 8th grade students in any or all of their assigned courses. The exam counts as a 1/7 of the semester grade, which then becomes part of the student's permanent record. If a student receives an "I" on his/her report card, it indicates an "Incomplete". It is the student's responsibility to see his/her teachers for make-up work within 10 days of the end of the grading period.

For students enrolling or withdrawing other than at the beginning or end of a grading period, grades or marks will be assigned based on the number of days a student has been enrolled. In order to receive a letter grade, a student must be enrolled for twenty days of the grading period. If enrolled for fifteen to nineteen days, a student may receive incomplete grades. Anyone enrolled less than fifteen days shall not receive grading marks for the grading period.

Students wishing to drop a course must do so at a grading period break in order to make it possible to add a new course. This is only possible when taking a course for high school credit. Students may drop a course within ten (10) days of its beginning with approval of a guidance counselor; withdrawals beyond ten (10) days require the approval of administration.

The grade for the class may not be impacted by failure or inability to attend a performance. A grade is to reflect the academic achievement of the student. The achievement should be reported on student performance based on academic standards. Behavior, effort, and attendance are not to be included in the grade.

<p>Grades become part of a student's permanent school record. Danville Community Middle School uses the following grading scale.</p>	<p>The Danville Community Middle School GPA uses the following 4.0 scale.</p>

## **HOMEWORK**

Danville Community School Corporation views homework as an important part of the education process. It is important that each student and his/her parents develop a plan to accomplish any work assigned to be completed at home. This plan should include a set time for doing homework, a set place with supplies for completing the homework, and a place to put completed work for parent approval or returning the work to school the next day. It is essential that homework be completed successfully and on time to help ensure academic progress. If you have questions about your child's homework or have concerns you would like to share with the teacher, please call the school during the day, or you may contact the teacher by e-mail. Individual grade level and/or school Homework policies will be distributed at the start of the school year.

## **PARENT/TEACHER COMMUNICATION**

Teachers will regularly send updates to parents regarding classroom happenings, upcoming events, and student progress. Each year dates are set for parent/teacher conferences. You are encouraged to confer with your child's teacher at any time you feel it is necessary. Please make an appointment for a conference by calling the office so that a mutually convenient time can be arranged. Drop in visits before school are discouraged due to teachers preparing for student arrival.

In addition, DCMS provides several methods of communication between faculty, administrators, parents, and students. The preferred method is e-mail. We recognize that not everyone has access to a computer, so it is important to be sure the school has current information on file for best contacting parents and/or guardians. Providing us with a valid email address allows us to provide effective, timely communication.

## **REQUESTING HOMEWORK DUE TO ILLNESS**

Requests for assignments should be made only after the student has been absent for at least one day, and then the request should be made before the school day begins. Assignments may be picked up at the conclusion of the day in the office. The student has one (1) day for every day missed to make up the work.

## **STUDENT PROGRESS**

Parents should monitor their child's academic performance and progress at any point throughout the school year via Infinite Campus. Access to Infinite Campus is also available on our district website at <http://www.danville.k12.in.us>. Please notify the office if you do not have online access so we may share alternative options with you. If you need to discuss progress with your child's teacher, you should call to arrange a mutually convenient time.

## **STANDARDIZED TESTING**

Students in grades three through ten are involved with the **ILearn** statewide testing program. The purpose of the ILearn Assessment is to measure student achievement in the subject areas of English/language arts, mathematics, science, and social studies. In particular, ILearn reports student achievement levels according to the Indiana Academic Standards that were adopted by the Indiana State Board of Education.

# ***STUDENT CONDUCT and EXPECTATIONS***

## **CORE BELIEFS**

Each student is a unique individual with unique personal, social, and educational needs. As a result, every disciplinary situation becomes unique in nature. Consequences for misbehavior provide the best learning value when matched to the unique student and unique situation. The odds for children learning from their mistakes increase dramatically when children see a reasonable connection between their behavior and the resulting consequence.

When working with students, disciplining students, or making a professional judgment for students, our goal is for them to learn.

1. Every attempt will be made to maintain the dignity and self-respect of both the students and the teachers.
2. Students will be guided and expected to solve problems without creating problems for anyone else.
3. Students will be given opportunities to make decisions and live with the consequences, be it good or bad.
4. Misbehavior will be handled with natural or logical consequences whenever possible.
5. Students are expected to follow guidelines set forth by the school.

