ACADEMIC CALENDAR FOR 2024-2025

Please refer to the complete Herron and Herron-Riverside High School calendars for all dates and scheduled activities throughout the year at www.herronhighschool.org/calendar/ or www.herronriverside.org/calendar/. Dates are subject to change due to unforeseen and unavoidable circumstances.

ACADEMIC CODE OF HONOR

Herron/Herron-Riverside High School offers a classical, liberal arts college preparatory education based on honesty, respect, responsibility and trust. The Herron/Herron-Riverside High School community recognizes the critical role of personal commitment to an honor code. To this end, all Herron/Herron-Riverside High School students are expected to strive for and maintain the highest standards of academic integrity. Each year the Herron/Herron-Riverside High School Academic Code of Honor will be reviewed by all students.

PERSONAL ACADEMIC BEHAVIOR

At the core of the HHS/HRHS Code of Honor is the commitment to a culture of honesty, respect, responsibility, and trust. The following policies are intended to help students understand what is expected of them:

- All work submitted must be the student's own work. This includes, but is not limited to, examinations, tests, drafts, papers, homework assignments, extra credit work, lab reports, etc.
- Students may not copy, wholly or partially, from another student's paper, notebook, homework, test or exam.
- Students must cite sources if ideas or quotations have been taken from a book, article, newspaper, the Internet or any other media source.
- Online sources follow the same rules concerning plagiarism outlined below, and students must cite electronic sources.
- A student may not turn in the same work for two or more different courses.

WORKING WITH OTHER STUDENTS

Collaborating with other students or completing group projects is a tool that is valuable to the overall education received at Herron/Herron-Riverside High School. However, a student may not work with others unless the teacher expressly gives them permission to do so. If a student is unclear about whether or not it is permitted, the student should assume that collaboration is not permitted.

RESPONSIBLE ACTION

Students at Herron/Herron-Riverside High School are part of a community of learners and are expected to make ethical decisions concerning other students' violations of the Code of Honor. If a student witnesses or has reason to believe that a violation of the Code of Honor has occurred, the student should choose a course of action. Possible courses of action include the following:

- The student is to talk with the student who has committed the violation and urge that student to report to the instructor or to any other teacher or administrator,
- The student is to discuss the violation with the teacher of that course, naming or not-naming those involved with the violation, to obtain guidance and to determine further course of action, and/or
- The student is to notify any teacher or administrator of a possible violation, stating the date, time, and specifics of the violation.

It should be noted that teachers and administrators are well aware of how difficult it might be for a student to report a violation, and to this end, a concerted effort will always be in place to protect the identities of those who come forward to report violations. Students should make every effort not to tolerate violations of the Code of Honor nor be influenced by peer pressure, fear of reprisal, or loyalty to friends. Students should remember that taking action against wrongdoing will build individual character and add to a stronger Herron/Herron-Riverside High School community.

VIOLATIONS OF THE HERRON/HERRON-RIVERSIDE HIGH SCHOOL CODE OF HONOR

Students must be aware that violations of the Herron/Herron-Riverside High School Code of Honor are not limited to the above stated actions.

Any kind of dishonesty related to academic work will be regarded as a violation of the Code of Honor. Examples of this would be giving a false reason for why they were absent on the day of an exam or why their homework is not finished.

DEFINITIONS

PLAGIARISM

Plagiarism is offering words, sentences, paragraphs, facts, or ideas of another person or persons as your own in any academic work turned in to a teacher. This includes taking three or more consecutive words of any text found on the Internet and cutting/pasting them into your work or retyping such from the Internet.

USE OF ARTIFICIAL INTELLIGENCE

Faculty/Staff

It is understood that Artificial Intelligence (A.I.) is a rapidly evolving technology that already has a significant influence on various aspects of daily life, personal and professional, including the field of education. As a network of classical, liberal arts and sciences schools committed to rigorously preparing students to become world-class citizens well-prepared for life after high school, Herron Classical Schools is also committed to rigorously studying the appropriateness of AI tools. It is the obligation of educators, any time AI is used to support work tasks, to do so in a way that is ethical and responsible and without violating any federal, state, or local laws and/or education guidelines. Furthermore, the use of A.I. by faculty/staff, as well as by students under the supervision of faculty/staff, should take into account, and in no way violate, the rights to privacy and confidentiality of students, their families, and fellow faculty and staff members.

