**Rationale**: The TEACHNJ Act requires the implementation of educator evaluation systems. Districts must comply with all elements of TEACHNJ as well as all other statutory requirements. Given that roles such as educational services staff, counselors, and other specialists have varied job descriptions in districts across the state, the creation of common evaluation practice instruments is difficult. As a result, the New Jersey Department of Education will continue to provide school districts with great latitude in evaluating staff members in these roles. Districts can choose to continue existing practice, adopt or adapt instruments from instrument providers, or create their own.

**3.** The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education approve the following teachers for their participation and compensation in a 5 hour Curriculum Professional Development Workshop that took place on August 10, 2017 with Rene Schillinger, Educational Consultant.

5. The Superintendent recommends that the Matawan-Aberdeen Regional School District Board of Education approve an opportunity for up to ten middle and high school students to attend the Annual Middle and High School Student Leadership Forum, as part of our district membership in the Central Jersey Consortium for Excellence and Equity, (CJCEE) at Monmouth University in West Long Branch, NJ on October 11, 2017 and June 4, 2018 from 9 a.m. to 2 p.m. Students will be accompanied by school counselors, Kathy Feen and Harvey Leuin, as well as at least one district administrator.

Rationale: Selected students in grades 7-12 will develop skills of awareness, knowledge, and empathy of the disparities and access within their respective districts. Additionally, students will develop leadership skills that will empower them to take action and promote advocacy. They will become social justice advocates within school and initiate change from a student-directed perspective. As a culminating activity, they will reconvene at the June 4, 2018event and discuss what they implemented throughout the year in their own schools including their struggles and challenges, positives and achievements, as well as the outcomes they experienced. Distric Goal #3, Objective 3: Maintain an inclusive environment that celebrates differences and diversity.