## **EXPECTATIONS SUPPORTING THE ORDERLY OPERATION OF THE SCHOOL AND THE EDUCATIONAL PROCESS**

The rules and expectations covered in this section are designed to meet the following goals:

1. Maintain orderly school operation.
2. Maintain optimal learning opportunities for students. School facilities and classrooms must be free of behaviors interfering with teaching and learning.
3. Help students develop skills and behaviors necessary for healthy social interaction, both present and future.
4. Help students to learn how their decisions affect the quality of their lives and others.
5. Help students develop responsibility and character.

## **SEQUENCE FOR DISCIPLINE PROCEDURES**

The first line of responsibility for discipline in the school rests with the classroom teacher who is expected to motivate the student and plan classes to minimize behavior problems. Classroom teachers shall work closely with administrators and parents to promote desirable student conduct.

1. Teacher – student conferences
2. Teacher – parent conferences
3. Removal from classroom or activity
4. Detention
5. Friday School
6. Referral to administrator
7. Administrator – teacher – parent conference
8. Auxiliary services when available

The suggested sequence is not intended to restrict necessary disciplinary action at any time to maintain student control or an orderly learning environment.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

1. Respect all students and adults.
2. Students are not permitted to use or possess any tobacco products/e-cigarettes while at school, at school activities, and on the school bus.
3. No student is to sell any product to, or buy any product from, another student while at school or on the school bus.

Valuable items or large sums of money should not be brought to school. The school will not be responsible for personal property. Personal items that distract from teaching or learning may be confiscated and returned to the student's parents.

5. No knives, lighters, straight pins, matches, etc. are to be carried.
6. Inappropriate touching of other students is unacceptable.
7. Fighting will not be tolerated on the buses or at school.
8. Swearing, suggestive, and obscene language will not be tolerated.
9. Students who arrive before the first bell are to remain on school property. Bus students are to enter the building immediately upon arrival at school, and at dismissal are to go directly to the buses or leave the building to be picked up or walk/ride home.
10. Tampering with or defacing another student's locker or property is not allowed. Any student, who damages another student's property, or school property, may be held financially responsible.

14. All school rules stay in effect for all field trips and extracurricular events.
15. No inappropriate display of affection is permitted. This includes holding hands, wrapping arms around each other, hugging, kissing, etc.
16. Unless under the supervision of a teacher, all students are asked to leave the school building right after dismissal.
17. Obscene or pornographic material will not be tolerated.
18. Bullying and hazing will not be tolerated.
19. Cell phones are not to disrupt teaching and learning. They are not to be used during the school day unless previous permission has been given by the teacher or if directed by the teacher for educational or reward purposes.
20. Photographs, recordings, or videos taken for other than school purposes are prohibited without prior administrator permission.

## **ACADEMIC INTEGRITY POLICY/ ACADEMIC DISHONESTY**

Academic dishonesty occurs when students obtain or assist others in obtaining credit for academic work which is not their own. Students must exercise self-discipline and resist peer pressure, which violates the standards for academic excellence we have established at Danville Middle School. The various ways in which academic integrity can be violated are discussed below. The examples within this section provide explanations and illustrating materials that do not necessarily exhaust the scope of these violations.

### **CHEATING**

Cheating is the use of unauthorized materials or receiving unauthorized assistance, acquiring un-knowledgeable materials, information or study aides in any academic exercise. The use of books, notes, calculators and conversation (verbal and non verbal) with others is restricted or forbidden during specific academic exercises. Examples of cheating may include copying the work of another student during an examination or other academic exercise, copying or sharing answers between classes, using or possessing unauthorized notes, study sheets, exams or other materials during an exam or collaborating with another student during an exam or academic exercise.

### **PLAGIARISM**

Plagiarism is the representation of the words or ideas from an outside source (another person or AI) as one's own in any academic exercise. Appropriate acknowledgement is required when material from another source, which is in print form, electronic form, or other medium, which is paraphrased or summarized. Examples of plagiarism include: failure to use quotation marks when directly quoting a source, failure to document distinctive ideas from a source (common knowledge information such as names and basic scientific law need not be referenced) word-for-word or mosaic (rearrangement or rewording without documentation), and indirect (paraphrasing of a passage without documentation) fabricating or inventing sources or data, and copying information from computer-based sources (i.e. Internet).

