

Aledo ISD Gifted and Talented

Testing Windows:

August - New Enrollees
December - Grades 1 - 5
February - Kinder students
April/May - Grades K-5

Newly enrolled students may request GT testing through the campus representative noted below.

Students previously identified as gifted in a former district may qualify as GT in Aledo if testing measurements and qualifications are the same. Otherwise, students will be invited to requalify using local norms.

Our GT services are designed to identify and serve general intellectual giftedness. Students identified in this area possess the ability to perform at an exceptionally high level in a variety of cognitive areas such as abstract and logical reasoning, social awareness, memory, nonverbal ability and the analysis, synthesis, and evaluation of information.

2023 School Year

Kindergarten - 5th grade

GT students are served through a weekly pull-out class

6th -12th grade

GT students are served through Advanced Academic courses
