**XII. COMMENTS & QUESTIONS FROM PUBLIC
RELATING TO ADDITIONAL CONCERNS**

Various Aberdeen and Matawan residents made comments, expressed concern, and/or raised questions regarding the following items to which Mr. Kenny and Dr. O’Malley responded:

Ms. Nappi, 225 Lloyd Road, Aberdeen,

- There was approximately \$12,000 in the Program Agenda under travel and reimbursable expenses for professional development. In light of the State’s new guidelines, how is the school based professional development going to be effected? Mr. Kenny responded that Dr. O’Malley is familiar with the regulations. Dr. O’Malley stated most of the professional development on the agenda is for teachers and administrators. These are more for personal improvement. The science convention is a great example. Teachers are doing much better as shown by results. The District should not jump on what the State is doing as evidenced by the Preschool program.

- With respect to the NJ ASK scores is the District looking at the curriculum work done and the Language Arts scores in grades 3 and 4. Would like to see curriculum writing. Dr. O'Malley stated the curriculum is being updated with either Columbia or Rutgers.

XIII. UNFINISHED BUSINESS

- A discussion took place among Board members regarding the preparation of Matawan-Aberdeen students for college. The Board discussed success rates for students attending and graduating from 2 and 4 year schools. The quality of the schools attended by students was also debated along with the idea that students are receiving the proper counseling while at the High School. Mr. Warren would like to establish a metric and give it to the administration to display they are concerned with the graduation rates of our students at colleges and ensure they are prepared to attend and graduate from these institutions.
- Mr. Kenny stated the graduation rates and success of our students at college is an important discussion to have and this could be discussed with the goals of the Board at the next Committee meeting. Ms. Rubino was looking for all the goals of the District and would like to have them in place for the beginning of the school year.
- Mr. O'Connell would like to visit a couple of the Out of District institutions where some of our Special Education students are located. Mr. Kenny stated the issue has been discussed with Dr. O'Malley and it would be possible to organize a trip.
- Mr. O'Connell applauded the balanced score cards that Dr. O'Malley created. In the future the score cards can show the progress of the District.
- Mr. O'Connell stated IBM has nothing to do with the cloud computing of the District. Cloud computing however does reduce cost and allows access very quickly.
- Mr. Ruprecht would like to make a motion regarding the nepotism policy. The State allowed for an option in the policy whereby a child of a Board member should not be precluded from getting a job involved within the learning environment of that specific District. Ms. Rubino seconded the motion. Mr. Warren believes the Board should be worried about the appearances that the children of Board members are in paid positions. Dr. Delaney wants safeguards in with respect to the hiring process. A more detailed discussion took place among Board members. Mr. Ruprecht agreed to table his motion until Dr. O'Malley could put guidelines in place

to ensure that educational opportunities are involved in the selection criteria.

XIV. NEW BUSINESS

- Mr. Warren requested that Board votes in the minutes be reflected as unanimous or split.
- Ms. Hayward stated that the District, in conjunction with the Parents of Special People will be hosting a meet and greet on September 8th with the new Director of Special Services, Mr. Schweitzer.

XV. ADJOURNMENT

A motion by Dr. Delaney, seconded by Mr. Warren.

RECOMMEND: That the meeting be adjourned. The public portion of the Regular Action meeting adjourned at **9:33PM**.
