

Aledo Growth Committee
November 7, 2022
Meeting Minutes

Co-Chair Dan Reilley began the AGC meeting at 6:02 p.m. and reviewed the agenda for the meeting.

Joshua Cogburn of Huckabee Inc reviewed what improvements would be included in the various high school renovation options presented to the committee at the last meeting. He also discussed the TEA and code requirements for the renovation project options.

The committee members engaged in group work focusing on considering the academic and co-curricular opportunities provided to students in each high school option. Committee members shared their thoughts/discussions within their small group with the entire committee.

Mr. Cogburn reviewed several additional high school options that the committee members had requested at the last AGC meeting to be considered.

Co-Chairs Kelli Stumbo and Dan Reilley presented a quick overview of everything the committee has discussed up to this point. The co-chairs then asked the committee members to brainstorm what other information they would like to have prior to starting the process of building a draft bond package, and to consider individually what they might include in a possible bond package.
