

1. Communications
  - a. During the 2023-24 school year, the district will further improve awareness of academic and extracurricular programs and differentiate communication with all stakeholders by June 30, 2024, through implementing the following:
    - The district will **continue efforts to build upon the current communications plan to sustain** improvements made upon STEAM, athletics, academic, and extra-curricular opportunities.
    - **Perpetually encourage further improvements to the website with the goal to obtain a more user-friendly web interface.**
    - Increase the number of instructional applicants by improved communication surrounding the benefits of working at Genesee Valley
    - **Board Committees to give periodic updates on any events, issues, and ongoings that could potentially affect the group as a whole.**
2. Promoting STEAM, **hands-on** and Innovative learning
  - a. **During the 2023-24 school year, the district will enhance their focus on excelling in the current STEAM and Innovative Center programs that have already been successfully initiated and continue to develop them into a seamless operation that optimizes the programs potential.**
  - b. **Continue to focus on supporting the Building Trades program and explore options to expand and grow into an environment that maximizes productivity and learning into a way that best exposes our students to real-life experiences which will foster long-term success.**
3. Financial Goals
  - a. During the 2023-24 school year, the district will plan for and incorporate all federal stimulus funding, **capital project funding and smart schools funding in a logical manner that supports infrastructure, maintenance, innovation, and growth of the school moving forward, with minimal impact to the taxpayer.**
  - b. **The district will continue to look for State and Federal Grants to promote and support educational programs.**
4. Leadership Goals
  - a. **During the 2023-24 school year, the district will offer professional support and encourage internal promotion by providing ample opportunity for growth within.**
5. Safety
  - a. **During the 2023-2024 school year, the district will evaluate and improve security within the district.**