### **FACILITATING ACADEMIC DISHONESTY**

Students may not knowingly or negligently allow their academic work to be used by other students and presented as another's work. This act of aiding others is an academically dishonest act, which violates the academic integrity policy. The students who are supplying the materials, even though not benefiting academically, are as guilty as the students who follow through on the act of

dishonesty. Students may not use other students' work or materials not authorized by the instructor during tests and in completing assignments. Examples of academic dishonesty are: presenting someone else's work as one's own in order to obtain a grade or credit, copying homework, stealing tests, selling or passing tests, copying or sharing answers between classes (this includes text messages/e-mails), using "cheat sheets" or other materials not authorized by the instructor.

## **CONSEQUENCES TO CHEATING**

Any violation of the Academic Integrity Policy may result in disciplinary consequences and having to redo the work/test under supervision. Repetitive violations will result in progressive disciplinary action.

## **ATHLETIC RULES AND REGULATIONS**

1. Any student athlete who earns an in-school or out-of-school suspension will not be allowed to participate in any athletic practice or attend any athletic contest involving Danville Community Middle School through the duration of the suspension. The amount of playing time taken away will depend on the infraction.
2. Alcohol, tobacco, drugs – Any student athlete caught using tobacco products at any time is in direct violation of athletic policy. Any student athlete caught at any time, knowingly possessing, using, transmitting, or being under the influence of any non prescription narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind, or any item that resembles or is represented to be any of the aforementioned items will be suspended from athletics for a minimum period of three contests and may be dismissed from the team for the remainder of the season. Use of a prescription drug authorized by a physician to the prescribed individual is not a violation.
3. On game days, students are not allowed to leave school grounds. Students should report to the cafeteria on the second dismissal bell unless told otherwise by the coach or administration. Students can bring food of their own or usually the parents take turns bringing in food for the team.
4. Individual sport training rules – Each coach has the authority to submit training rules to each participant of his/her sport. Within these sport-training rules, a coach can establish punishment guidelines, such as suspension from a game or games with the athletic director's approval (not to exceed two consecutive contests). If repeated violations occur, the coach may dismiss the individual for the remainder of the season with the athletic director's approval.
5. Sport season commitment – Any team member participating in a sport remains a member of that team until that sport season is completed or until that coach releases him/her to the next sport. If a player quits before that coach has released him/her, that student will not be allowed to start practicing until that previous sport season ends. If an athlete does not complete the season in good standing they are excluded from any awards or after season activities.
6. Good citizenship – All athletes will conduct themselves as good citizens at ALL TIMES. Any student who does not conduct himself/herself as a good citizen is subject to discipline from the coach and/or administration.
7. Academic eligibility – A student athlete will be ineligible to participate in athletics if he/she receives any failing grades on their report card. This includes the last grading period of the previous school year. For purposes of eligibility, an incomplete will be considered a failing grade. For students who move in after the grading period has begun, the grade percentage from each course from the previous school, may be averaged with the current percentage of each course to determine athletic eligibility.
8. Athletes who receive two detentions during their season could sit out a portion of their next competition. Additional detentions will take away from an athlete's playing time. The amount of time will be decided by the head coach and the athletic director.
9. Athletes are not allowed to listen to CD players, IPOD's, etc. or use cell phones without permission from the coach. These devices are NOT to be used during an athletic event or on the bus without a coach's approval. Cell phones should be used appropriately for school activities. Any violations will be dealt with by the coach or administration.
10. There shall be ten separate days of organized practice under the direct supervision of the middle school coaching staff before an athlete may compete in an athletic event. Athletes going from boys' basketball to wrestling or boys' basketball to swimming must have five practices before competing in an athletic event.
11. If you are enrolled and do not participate in physical education class, you may not practice or compete on an athletic team that day.
12. If an athlete violates any of the athletic rules and there are not enough practices or games of that sport season left

to fulfill the consequence, it shall be carried over to the next sport season the athlete participates in for the school.

