# Templeton Demographics

TD has provided student geocodes, housing data, enrollment projections and facility planning to many of the fastest growing districts in North Texas

# What we do!

- **Demographic Studies:** Report includes housing research, student yields, economic activity, mobility, birth rate trends, private school survey, and cohort patterns which lead to enrollment projections by campus and grade level
- **Quarterly Housing Reports:** Interviews with developers, city and county planning departments, and deed transaction reports
- **Attendance zone planning:** Assistance with attendance zone planning to open new schools, balance enrollments, locate special populations and programs can include changing grade configurations
- **Facility Planning:** Combination of enrollment projections data and G.I.S. software to build 5 or 10 year facility plans. Helps answer “When and Where to build schools”
- **School Site Planning:** Assist district with options for future school site locations. G.I.S. software displays current school locations, current students and future student locations based upon future housing data
- **G.I.S. :** School locator, Attendance Zone Maps and Web G.I.S. program