Students

With respect to the mission and core values of Herron Classical Schools, students are required to rely on their own knowledge, skills, and resources when completing any task associated with and/or assigned to them during any course and/or extracurricular activity under the supervision of HCS. In order to ensure the integrity of the learning environment and process, and to promote fair and equitable opportunities for all, students are prohibited from using A.I. to complete and/or assist with school-related work and activities, unless specifically designated by the course teacher or extracurricular activity supervisor. The use of A.I. tools without expressed permission/consent is considered to undermine the learning and skill development that is essential to a student's current and future academic success, and that the Herron Classical Schools faculty and staff are tasked to develop in each student. A student's unauthorized use of A.I. is considered a form of plagiarism and any student found to be using such tools without permission or in a prohibited manner will result in consequences in accordance with the Code of Honor outlined in the HCS Student Handbook.

Authorized Use

Faculty/staff have the discretion to authorize students to use A.I. tools for the following purposes:

- Language translation and accessibility: A.I. tools can be used to provide accommodations to students of varying abilities, such as by translating texts or documents into different languages, providing text-to-speech services, etc.
- Writing assistance: A.I. tools can be used to provide individualized feedback, such as grammar and spelling corrections, alternative word choices, sentence structure, etc.
- Research assistance: A.I. tools can be used to help students efficiently search for and find relevant information for school assignments. All sources should be cited appropriately when conducting and using research.

- Data analysis: A.I. tools can be used to help students analyze, understand, and interpret large amounts of data.
- Study assistance: A.I. tools can be used to help students study content and materials, such as by generating guiding and/or practice questions.

VIOLATION OF TESTING CONDITIONS AND CHEATING DURING EXAMINATIONS

It is a violation to use or attempt to use unpermitted materials such as notes, cards, cell phones, etc. during a test. This includes, but is not limited to: writing notes on hands or other body parts, desks, and ID tags to use during the test, sharing test materials with others before they take the test, looking at someone else's test or notes during the examination period, allowing another student to look at your test.

CHEATING ON HOMEWORK/PROJECTS/PAPERS

Examples of cheating include copying all or part of another student's homework, report, or project, or allowing another student to copy your homework, report, project or giving another student answers.

UNPERMITTED COLLABORATION

Collaboration means working together to share material with other students on homework, projects, research papers, take-home exams or essays when the assignment is intended as an independent project. Collaboration may only happen with the specific authorization of the teacher.

SUBMISSION OF WORK PREPARED FOR ANOTHER COURSE

This is defined as turning in the same paper, project, or report in whole or in part to two or more teachers without the consent of each teacher.

LYING

Making a false statement with the intent to deceive, such as telling a teacher you finished your homework when you didn't, telling a teacher that you turned in the work and blaming the teacher for losing it, giving

any false reasons for not doing your work, or telling a teacher/parent you were sick the day of a test when you weren't constitutes lying.

FAILURE TO REPORT A CODE OF HONOR VIOLATION

Knowing that a violation has occurred and not taking action is a violation of the Code of Honor.

CONSEQUENCES OF VIOLATIONS OF THE CODE OF HONOR

Each violation of the Code of Honor will be reported to the administration immediately after the teacher has spoken with the student regarding their concerns.

FIRST OFFENSE

- Student(s) will receive a 0% on a portion or entirety of the work, regardless of its relative importance in the class (e.g. homework or research paper).
- Offense will be logged in PowerSchool by the teacher
- Parents/guardians of the student(s) will be informed by the teacher.
- Students will be required to complete a packet of work designed to help students identify and understand plagiarism and its effects, if appropriate.

SECOND OFFENSE

- In addition to the above, students will receive a 2-hour detention.
- Administration and parents will meet with the student.

THIRD OFFENSE

- In addition to the first offense consequences above, a meeting with administration and parents will be convened to determine the outcome, which may include but is not limited to detention, loss of credit for the course, suspension, or expulsion.

