

### Student Device Loan Form

Savannah-Chatham County Public School System (SCCPSS) is providing students with a learning device to support the continuation of teaching and learning through online software and internet resources for both at school and at home.

## Student's/Parent's Responsibilities (Including device usage at school as well as at home)

- The Learning Device is provided for the student only. Student ID and password is required to access the device.
- The student is required to practice good digital citizenship and adhere to the Acceptable Use Policy IFBG-R.
- Student/Parent agrees to use the device for learning during the period of assignment, protect the device, maintain it, and promptly return the device (including power cable) when requested.
- The Learning Device will remain checked out to the student until it is returned to the issuing school. This means that the record will follow the student until the equipment has been returned in the same condition that it is issued (reasonable wear is expected).
- If the device is stolen, you are required to file a police report and notify the school. \* If the device is lost, stolen, or damaged, you are responsible for repairs or replacement.  
**\*Only applies to devices that are off campus. Devices stolen on campus must be reported to SCCPSS Campus Police, Administration, and Media Staff immediately.**
