Making the most of Canvas Commons:

On Commons, you can share pages, assignments, quizzes, modules, and even courses with fellow Canvas users from around the country. You can use it as a repository for your own modules or you can find selfhelp modules for using Canvas.

To Access:

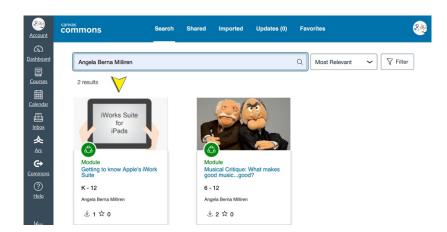

• Select "Commons" from the left menu bar

• Type in a topic, school institution, or username into the search bar

• Click on page/assignment/quiz/module/course to browse the contents

• Click on Download/Import.

 Download will save it without importing it into a class while Import will let you select which classes to which you would like to add it.