GRADING AND COURSEWORK

MASTERY LEARNING

Because high school graduation, college acceptance, and college credit are overwhelmingly determined by student performance on assessments of knowledge, mastery of knowledge becomes the single most important measurable outcome of a student's experience and must be reflected in a student's grade. The Herron/Herron-Riverside High School Mastery Learning model is specifically designed to distinguish between how a student **practices** learning and the evidence that a student provides to demonstrate **mastery** of learning. Herron/Herron-Riverside High School believes that 70% of a student's grade should be determined by performance on Mastery assessments (which include quizzes, tests, standards-based projects and writing activities, etc.), and 30% should be determined by the effort of completing Independent Practice.

Failure to demonstrate mastery in a course in the first semester may necessitate a schedule change for second semester.

The Herron/Herron-Riverside High School Mastery Learning model is evident in teacher gradebooks and the Herron/Herron-Riverside High School semester grade calculation formula. Every teacher's gradebook contains two weighted categories: **Independent Practice** and **Mastery Evidence**. Mastery Evidence is valued at 70% of a student's grade; Independent Practice is valued at 30% of a student's grade.

REMEDICATION

There are two types of remediation at Herron/Herron-Riverside High School: (1) mastery evidence remediation during the academic semester and (2) course remediation after a semester final exam.

MASTERY EVIDENCE REMEDIATION DURING THE ACADEMIC SEMESTER

This form of remediation applies only to students in Advanced Placement World History and all non-Advanced Placement classes / non-Dual Credit Classes.

Students in **9th and 10th** grade where this form of remediation is permitted are provided with two passes to remediate mastery evidence items for up to 100% credit during each quarter

Students in **11th and 12th** grade where this form of remediation is permitted are provided with one pass to remediate a mastery evidence item for up to 100% credit during each quarter

This form of remediation does not apply to any student in an Advanced Placement and Dual Credit Class class except for Advanced Placement World History. Students in classes where this form of remediation is permitted are provided with two passes to remediate Mastery Evidence items for up to 100% credit during each nine-week segment of an academic semester. Each nine-week segment culminates in a benchmark exam or semester final exam. Remediation passes must be used on mastery evidence items contained within the quarter when the passes were distributed. Remediation passes may not roll-over from one quarter to another; if students do not choose to use their remediation passes, then the passes will be voided at the beginning of the next quarter. Remediation passes may not accumulate. Remediation passes may not be used for benchmark exams or semester final exams.

Remediation passes must be used prior to the end of benchmark or final exam week.

To be eligible to use a remediation pass on a mastery evidence item, students are always first required to meet any course-specified criteria and/or conditions. Course-specified criteria will be identified in the individual course syllabus and may include (but are not limited to):

- Submitting final drafts of standards-based projects and writing activities, project preparation materials, study guides, etc. by identified deadlines
- Presenting speeches or presentations according to scheduled dates and times
- Requiring students to attend as many study sessions during Office Hours or other designated time as the course teacher deems appropriate to prepare the student for the reassessment or

remediation

Students who do not meet the course-specified remediation requirements or conditions will not be permitted to remediate a mastery evidence item without approval from a member of the Herron/Herron-Riverside High School Leadership Team.

COURSE REMEDIATION AFTER A SEMESTER FINAL EXAM

After factoring in the semester final exam, students who earn a cumulative semester course grade of 69% or below will not receive a grade or credit in a course. The grade report will indicate NG or “No Grade.” However, if a student (a) passes (with a minimum of 70%) his/her semester final exam and (b) has a cumulative grade that is between 60-69%, the student is eligible to remediate the course grade for a maximum grade of 70% (C-).

Students who meet the eligibility requirements to remediate a course grade of NG will have only two weeks from the end of the semester to work with the classroom teacher where the NG was received in order to remediate the NG and raise it to 70%. The student, the student’s parent, or the classroom teacher has the power to initiate the semester NG remediation process. At the end of the two weeks, if the student has not earned a passing grade, the NG will stand, and the student will have to take the class over during the summer or the following school year in order to earn course credit.

