If you have a container to keep them in, put them in it without harming them. Observe the fireflies and what they look like. Make a scientific drawing of the fireflies. Label the parts of the firefly.• Facts about fireflies

- Fireflies are really beetles because they have four wings; true flies only have two wings.
- Most fireflies like warm, humid areas.
- In the United States, glowing fireflies are found east of the middle of Kansas.
- Firefly larvae feed mostly on earthworms, snails, and slugs.
- Have fun and release the fireflies that you were able to catch when you are done!!!!