## **BUS SAFETY**

School bus drivers have the same authority as teachers and have responsibility for school children between home and school. The driver will maintain order and discipline among the children on and off the bus along the route, will treat all children in a civil manner, will see that no child is mistreated while in his/her charge, and will put first the care and safety of the children. Riding the school bus is a privilege. Improper conduct on buses or at bus stops could result in the privilege being revoked.

Bus safety rules are listed below.

2. Each student will be seated immediately upon entering the bus.
3. No students will stand or move from place to place during the trip.

5. Students will not be allowed to tease others, or use their hands, feet, or body in any objectionable manner, including tripping, wrestling, or hitting.
6. No windows or doors will be opened or closed except by permission of the bus driver.
7. No students will enter or leave the bus until it has come to a full stop and the door has been opened by the driver.
8. Should a problem arise with a student, the driver will make every attempt to resolve it himself/herself. If additional assistance is needed, the driver will consult the building principal. If further help is needed, the driver will then contact the Superintendent or his/her designee.
9. Upon recommendation of the bus driver, school authorities may deny bus privileges to any student who refuses to conduct himself/herself in an appropriate manner.
10. Unsafe or improper conduct at a bus stop may also lead to suspension of riding privileges.
11. Students riding a bus equipped with seat belts are required to wear a seat belt.

## **DRESS AND APPEARANCE**

All students are expected to dress appropriately for their jobs in the classroom. Any student who is not appropriately attired will not be allowed to attend class until appropriate clothing can be provided at the responsibility of the parent.

### **HAZING**

Hazing is defined as performing any act, or coercing another person to perform any act of initiation into any class, group, or organization that causes or creates a risk (mental, emotional, or physical harm.) Hazing activities of any type are inconsistent with the educational process. 4. Devices do not respond well to liquids. Avoid applying liquids to the device. The device can be cleaned with a soft, slightly water-dampened, lint-free cloth. Avoid getting moisture in the openings. Do not use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives to clean the device. Use of unapproved cleaners may damage the display of the device.
5. While the device is scratch resistant, it will scratch. Avoid using any sharp object(s) on the device. 6. Your device comes with a case. The role of the case is to protect the device, especially while it is being transported. It is best practice to leave the device in its case at all times.

Students must obtain school permission to publish a photograph or video of any school related activity.
4. Students are responsible for bringing their devices to school every day unless otherwise directed by a staff member. ## **TOBACCO, DRUGS AND ALCOHOL**

Tobacco, drug, and alcohol awareness and prevention are stressed to middle school students. If their use or possession is discovered, state law views this as grounds for suspension or expulsion. ## **VANDALISM**

Vandalism and property damage to our school building and equipment cost our taxpayers. Students who destroy or vandalize school property will be required to pay for losses or damages. ### **PROCEDURE FOR SUSPENSION**

  - (a) a written or oral statement of the charges;
  - (b) if the student denies the charges, a summary of the evidence against the student will be presented; and,
  - (c) the student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension; describe the student's misconduct, and the action taken by the principal.

### **PROCEDURE FOR EXPULSION**

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

  - a. legal counsel
  - b. a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parent are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the expulsion meeting.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

### **NO RIGHT TO APPEAL**

The student or parent has no right to appeal an expulsion decision to the school board as the school board has voted not to hear student expulsion appeals. LEGAL REFERENCE: I.C. 20-33-8-18, I.C. 20-33-8-19

In recognizing that violations of certain rules and the resulting consequences will be dependent upon the age of the student, the number of prior violations and the severity of the violation, the principal of each building level shall develop the minimum and maximum consequences for each rule for their building that is to be approved by the board annually and published in the student handbook for each building. The appropriate consequence should be the least severe that will adequately address any danger to the student and other persons, prevent further disruption of activities, and promote student achievement.

# SERVICES

Bus transportation is available to students, depending on their address and distance from school. Should it become necessary to request a change to transportation arrangements for your student, you may contact the Main Office or the Transportation Director at 317-745-6875.

## **CAFETERIA**

Danville Community School Corporation Cafeterias serve Type A meals for our school family. This includes breakfast and lunch. A student may choose to eat breakfast at home or at school. Every DCSC student is expected to eat lunch at school daily. For those students who bring their own lunch from home, juice, milk or water may be bought, or milk may be purchased from the cafeteria. Meals are not allowed to be brought in during school hours for groups of students. Only high school students may purchase carbonated drinks that must meet smart snack guidelines. Students may share any factory sealed food items that are not wanted by the student. On days that the students take field trips, sack lunches may be purchased from the cafeteria. These sack lunches will include a sandwich, chips, cookie, fruit, vegetable, and a milk for the price of a type A lunch.

