

Aledo ISD

ATTENDANCE ZONE COMMITTEE

Meeting
March 9, 2021

Purpose

The purpose of the Attendance Zone Committee is to represent the Aledo ISD community in the study of data related to projected student enrollment growth, campus student capacity, safety, transportation, current and planned transportation infrastructure, and geographic location of planned development in the district, in recommending to the Board of Trustees new attendance zones for elementary and middle schools.

Charge

The Attendance Zone Committee is charged by the Board of Trustees to:

- represent the priorities, expectations, and values of the entire community,
- consider the needs of all of the district's students,
- listen to and consider questions and feedback from all community members and the Board of Trustees,
- use facts and data to make informed decisions,
- recommend attendance zones that are projected to most efficiently use building capacity for the longest time period possible (given projected student growth), and
- recommend to the Board of Trustees an elementary attendance zone map (effective 2021-2022) and a middle school attendance zone map (effective 2022-2023) for approval by the Board and implementation by the Administration.

Committee Guiding Principles

- (from the Board's charge) recommend attendance zones that are projected to most efficiently use building capacity for the longest time period possible (given projected student growth)
- If possible, elementary school boundaries should align with middle school boundaries to create feeder pattern alignment
- Transportation routes should be as efficient as possible, minimizing student ride times (considering both length of route and local traffic patterns)
