I will confine my board action to policymaking, planning, and appraisal and I will help to frame policies and plans only after the board has consulted those who will be affected by them.

I will carry out my responsibility, not to administer the schools, but, together with my fellow board members, to see that they are well run.

I will recognize that authority rests with the board of education and will make no personal promises nor take any private action that may compromise the board.

I will refuse to surrender my independent judgment to special interest or partisan political groups or to use the schools for personal gain or for the gain of friends.

I will hold confidential all matters pertaining to the schools which, if disclosed, would needlessly injure individuals or the schools. But in all other matters, I will provide accurate information and, in concert with my fellow board members, interpret to the staff the aspirations of the community for its schools.

I will vote to appoint the best qualified personnel available after consideration of the recommendation of the chief administrative officer.

I will support and protect school personnel in proper performance of their duties.