Students may pay for their lunches daily in the cafeteria line, or may choose to prepay for meals by the term. In determining the eligibility for this program, no students will be discriminated against on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity. The option to prepay is for both the breakfast and lunch program. New students will receive a PIN number to use in the cafeteria line to purchase food items.

Applications for free and reduced lunch are available in the office or online through the parent portal of Infinite Campus. Free and reduced meal benefits roll over to the next school year for 30 school days. A new free or reduced meal application must be submitted yearly, unless the household is notified of being directly certified before the start of the school year. Low balance notifications are sent to parents on Tuesdays and Fridays if a student's balance is below \$7. Any account at \$0 will not receive notifications.

Note the following payment procedures:

1. A student may choose to establish a cafeteria account in order to prepay for a breakfast, lunch, or milk. This can be done by using Infinite Campus or taking money directly to the cafeteria. If you use Infinite Campus online payments to replenish your student's lunch account balance, a convenience fee will be applied.
2. Students may pay for their meal or milk at the cash register each day they choose to eat at school. A new policy was approved in 2024 that allows a charging limit up to \$50 which will then prompt the student to receive a homemade peanut butter and jelly sandwich for the entree portion of the meal. Students may still have fruits, vegetables, and milk with their meal. Breakfast will still be provided at no cost to the household if the student is over the charging limit.

Classes are in session during each of the lunch periods. Consequently, all students are expected to go directly to and from the cafeteria quickly and quietly. Students are not permitted to be in the corridors where classes are being conducted without a hall pass during the lunch periods.

All students are expected to cooperate in taking trays, paper, cartons, etc. to the designated area for disposal. Students who do not cooperate and/or act unruly in the cafeteria will be assigned clean-up responsibilities, and/or have cafeteria privileges taken away for a period of time, and/or be expelled from the cafeteria for the remainder of the semester. A student meal consists of an entrée, two fruits, two vegetables, and a milk. Any entrée that does not include at least one fruit, juice, or vegetable is considered ala cart.

## **CAFETERIA EXPECTATIONS**

A student will be ineligible for participation in clubs and activities if he/she receives any failing grades in the previous grading period. This includes the last grading period of the previous school year. For purposes of eligibility, an incomplete will be considered a failing grade. The primary goal of the counseling program is to facilitate the personal development of the individual. By helping students explore available options and consequences, the counselor will help students feel more confident in making decisions concerning the students' development personally, academically, and socially. The counselor will engage in individual counseling sessions attempting to promote personal growth by:

1. Helping the student understand and accept himself/herself as an individual by developing an awareness of unique ideas, feelings, values, and needs in a complex society;
2. Furnishing various forms of information and resources to deal with a particular student's educational needs; and
3. Providing an opportunity for students to learn how to interact positively with fellow students through communication, listening, understanding, and accepting others. ### **DELIVERIES FOR STUDENTS**

Items may be dropped off or messages called into the Main Office by parents or guardians for students. The office will make every effort to contact students so they can pick up their items in a timely manner, without undue interruption to class sessions. If you must give your student a message during school hours, please call the office early in the day. Under no circumstances are students to receive messages via their personal cell phones, by either call or text messaging.

Parents and guardians are welcome to drop lunch off for their children by coming into the office. Any food delivered by a third-party vendor prior to the end of the school day will be placed on a cart outside our main door and will not be available to students until the academic day ends. Students that have food delivered for after-school activities will be able to come and pick up their items from the cart in the front office once the 3:32 pm bell rings.

## **MEDIA CENTER**

Our media center is a media-rich environment where students can make choices. Automated circulation, OPAC's, digital cameras, flatbed scanners, computer and Internet access are some of the latest technology offered to our students. Parents(s) or guardian(s) may request to not have their child's photograph, picture, and/or work published by sending written notification to the office of the Superintendent of DCSC every school year.

