5. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education re-approve three staff members to receive retraining in the Handle with Care Behavior Management System for the 2021-2022 school year. The three staff members will be certified to train additional staff members in the district. After staff members receive training they will be certified to implement the Handle with Care Behavior Management System.

Costs: NTE: \$1,350.00 Account #: 11-000-219-580-09-0000-0

Rationale: The district requires staff to receive appropriate training to intervene effectively when students are in crisis. The district previously used the Crisis Prevention Institute Behavior Management System. Handle with Care is a similar system which focuses on verbal de-escalation of crisis situations. Handle with Care also provides staff training with situations that may require physical restraint to ensure the safety of students and staff. By having 4 staff members trained to be trainers, the district can train additional staff members more efficiently. The Handle with Care training program is a federally approved vendor and is in full compliance with: Children’s Healthcare Act of 2000; Health and Human Services Departmental Appeals Board rulings; Centers for Medicare and Medicaid Services regulations; Federal case law; Americans With Disabilities Act; No Child Left Behind Act; Section 504 of the Rehabilitation Act of 1973; Individuals with Disabilities Education Improvement Act, and including various other federal and state laws.

6. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education approve the Memorandum of Understanding between the Matawan-Aberdeen Regional School District and the Center for Vocational Rehabilitation which will provide vocational skills and training, as part of a Structured Learning Experience, for identified special education students. Students will attend as per their IEP at the rate of \$60.00 per student per day (up to 20 students). This will be for the 2021-2022 school year including the 2021 summer program.

Rationale: Students benefit from authentic vocational experiences that prepare them for life after graduation. This program ensures compliance with student IEP’s.

Cost: NTE: \$10,000.00 Account #: 11-000-100-564-09-0000-0

7. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education approve Peace Love and Horses for the 2021-2022 school year.

Rationale: Peace Love and Horses is a non-profit corporation dedicated to providing special populations with an opportunity to experience the healing power of horses and farm life. This organization provides vocational training programs for young adults with Autism and/or intellectual disabilities. Students will be visiting the farm to receive classroom instruction in the areas of communication skills, social skills, life skills, self-management, and community awareness.

Cost: NTE: \$3,000.00

Account #: 20-250-200-500-09-0000-0

8. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education Reapprove the participation in the Person-Centered Approaches in Schools and Transition (PCAST) Cohort for the 2021-2022 School Year.

Rationale: PCAST will consult with the district to identify a PCAST Project Coordinator and a PCAST Implementation Team. PCAST will facilitate organizational self-assessment and support the district in project plan development. PCAST will provide formal training, technical assistance and customized on-site professional learning opportunities for educators, students and families, onsite demonstrations of person-centered planning methods and techniques, design and facilitate district-specific project planning events with teams, support development of site-specific person-centered tools, resources and protocols, train, observe and provide feedback for education certification as PCAST Facilitators, provide electronic resources on person-centered practices, facilitate discussions and provide information on accessing needed services, supports and resources, support design of person-centered and student-led IEP meeting and processes, provide support on meeting facilitation, conflict management, and problem solving skills, and support development of person-centered, classroom-based lessons and activities.
