

Interviews and Interrogations of Students on School Premises

Although the district values its relationships with law enforcement, the Department of Children, Youth, and Families (DCYF), and the county health department, to minimize interruption of the instructional program, the district discourages interviews and interrogations of students on school premises. As a general rule, interviews and interrogations by any agency, including law enforcement, DSHS and the county health department(s) should take place at the agency of the student's home, rather than school premises.

However, there are limited circumstances when an interview of students at school is warranted, for example school-initiated investigations, child abuse investigations, and/or serious crime investigations. When an onsite interview or interrogation is warranted by the circumstances, the district will utilize the procedures and protocols associated with this policy, which were developed in cooperation with these agencies and ensure that students and parent(s)/guardian(s) are afforded all rights under law. The interviews of students as witnesses, victims, and suspects are treated differently

In contrast to the limited circumstances noted above, the work of immigration agents does not overlap with the work or duties of the district. This is because the district's obligation to educate the children residing within its borders is not diminished by the children or parents' immigration status. The district supports the federal immigration enforcement policy that directs immigration agents to avoid questioning and arrests at sensitive locations, including schools. Therefore, staff shall not grant information or access to immigration agents unless / until the district Superintendent and /or General Counsel determine the request complies with *Plyler v. Doe* and other applicable laws according to the criteria in the associated procedure.
