

WEATHERFORD
COLLEGE

DUAL CREDIT

WHAT IS DUAL CREDIT?

- A high school student enrolled in a dual credit course simultaneously earns college and high school credit. Course grades will appear on both college and high school transcripts.
- Courses offered for dual credit include the same content and rigor as courses taught to other college students, utilizing the same instructors, curriculum and policies.
- Dual credit courses may be taught at the high school campus or online.
- Dual Credit courses must be taught by college credentialed instructors according to criteria established by the Southern Association of Colleges and Schools (SACS).
- Tuition and fees apply. WC offers a Dual Enrollment Grant based on financial need. This grant covers up to 6 credit hours of tuition per fall and spring semester. Visit the dual credit website for more details.

ACADEMIC COURSES

Courses in the WC Academic Core will transfer to any Texas public college or university. For questions about transferring coursework to private or out-of-state schools, please contact that school's admissions office for guidance.
