7. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education re-approve one staff member to receive training in the Handle with Care Behavior Management System for the 2024-2025 school year. The two staff members will be certified to train additional staff members in the district. After staff members receive training they will be certified to implement the Handle with Care Behavior Management System.

Rationale: The district requires staff to receive appropriate training to intervene effectively when students are in crisis. The district previously used the Crisis Prevention Institute Behavior Management System. Handle with Care is a similar system that focuses on verbal de-escalation of crisis situations. Handle with Care also provides staff training with situations that may require physical restraint to ensure the safety of students and staff. By having an additional staff member trained to be a trainer, the district can train additional staff members more efficiently. The Handle with Care training program is a federally approved vendor and is in full compliance with: Children’s Healthcare Act of 2000; Health and Human Services Departmental Appeals Board rulings; Centers for Medicare and Medicaid Services regulations; Federal case law; Americans With Disabilities Act; No Child Left Behind Act; Section 504 of the Rehabilitation Act of 1973; Individuals with Disabilities Education Improvement Act, and including various other federal and state laws.

Rationale: Hackensack Meridian Health has partnered with the American Heart Association in a landmark initiative to Create a Community of Life Savers. Sudden cardiac arrest is more common than you might think. It can happen to anyone, at any time, including our youth. About 100 student athletes will die from sudden cardiac arrest each year. The American Heart Association estimates that when ordinary people are equipped with the skills to perform CPR, survival rate can double or even triple. By-stander CPR can save a life. Hackensack Meridian Health has committed to train 5th grade through High School students in hands only CPR following the American Heart Association Family and Friends Guidelines.