It is important to note that a semester course grade of NG is always the accumulated result of student participation and preparation, attendance, cumulative mastery evidence and independent practice results, a benchmark exam grade (valued at 10% of the overall semester grade) and a semester final exam grade (valued at 15% of the overall semester grade).

Students in need of essential credits to graduate will be registered by the school counseling department for Summer Academy regardless of the opportunity to attempt remediation at the end of 2nd semester. Successful completion of end-of-semester remediation will allow for a student to un-enroll in Summer Academy.

BENCHMARK AND FINAL EXAMINATIONS

Semester final examinations are worth 15% of a student's final grade.

Benchmark examinations are worth 10% of a student's final grade.

Unlike all other mastery evidence, students are not allowed to remediate benchmark and final examinations.

SUMMER ACADEMY

Summer Academy combines Herron/Herron-Riverside High School's Core Values and the Harrison Center's Global Vision for the Arts to create a unique learning experience. Summer Academy offers course remediation as well as progression opportunities. All Herron/Herron-Riverside High School behavioral policies and expectations are enforced during Summer Academy. A student may be required to participate in Summer Academy to remediate one or more core courses in which a student received an NG during the regular academic year. Parents/Guardians are expected to support the mandatory remediation policy, as outlined below, by accommodating the student's scheduled Summer Academy session with any family plans. Based on entrance placement data, incoming freshman and transfer students whose placement exams and/or transcripts identify skill gaps will be required to attend Summer Academy prior to the start of the regular academic year. Please refer to the section on Mandatory Remediation.

MANDATORY REMEDIATION

Herron/Herron-Riverside High School is committed to individual student success and will work in partnership with families to help students reach their full potential and develop the skills necessary to succeed in college. All students are expected to graduate on time and with a college-ready transcript. Students who receive a final grade of NG in any core subject during the academic year will be required to remediate that course during Summer Academy. At Herron/Herron-Riverside High Schools, the core subjects are: English, Math, Social Studies, Science, and a World Language. Students who are in need of essential credits to graduate must register for Summer Academy regardless of the opportunity to attempt remediation at the end of 2nd semester. Students must attend Summer Academy until the remediation window ends, at which time they may be removed if they remediated successfully and earned a passing grade.

Students who do not follow through with appropriate attendance in Summer Academy are demonstrating academic insubordination, jeopardizing their enrollment at Herron/Herron-Riverside High School per our Mandatory Remediation policy, and are subject to discipline proceedings which may include expulsion.

Incoming students: Due to the rigor and pace of the school's curriculum, all incoming students will take placement exams during the spring preceding the entrance year. Herron/Herron-Riverside High School utilize the NWEA screening exam that assesses prerequisite and grade-level skills for reading, writing, grammar, algebra, and geometry. Based on entrance placement data, incoming freshman and transfer students whose placement exams and/or transcripts identify skill gaps will be required to attend one or both sessions of Summer Academy prior to the start of the regular academic year.

It is the expectation that students and their families adhere to this policy. This policy can be found at <https://www.herronhighschool.org/families/forms-and-policies/mandatory-remediation-policy>.

LATE WORK POLICY

To create a college preparatory culture that extends beyond the curriculum, Herron/Herron-Riverside High School supports timely completion of academic work. Late is defined as not submitted when due. Students will be provided with two late passes per class per quarter that can be used to submit independent practice assignments within the quarter the due date for full credit. Extended time passes may not be used for mastery assignments. Classroom teachers have the ability to determine and notify students of assignments that are not eligible for extended time.

ABSENT WORK POLICY

Students have one week following their return to school from an absence to complete any assignments from the period of time they were absent.

GRADING SCALE

Teachers will use multiple forms of assessment to determine a student's grade. Student performance on projects, speeches, reports, and other similar performance-based activities will be used. Rubrics, as compared to other forms of assessments, will often be created to determine student performance.

Listed below is Herron/Herron-Riverside High School School's grading scale. All classes use this grading scale. Please note that Advanced Placement (AP), Dual Credit, and Honors classes are grade-weighted.

