Leesa Vardeman, VLK architects, explained the intent of the Bond Steering Committee's SWOT meeting. She stated that Dr. Asbury facilitated the SWOT meeting. Vardeman stated since the consultant veered off topic and did not follow specific instructions, VLK Architects has ended her services with them.

Discussion was held concerning the 2017 Bond Steering Committee's recommendation. Each proposed project was discussed and worksheets of probable cost were given to the board on each project including Middle School No. 2, CTE Additions, and McAnally Renovations. Discussion was held about the possibility of deferring the capital projects at McAnally. Direction was given to administration to bring back to the next meeting each project cost separately and have Trustees round robin vote on if they are in favor of the project or not. Direction was also given from Trustees to bring back information on geothermal versus roof top units.
