Dr. Cohen presented the best practices to keep students safe during the pandemic. She stated that the state of the state is rapidly changing. She reviewed the new COVID data and provided feedback on the statistics. She explained about vaccinated and unvaccinated people in regards to the Delta variant, and the rate of infections. She provided data that showed that most people who are vaccinated are not hospitalized. She explained that the virus has become very transmissible and that COVID is looking much more like a cold at this point. She noted that if we keep up the safety protocols of mask wearing and social distancing, that should keep everyone well protected. She stated that testing is another layer of safety, but not the answer.....the answers are masking, social distancing, keeping a clean environment, and getting vaccinated. Dr. Cohen provided much data and statistics around COVID and children being in school in person.

Dr. Hughes asked Dr. Cohen to provide any suggestions regarding students eating lunch together.

I. Borek - asked if downtown lunch was going to happen this year?

Dr. Hughes - stated that the administration is planning on doing this, with only one grade going down at a time.

S. Wunsch - asked what the lunch program for this year will be?

Dr. Hughes - The HHSA has decided to use No Fuss Lunch 3 days per week, with an outside vendor being used the other 2 days a week.

Dr. Hughes explained that the lunch options will begin in October. For September students must bring a lunch and outside vendors will not be allowed to drop off lunches for September.

XVII. NEW BUSINESS

XIII. Open to the Public on any item – 8:28 p.m.

The Board is interested in hearing your comments. In order to ensure that everyone has the opportunity to speak, we are asking that you speak once and limit your comments to three minutes. We further ask that all comments be directed to the Board. We recognize that everyone has the freedom to speak but advise you that anything said in public may have legal ramifications. There is no protection regarding statements made by the public. Please state your name before you begin.

J. Heit - 369 Wheeler Place - Stated that the school she works at kept lunch during the pandemic with certain protocols in place. Such as all students sitting and facing in the same direction, and a mask had to be put on immediately after eating. She suggested this as something that could be put into place at HPS, since it has worked elsewhere.

Dr. Hughes explained that there will be six separate lunch periods and that there will only be six children at each six foot table and they will be seated in a staggered fashion.

Jennifer Samples - 560 Sylvan Place - Asked about how children are identified to meet the criteria to have basic skills instruction.

Dr. Hughes - explained that basic skills instruction will help support kids in need at the elementary level. The students are mostly identified by the homeroom teachers. Students are also identified by the schools Intervention & Referral System (I&RS). This is a role that the school used to have and we are now able to re-establish it, especially with the effects the pandemic had on many students.

D. Munoz - 110 Schraalenburgh Rd. - Asked about item XII n. regarding accepting a tuition student.

Dr. Hughes - explained that it is a Board Policy to vote on anyone interested in attending as a tuition student.