Letter Grade	Grade	Performance Descriptor
A+	99-100	Student has superior understanding of the subject matter.
A	94-98	
A-	90-93	
B+	88-89	Student has a good understanding of the subject matter in most indicators.
B	84-87

C-	70-73	
NG	69 and below	Student has not yet attained a skill level for success

I	(Incomplete)	Student has outstanding material, assignments, or tests to complete
---	--------------	---

Students may receive an I (Incomplete) for a class if a student has had verified medical issues or documented extenuating personal circumstances that significantly impact the student's ability to complete the course, with the approval of the student's teacher, the school counseling department, and administration. Incompletes must be rectified by the beginning of the following semester or the grade may be changed to an NG and be subject to all policies regarding NGs.

Letter Grade	GPA	Honors Grade	Honors GPA
A+/A	4.0	A+/A	5.0
A-	3.7	A-	4.7
B+	3.5	B+	4.5

C	2.0	C	3.0
C-	1.7	C-	2.7
NG	0	NG	0

When determining a Grade Point Average (GPA), point values will be assigned to each letter grade and an averaging process will determine the GPA. For further information, students and parents may contact teachers or administrators.

Herron/Herron-Riverside High School does not rank students based on GPA. This is in accordance with the policies of many college preparatory high schools who emphasize strong student achievement. In the instance that class rank is necessary for college admission or scholarships, the school counseling department will work with the student to make a determination.

HIGH SCHOOL CREDITS EARNED IN MIDDLE SCHOOL

Herron/Herron-Riverside High School accepts high school math credits earned during middle school, starting with Algebra I. Students must provide Herron/Herron-Riverside with evidence of these credits at the time of enrollment. Grades for these courses will be listed as “CR” and will not be included in the GPA, with the expectation that the student will complete higher level math courses in high school to complete diploma requirements.

Courses other than math taken at a high school during middle school years will be credited, subject to approval by Herron/Herron-Riverside administration, if a high school awards the credits and an official transcript is submitted. Successful completion of other advanced-level courses in middle school will not be credited but may result in placement in higher level courses, subject to approval/recommendation (e.g. Latin, Physics).

DROP/ADD

The first week of the fall semester constitutes the drop/add period during which students may submit drop/add forms to the school counseling department to request a schedule change. Requests with the proper signatures will be considered in the order in which they are received. If the request is approved, the student’s schedule will be updated. After the drop/add period is over, students must remain in their scheduled courses. A student who does not complete a course will receive either a W/F for withdrawal failure or a W for withdrawal on his/her transcript.

Students may receive a W for documented extenuating medical or personal issues only with approval from the administration. A W will not factor into a student’s GPA. Students will receive a W/F for all other

reasons for not completing a course. A W/F will count the same as an NG in the GPA.

HONOR ROLL

Honor Roll and High Honor Roll will be determined using the following criteria:

- High Honors – A- average or higher
- Honor Roll – B average or higher

HONORS COURSES

Honors-level classes are offered in all core curriculum classes when there is not an equivalent AP class offered. Students who take honors-level courses will take their classes within a standard classroom environment. Requirements for the honors course will be more in-depth than the requirements for students who are taking the course for standard credit. The honors curriculum is built on the continuum of the Classical Trivium model and Bloom’s Taxonomy.

The decision to take an honors level course is made on the basis of teacher recommendations, student and parent requests, and school administration approval. If a student slips below a B- average, the teacher, parent/guardian, and student should meet to determine if the student is engaging in the appropriate academic level. Students who receive a C or below in an honors-level class for his/her semester grade may not be allowed to continue the class at the honors level the second semester.

ADVANCED PLACEMENT

Advanced Placement (AP) courses are entry-level college courses. All students who take an Advanced Placement course are required to take the AP exam for that particular course at the end of the school year. If a student fails to take the AP exam of the course the student is taking, the student will not earn AP credit. The College Board, which oversees the Advanced Placement courses and exams, charges fees for each test. Students who qualify for Free and Reduced Lunch will receive a reduction in AP testing fees. The fee schedule for students who qualify for a reduced test fee can be found at <http://apcentral.collegeboard.com>. Herron/Herron-Riverside High School will work with students and

families who believe they might qualify for a reduced test fee. However, the cost of each AP exam is the responsibility of the student and his/her family.