## **CHILD PROTECTION**

As a school system that is dedicated to children, one of our legal responsibilities is to protect children from abuse and neglect. This policy is an outgrowth of state law and is designed to provide maximum protection for our students. A report must be filed if an individual has reason to believe that a child is a victim of child abuse or neglect. The child will be classified as a "Child in Need of Services" (CHINS) if it is determined that he/she is under the age of 18 and in need of services.

All school personnel are considered mandatory reporters by law. It is not the role of the school personnel to substantiate suspected abuse.

## **CRIMINAL GANGS AND CRIMINAL GANG ACTIVITY IN SCHOOLS**

It is the policy of the Danville Community School Corporation to prohibit gang activity and similar destructive illegal group behavior on school property or school buses or at school -sponsored functions. Additionally, the Danville Community School Corporation prohibits reprisal or retaliation against individuals who report gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or other with reliable information about an act of gang activity and similar destructive or illegal group behavior.

A "Criminal gang" definition: a group with at least three (3) Members that specifically:

1. Either:

- a. Promotes, sponsors, or assists in; or
  - b. Participates in; or
2. Requires as a condition of membership or continuing membership; the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery.
    - a. "Gang activity" defined: a student who knowingly or intentionally actively participates in a criminal gang, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang.

A school employee shall report any incidence of suspected criminal gang activity, criminal gang intimidation, or criminal gang recruitment to the principal, the school safety specialist, and the school resource officer. The principal, the school safety specialist, and the school resource officer may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services. Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses and consider both the developmental ages of the student offenders and students' histories of inappropriate behaviors, per the code of student conduct.

Any corporation and/or school employee who promptly reports an incident of suspected gang activity and who makes this report in compliance with the procedures of this policy is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal or designee shall conduct a thorough and complete investigation of each report of suspected gang activity. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation for the administrator's safety. The investigation shall be completed and the written findings submitted to the principal as soon as possible, but not later than five (5) school days from the date of the report of the alleged incident of criminal gang activity.

The principal shall submit the report to the superintendent within ten (10) school days of the completion of the investigation. The superintendent or his/her designee shall report the results of each investigation to the board of education on a quarterly basis during regularly scheduled board meetings.

Each school shall report this information to the superintendent who shall submit a written report to the Indiana Department of Education by June 2 of each year.

The principal shall provide the parents of the students who are parties to any investigation with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of criminal gang activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided in an expedited manner.

The superintendent is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of criminal gang activity is confirmed, according to the parameters described in the code of student conduct. The school board recognizes that some acts of gang activity may be isolated incidents requiring that the school officials respond appropriately to individuals committing the acts. Other acts may be so serious that they require a response either at the school corporation level or by local law enforcement officials. Consequences and appropriate remedial actions for a student who engages in gang activity may range from positive behavioral interventions up to and including suspension or expulsion.

The principal shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings. As appropriate to the investigation findings, the principal shall ensure the code of student conduct has been implemented, and provide intervention and/or relevant support services (Le. refer to counseling, establish training programs to reduce gang activity and enhance school climate, enlist parent cooperation and involvement, or take other appropriate action). The principal shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

The superintendent of the school corporation shall annually disseminate this policy to all parents who have children enrolled in a school with the school corporation. The superintendent shall ensure that notice of the corporation's policy appears in the student handbooks and all other publications of the school corporation that set forth the comprehensive rules, procedures, and standards for schools within the corporation. The corporation shall provide information about supports and services available for students who are 'at risk' for and/or suspected of participating in gang activity and their families. Examples of supports and services may include but are not limited to:

3. Viable, sustainable after-school programs developed in collaboration with other stakeholders.
4. Job training and employment opportunities as both a deterrent to gang involvement and an incentive to leave gang involvement.
5. School sanctioned/facilitate extra-curricular activities.

The corporation, in an effort to provide gang prevention and intervention services and programs, will maximize community participation and the use of federal funding as necessary. Examples of services may include but are not limited to:

1. Provide training for staff and teachers on gang prevention and intervention resources on a periodic basis. The gang awareness information shall be revised and updated regularly to reflect current trends in gang activity.
2. Coordinate resources and funding opportunities to support gang prevention/intervention activities.
3. Integrate a school resource officer program in collaboration with the Danville Community Police Department.

