1.1 **Using knowledge of students to engage them in learning** **MY GROWTH** Beginning of Year: Middle of Year: End of Year:	Learns about students through data provided by the school and/or through district assessments. Some students may engage in learning using instructional strategies focused on the class as a whole.	Gathers additional data to learn about individual students. Students engage in single lessons or sequence of lessons that include some adjustments based on assessments.	Uses data from a variety of formal and informal sources to learn about students and guide selection of instructional strategies to meet diverse learning needs. Students engage in learning through the use of adjustments in instruction to meet their needs.	Uses data from multiple sources to make adjustments to instruction and meet individual identified learning needs. Students actively utilize a variety of instructional strategies and technologies in learning that ensure equitable access to the curriculum.	Uses comprehensive knowledge of students to make ongoing adjustments and accommodations in instruction. Students take ownership of their learning by choosing from a wide range of methods to further their learning that are responsive to their diverse learning needs.

1.2 **Connecting learning to students' prior knowledge, backgrounds, life experiences, and interests**	Develops awareness of prior knowledge, culture, backgrounds, life experience, and interests represented among students. Some students connect learning activities to their own lives.	Uses gathered information about students' prior knowledge, cultural backgrounds, life experiences, and interests to support student learning. Students participate in single lessons or sequence of lessons related to their interests and experiences.	Uses school resources and family contacts to expand understanding of students' prior knowledge, cultural backgrounds, life experiences, and interests to connect to student learning. Students make connections between curriculum and their prior knowledge, backgrounds, life experiences, and interests.	Integrates broad knowledge of students' cultural backgrounds, prior knowledge, life experiences, and interests to inform instruction. Students are actively engaged in curriculum which relates their prior knowledge, experiences, and interests within and across learning activities.	Uses extensive information regarding students and their communities systematically and flexibly throughout instruction. Students can articulate the relevance and impact of lessons on their lives and society.

1.3 **Connecting subject matter to meaningful, real-life contexts**	Uses real-life connections during instruction as identified in curriculum. Some students relate subject matter to real-life.	Explores using additional real-life connections to subject matter in single lessons or sequence of lessons to support student understanding. Students make use of real-life connections provided in single lessons or sequence of lessons to support understanding of subject matter.	Includes connections from subject matter to meaningful, real-life contexts, including those specific to students' family and community. Students utilize real-life connections regularly to develop understandings of subject matter.	Integrates connections to meaningful, real-life contexts in planning subject matter instruction and is responsive during instruction to engage students in relating to subject matter. Students actively engage in making and using real-life connections to subject matter to extend their understanding.	Engages students in actively making connections to relevant, meaningful, and real-life contexts throughout subject matter instruction. Students routinely integrate subject matter into their own thinking and make relevant applications of subject matter during learning activities.

Some students participate in instructional strategies, using resources and technologies provided.	Explores additional instructional strategies, resources, and technologies in single lessons or sequence of lessons to meet students' diverse learning needs. Students participate in single lessons or sequence of lessons related to their interests and experiences.	Utilizes a variety of strategies including culturally responsive pedagogy, resources, and technologies during ongoing instruction to meet students' diverse learning needs. Students participate in instruction using strategies, resources, and technologies matched to their learning needs.	Creates, adapts, and integrates a broad range of strategies, resources, and technologies into instruction designed to meet students' diverse learning needs. Students actively engage in instruction and make use of a variety of targeted strategies, resources, and technologies to meet their individual learning needs.	Refines the flexible use of an extensive repertoire of strategies, resources, and technologies to meet students' diverse learning needs. Is aware that structured interaction between students can support learning. Some students use available resources in learning environments during instruction.	Experiments with adapting the physical and/or virtual learning environments that support student learning.Structures for interaction are taught in single lessons or sequence of lessons to support student learning. Students use resources provided in learning environments and interact with each other to understand and complete learning tasks in single lessons or sequence of lessons.	Develops physical and/or virtual learning environments that reflect student diversity and provide a range of resources for learning. Utilizes a variety of structures for interaction during learning activities that ensure a focus on & completion of learning tasks. Students use a variety of resources in learning environments and interact in ways that deepen their understanding of the content and develop constructive social and academic interactions.	Maintains physical and/or virtual learning environments that reflect student diversity & provides a broad range of resources, displays, & artifacts that are current & integral to instruction.Integrates a variety of structures for interaction that engage students constructively & productively in learning. Is aware of the importance of maintaining high expectations for students. Some students ask for teacher support to understand or complete learning tasks. **Evidence/Next Steps**	Focuses on the development of a rigorous learning environment that includes accuracy, understanding, and the importance of meeting targeted learning goals. Works to maintain high expectations for students while becoming aware of achievement patterns for individuals and groups of students. Some individuals & groups of students work with the teacher to support accuracy & comprehension in their learning. **Evidence/Next Steps**	Develops a rigorous learning environment that includes accuracy, analysis, problem solving, and appropriate levels of challenge. Holds high expectations for students. Has an understanding of achievement patterns, and uses scaffolds to address achievement gaps. Students engage in a variety of differentiated supports and challenges in ways that promote their accuracy, analysis, and problem solving in learning. **Evidence/Next Steps**	Integrates rigor throughout learning environment that values accuracy, analysis, and critical reading, writing and thinking. Integrates strategic scaffolds and technologies throughout instruction that support the full range of learners in meeting high expectations for achievement. Students actively use supports and challenges to complete critical reading, writing, higher order thinking, and problem solving across subject matter. **Evidence/Next Steps**	Facilitates a rigorous learning environment in which students take leadership in learning. Fosters extended studies, research, analysis and purposeful use of learning. Supports students to utilize an extensive repertoire of differentiated strategies to meet high expectations. Responds to disruptive behavior. Students are aware of procedures, routines, and classroom norms.	Develops routines, procedures, and norms in single lessons or sequence of lessons with some student involvement.Seeks to promote positive behaviors and responds to disruptive behavior. Students receive correction for behavior that interferes with learning, and positive reinforcement in following routines, norms, and procedures.	Maintains regular use of routines & procedures that are culturally responsive and engage students in the development & monitoring of norms.Provides positive behavior supports. Responds appropriately to behaviors in ways that lessen disruptions to the learning climate. Students participate in routines, norms, & procedures and receive reinforcement for positive behaviors. Students receive timely, effective feedback & consequences for behaviors that interfere with learning.	Engages students in monitoring & reflecting on routines, procedures, & norms in ways that are culturally responsive. Maintains a quality learning climate that builds on student strengths. Promotes positive behaviors and consistently prevents or refocuses behaviors disruptive to the learning climate.Students are involved in assessment & monitoring of routines, procedures, & norms in ways that improve the learning climate.	Facilitates student participating in developing, monitoring, and adjusting routines and procedures focuses on maximizing learning. Classroom climate integrates school standards & culturally relevant norms.
