

# 2019 BOND FAST FACTS

BOND PROJECT	CONSTRUCTION START	OPEN DATE
 Elementary No. 6	JULY 2020	AUG 2021
 Middle School No. 2	JAN 2021	AUG 2022
 AMS Renovation/Expansion	MARCH 2021	AUG 2022
 McAnally/Vandagriff	NOV 2021	AUG 2022

## When will the new attendance zones be determined?

The District expects that the Board of Trustees will appoint an attendance zone committee in December of 2020. The committee will be constructed in a way that is similar to how the Bearcat Growth Committee (BGC) was constructed, with a diverse community and AISD staff representation. This committee will work, over a period of months, to review, analyze, and synthesize data to include up-to-date student demographic projections, housing development projections, campus capacities, instructional programming needs, AISD transportation data, and community feedback. The attendance zone committee will recommend proposed attendance zones for both elementary and middle schools to the Board of Trustees. The Board of Trustees will have the opportunity to provide feedback and ask questions to be considered by the committee. The District expects that the Board will approve updated attendance zones by the late spring of 2021.

## How is the District working to address the roadway and traffic impacts of the bond projects?

The 2019 Bond proposal includes funds for improvements to two roadways in association with the construction of Middle School No. 2 and Elementary School No. 6. Middle School No. 2 will be located on Old Weatherford Road. This road is under the jurisdiction of the City of Fort Worth which requires that the district improve this road along the property frontage. In addition, Old Weatherford Road is in need of improvements for safe and reliable passage. Elementary School No. 6 will be located on FM 5 in Annetta. FM 5 is a roadway on the Texas Department of Transportation (TxDOT) system, and under TxDOT jurisdiction. Given that the school will create additional traffic flow to and from the school, TxDOT and the district are working together to plan for FM 5 improvements, to include deceleration and turn lanes. The bond includes funds for roadway improvements, the district is actively working with the North Central Texas Council of Governments (NCTCOG) and TxDOT on securing other funding and coordinating efforts with other landowners and developers on both of these roadway projects.

## What is the plan for the naming of the new Elementary No. 6 and new Middle School No. 2? Will the names of McAnally Intermediate and Vandagriff Elementary be impacted since the campuses will serve different grade levels in the future?

Aledo ISD's Board policy requires the Board of Trustees to name District facilities. The District expects the Board to consider names for the new campuses in the fall of 2020. The District is committed to continuing to honor those for whom our current campuses are named. The Board will decide at that time how these names will be used to name campuses.

## What will the school colors and mascot be for Middle School No. 2?

Keeping in tradition with all Aledo ISD campuses, Middle School No. 2 will use orange and black colors and the Bearcat mascot.