The corporation's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school corporations on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students in schools, family shelters and soup kitchens. ### **PUBLIC COMPLAINTS AND CONCERNS**

Concerns and complaints of parents shall be handled by the principal in charge of the school involved. However, such concerns may be carried to the Superintendent if they cannot be resolved at the local school level. The School Board will review all unsolved problems that need to be brought to its attention.

The Board recognizes that situations may arise in the operation of the schools which are of concern to parents or the public. Such concerns are best dealt with through communication with appropriate staff members and officers such as the faculty, principals, the central office, and the Board.

The Board considers it the obligation of employees of the schools to entertain the questions of parents or the public and to respond appropriately.

The following guidelines are suggested as the proper procedure to be followed by persons with questions or complaints:

1. Matters concerning individual students should first be addressed to the teacher.

The Board will endeavor to investigate written complaints filed with the President, and respond to the complaining party in a reasonable time. Complaints concerning employees may necessarily need to be handled in an executive session.

### **REQUESTS TO DISTRIBUTE MATERIALS**

Internal requests by students for distributing and/or posting materials within that student's building should be directed to the building principal. Requests for distributing and/or posting materials in multiple buildings throughout the district should be directed to the superintendent. All requests for distributing and/or posting materials from non-school entities should be directed to the superintendent.

### **SCHEDULING AND ASSIGNMENT OF STUDENTS**

The principal will assign each student to the appropriate classroom and program in which the student will be participating. Any questions or concerns about a student's assignment should be discussed with personnel within each building counseling office.

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and class space. Any changes in a student's schedule should be discussed with personnel within each building counseling office. It is important to note that some student requests to take a specific course may be denied. Students are expected to follow their schedules.

Special education students requesting any scheduling or other changes should work through their case conference committee. Changes in an individual education plan (IEP) can only occur through a case conference committee.

### **USE OF SECLUSION OR RESTRAINT**

The School Board believes that maintaining an orderly, safe environment is conducive to learning and is an appropriate expectation of all school employees within the school corporation. The Board recognizes that there are times when it becomes necessary for employees to use reasonable restraint and/or seclusion to protect a student from causing harm to himself or others.

Seclusion and physical restraint as defined in this policy shall be used only as a last resort as a means of maintaining a safe and orderly environment for learning and only to the extent necessary to preserve the imminent safety of students and others. Positive behavior interventions, supports, and conflict de-escalation methods shall be used regularly to minimize the need for use of restraints and seclusions. The use of these methods must be done before the use of restraints and seclusions. School employees must make every effort to prevent the need for use of restraints and seclusion on students.

Use of seclusion or physical restraint may also be a component of a behavioral intervention plan (BIP) and/or an Individualized Education Program (IEP). If such is the case, the terms of the BIP or the IEP will control the use of these measures.

Seclusion or physical restraint shall never be used as a form of punishment, as a disciplinary measure, as a means of coercion or

retaliation, or as a convenience.

The superintendent shall determine the appropriate training program of physical restraint and seclusion to be used in the corporation. The training program must include positive behavioral interventions and supports, prevention, de-escalation and crisis response techniques. Training shall be done on an annual basis and given to the appropriate employees in each building as determined by the superintendent and the building principal.

Except in the case of an emergency, only school employees who are current in the corporation-designated training program may implement physical restraints or seclusion with a student. An individual who applies physical restraint shall use only techniques in which he or she has received such training within the preceding two years, as indicated by written evidence of participation.

Physical restraints and/or seclusions should be used only when a student's physical behavior poses an imminent risk of injury to the student or to other persons present or damage to school property.

## **SECLUSION**

"Seclusion" means the confinement of a student alone in a room or area from which the student is physically prevented from leaving.

Any area used for seclusion shall be subject to the following requirements:

1. Have the same ceiling height as the surrounding room or rooms and be large enough to accommodate not only the student being isolated but also any other individual who is required to accompany that student
2. Be constructed of materials or objects that cannot be used by students to harm themselves or others, and be designed so that students cannot climb up the walls
3. Be designed to allow continuous visual monitoring of and communication with the student
4. Comply with all applicable health and safety requirements.
5. Any device that requires the use of a key or special code on any exit from the area enclosure is prohibited.
6. An adult must supervise the student while confined and must be able to see the student at all times.

A student shall be kept in seclusion for a short period of time and shall be discontinued as soon as the imminent risk of injury to the student or others has dissipated. If a student is placed in seclusion pursuant to a BIP or an IEP, any time limitations identified in the BIP or IEP will control.

