Leatrice Sanders – Principal
Benjamin Haney – Assistant Principal
Jennifer Hughes – Assistant Principal
Mary Taylan – Counselor
Michelle Hope – Counselor
Tiffany Esparza – Student Support Counselor

2024-2025 Backpack Policy

Students may carry full size backpacks to classes throughout the school day.

At the beginning of the school year, all 6th grade students will be assigned a hallway locker number and locker combination for their use, in case they would like to use a locker to store their items.

Because most students do not use hallway lockers, once school starts, all 7th and 8th grade students may go to the student center to request a locker, if interested.

Students are not required to have and/or use a locker. This is optional. Students may access hallway lockers before and after school, and during passing periods between classes.

Due to space availability and back safety for the child, please help your child to carry the smallest size backpack needed. Additionally, intermediate-aged students tend to carry more items in their backpacks than what is needed and often do not clean out their backpacks on a regular basis. Please help your child to minimize the items carried in his or her backpack to only the items that are essential.

Thank you,

Victory Lakes Intermediate
