

Policy

CURRICULUM GUIDES

The Superintendent/Principal shall oversee development of curriculum guides for every course and area of study for every grade level. Each guide shall contain objectives for concepts and skills to be taught and attitudes to be developed; necessary study skills; suggested materials and activities designed to achieve all of these; and evaluation criteria intended to test the extent to which learning objectives have been met. Curriculum guides shall include all requirements of the Core Curriculum Content Standards.

Teachers shall use the guides as the core of their instructional planning. It shall be the responsibility of the superintendent/principal to ensure that curriculum guides are being followed.

Because curriculum guides are the means of implementing instruction in courses adopted by the Haworth Board of Education as the curriculum of the district, the board shall approve any new curriculum guides or any revision to an existing guide before they are put into effect.

Copies of all current curriculum guides shall be kept on file in the central office. The guides shall be available for public inspection.
