2. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education re-approve four staff members to receive training in the Handle with Care Behavior Management System for the 2018-2019 school year. The four staff members will be certified to train additional staff members in the district. After staff members receive training they will be certified to implement the Handle with Care Behavior Management System.

Rationale: The district requires staff to receive appropriate training to intervene effectively when students are in crisis. The district previously used the Crisis Prevention Institute Behavior Management System. Handle with Care is a similar system which focuses on verbal de-escalation of crisis situations. Handle with Care also provides staff training with situations that may require physical restraint to ensure the safety of students and staff. By having 4 staff members trained to be trainers, the district can train additional staff members more efficiently. The Handle with Care training program is a federally approved vendor and is in full compliance with: Children’s Healthcare Act of 2000; Health and Human Services Departmental Appeals Board rulings; Centers for Medicare and Medicaid Services regulations; Federal case law; Americans With Disabilities Act; No Child Left Behind Act; Section 504 of the Rehabilitation Act of 1973; Individuals with Disabilities Education Improvement Act, and including various other federal and state laws.