## **PHYSICAL RESTRAINT**

"Physical restraint" means physical contact between a school employee and a student in which the student unwillingly participates and involves the use of a manual hold to restrict freedom of movement of all or part of a student's body or to restrict normal access to the student's body.

Physical restraint should be employed only when:

1. Student poses a physical risk to himself, herself, or others;
2. There is no medical contraindication to its use;
3. Other less restrictive intervention were used and were ineffective; and
4. Employee using the restraint has been trained in its safe application.

Mechanical or chemical restraints are not authorized to be used in school.

Prone or Supine forms of restraint are not authorized to be used in school and shall be avoided.

Students shall not be subjected to physical restraint for using profanity or other verbal displays of disrespect for themselves or others.

A verbal threat shall not be considered as constituting a physical danger unless a student also demonstrates a means of or intent to carry out the threat.

Any application of physical restraint shall take into consideration the safety and security of the student. Further, physical restraint

shall not rely upon pain as an intentional method of control.

In determining whether a student who is being physically restrained should be removed from the area where such restraint was initiated, the supervising employee shall consider the potential for injury to the student, the educational and emotional well-being of other students in the vicinity, and if applicable, any requirements pursuant to a BIP or an IEP.

If physical restraint is imposed upon a student whose primary mode of communication is sign language, the student shall be permitted to have his or her hands free of restraint for brief periods, unless the supervising employee determines that such freedom appears likely to result in harm to the student or to others.

A student shall be released from physical restraint immediately upon a determination by the supervising employee administering the restraint that the student is no longer in imminent danger of causing physical harm to themselves or to others.

### **REPORTING AND REVIEWING OF INCIDENTS**

Any school employee using restraint and/or seclusion shall report such to the building principal, their supervisor, or other designated administrator. A written report of each incident shall be completed by the employee who used such techniques or by the designated administrator. The written report is required to contain the information required by the school corporation's restraint and seclusion plan. Parents of the student involved in the restraint or seclusion incident shall receive a copy of the written report of the incident.

The parent or guardian must be notified verbally of the use of the physical restraint and/or seclusion with their student as soon as possible, preferably by the end of the school day.

An annual review of the use of physical restraint and seclusion including a review of all individual corporation cases involving the use of physical restraint and seclusion shall be completed and documented to ensure compliance with the school's policy and procedures. In addition, this information and other related data will be used to implement modifications to the school corporation's restraint and seclusion plan.

When reviewing individual cases, it is recommended that when a student has experienced three instances of seclusion or physical restraint, the school personnel who initiated, monitored, and/or supervised the incidents shall review the effectiveness of the procedure(s) used and prepare an individual behavior plan for the student that provides either for continued use of these interventions or for the use of other specified interventions. The plan shall be placed into the student's student record. The review shall also consider the student's potential need for an alternative program or for a referral for a special education evaluation, if the student does not have an IEP.

### **TRAINING REQUIREMENTS**

Physical restraint should be applied only by individuals who have received systematic training through the corporation-designated program and who have obtained written evidence of successful participation in such training.

Training with respect to physical restraint should include but need not be limited to the following:

1. appropriate procedures for preventing the need for physical restraint, including the de-escalation of problematic behavior, and the use of alternatives to restraint;
2. a description and identification of dangerous behaviors on the part of students that may indicate the need for physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted, including compliance with any BIP or IEP requirements;
3. the simulated experience of administering and receiving a variety of physical restraint techniques, ranging from minimal physical involvement to very controlling interventions;
4. instruction regarding the effects of physical restraint on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;
5. instruction regarding documentation and reporting requirements and investigation of injuries and complaints; and
6. demonstration by participants of proficiency in administering physical restraint

Nothing in this policy should be construed to limit the rights and abilities of school employees to keep order and administer necessary discipline in their classrooms and on school grounds as set out in state law and school board policy.

All complaints regarding the use of physical restraints and seclusion will be investigated according to the provisions of board policy on public complaints.

The school board shall adopt a restraint and seclusion plan as developed by the superintendent. This policy and the corporation's plan shall be distributed to all parents whose children are enrolled in the school corporation. LEGAL REFERENCE: IC 20-20-40; 513 IAC 1
