WARNING TO PARENTS/GUARDIANS AND STUDENTS WITH RELEASE

By its very nature, competitive athletics may put students in situations in which SERIOUS, CATASTROPHIC and perhaps, FATAL ACCIDENTS may occur. Many forms of athletic competition result in violent physical contact among players, the use of equipment which may result in accidents, strenuous physical exertion, and numerous other exposures to risk of injury.

Students and parents/guardians must assess the risks involved in such participation and make their choice to participate in spite of those risks. No amount of instruction, precaution, or supervision will totally eliminate all risk of injury, illness or infection. Athletic participation by students also may be inherently dangerous.

Athletes have the responsibility of reporting their injuries/illnesses/symptoms to their parents, and coaches. I realize that my physical condition is dependent upon accurate medical history and disclosure of all symptoms, complaints, illnesses, prior injuries and/or any disabilities. I affirm that I have fully disclosed any prior medical conditions and will disclose any future conditions to my parents and coaches. I also understand that by participating in my sport there is a possibility that I could suffer a head injury/concussion. I understand the importance of immediate reporting of symptoms to my parents/guardians and coaches.

By granting permission for Participant to participate in athletic competition, I acknowledge that such risk exists. I hereby give my consent for my son/daughter/child/ward/student to compete in athletics in Adams 12 Five Star Schools approved middle school sports programs, and I have read and understand this form.

This middle school athletic code of conduct (Code of Conduct) applies to students participating in any Adams 12 Five Star Schools' interscholastic athletics program. Student participants include team members and team managers (Participants).

Participants represent their team, middle school, and community. It is important, therefore, that Participants maintain high standards of conduct at all times. Since participation in interscholastic athletics programs of Adams 12 Five Star Schools (the District) is a privilege, not a right, maintenance of such high standards, as reflected in District Policy and each District middle school's rules and procedures, is a condition of team membership and participation.

Participants are responsible for knowing District Policy and school rules/procedures.

Participants are expected to conduct themselves in a commendable manner at all times during interscholastic athletics, and toward opponents, teammates, officials, and spectators, regardless of where the activities occur.

The following activities are prohibited by this Code of Conduct at any time, whether on or off District property:

1. Consumption or possession of tobacco/nicotine (including electronic smoking devices), drugs, or alcohol in any form and any quantity
2. Physical altercation
3. Theft
4. Property damage
5. Any form of hazing, bullying, intimidation, harassment or discrimination
6. Any other behavior prohibited by District Policy or school rules/procedures

Sanctions

The following progressive discipline protocol represents the minimum sanctions for violation of this Code of Conduct. A Participant may also be required to complete an education-based program or activity as a consequence of violating this Code of Conduct. At the discretion of the principal or designee, a serious violation of District Policy/school rules may result in more severe discipline and more limited team participation than what is listed here.

- The first violation will result in an immediate suspension from one contest.
- A second violation will result in an immediate suspension from two contests.
- A third violation and any subsequent violation will result in an immediate suspension from participation in all District middle school athletics programs for one calendar year. Future participation following the suspension will be at the sole discretion of the principal.

Participants who are suspended from contests may be required to attend all practices if they have not also been suspended from school, but may NOT dress in team uniform or compete in any contests while suspended. For purposes of this Code of Conduct, scrimmages are not considered contests.

School suspension is separate from a suspension pursuant to this Code of Conduct and will be treated as such. Therefore, suspension from contests do not count during days of school suspension. Participants must re-establish their student status through re-entry after school suspension before serving the suspension imposed pursuant to this Code of Conduct.

Process

- Prior to imposition of any suspension pursuant to this Code of Conduct, the principal or designee shall have an informal conference with the Participant regarding an allegation that the Participant has violated this Code of Conduct, and allow the Participant to respond to such allegation.
- A Participant who has been determined to be in violation of this Code of Conduct may be granted an appeal to a District-wide committee composed of two middle school athletic directors and two athletic coaches, one from the building of the appealing Participant, and chaired by the District athletic director. Requests to appeal must be made within one week from the date of the decision to suspend the Participant pursuant to this Code of Conduct.
- The Participant and/or Participant's parent/guardian shall be responsible for providing any documentation in support of the appeal.
- Decisions made by the District-wide appeal committee shall be final.

Thank you for choosing to participate in the middle school athletic program within Adams 12 Five Star Schools.

Beginning with the 2023-2024 school year, Adams 12 Five Star Schools will implement a middle school athletic participation fee. The new participation fee per sport will be \$50 (maximum of \$100 per participant per academic year).

Students participating in the free and reduced price lunch program will continue to receive assistance with athletic fees so that all students have an opportunity to participate in district athletic programs.