DUAL CREDIT COURSES

Dual Credit courses are college-level courses taught in partnership with higher education institutions like Ivy Tech Community College and Indiana University. To enroll in a Dual Credit course, students must meet any criteria put forth by the partner institution such as GPA minimums, grade levels, and meeting sufficient academic prerequisites. Enrollment criteria for each course may differ and are available from the Counseling office. Dual Credit courses are taught by Professors on Loan or by credentialed Herron Classical Schools teachers. Successful completion of a Dual Credit course results in both a high school grade and credit and a college grade and credit on a college transcript. Students are responsible for requesting that their college transcripts be sent to any future university or institution for credit transfer considerations, typically via Parchment. Dual credit courses follow rigorous syllabi approved by the higher education partnership, and students must abide by the syllabus policies to be successful including any applicable attendance, academic dishonesty, assessment, or other policies.

COURSES AT OTHER INSTITUTIONS NOT FACILITATED BY HCS

Herron/Herron-Riverside High School students are expected to complete all coursework at Herron/Herron-Riverside. If a situation exists where a student would like to pursue credit from an institution other than Herron/Herron-Riverside, permission must be granted by the school counseling department prior to enrolling in the course or Herron/Herron-Riverside High School will not honor the transfer credit. To obtain this permission, students and their guardians must submit a Request for Permission to Enroll in an Off-Campus Course form, which is available from the school counseling department. Once submitted, students must receive confirmation that the request is approved before enrolling. Students wishing to study abroad must request permission from the school counseling department with whom they will complete a Study

Abroad Graduation Plan and Policy agreement. Herron/Herron-Riverside High School does not assume financial responsibility for this coursework nor does it provide transportation to facilitate such coursework.

EARLY GRADUATION

Early graduation is not permitted at Herron/Herron-Riverside High School. All students are required to take a full load of courses each semester they attend Herron/Herron-Riverside High School, including all five core subjects (English, math, social studies, science, and Latin) regardless of graduation progress.

GRADUATION COMMENCEMENT CEREMONY

Commencement will be conducted for graduating seniors each year to celebrate their accomplishments and dedication as a student. The cost of cap, gown, and tassel are included in the Senior Fee on book fee invoices. This fee also includes other prorated costs associated with the ceremony such as venue rental, buses for rehearsal, etc. Seniors wishing to participate in commencement must have achieved at least 35 credits, must attend the rehearsal, and meet attire requirements. Participants may not wear regalia over their graduation gowns that are not issued by Herron/Herron-Riverside High School and may not decorate their caps. Tickets will be distributed to parents prior to commencement and the number of tickets each family will receive will be determined by the venue capacity. Participants wishing to alter the first name on the diploma will require parent approval. Students who do not adhere to commencement ceremony policies may have their diploma withheld until a later date.

DISTINCTION CONFERRED UPON GRADUATION

Herron/Herron-Riverside High School will recognize three levels of academic distinction for students upon graduation. Using a student's final cumulative GPA, distinction will be awarded at these three levels:

Cum Laude	4.2 – 4.39
Magna Cum Laude	4.4 – 4.59

Summa Cum Laude	4.6 or higher
-----------------	---------------

ATHLETIC ELIGIBILITY

Rule 18 – Scholarship of the Indiana High School Athletic Association’s General Eligibility Rules pertains to the student athlete’s academic performance. IHSAA Rule 18 states the following:

“...the primary focus of any Indiana secondary school should be to provide educational opportunities for its students in accordance with the requirements set forth by the Indiana Department of Education. This academic training should progress toward an adequate education and ultimately in earning a high school diploma. Participation in interschool programs is a privilege for which reasonable standards should be established and enforced for the educational and personal welfare of the students who participate. If students cannot successfully carry and pass a normal minimum load of formal classroom work and simultaneously undertake the extra demands upon time and energy required by interschool participation, they should postpone their commitment to interschool programs and concentrate time and effort on achieving in the classroom. On the basis of these premises, minimum academic achievement requirements have been established by the IHSAA.”

Rule 18 requires a student to receive a passing grade and earn credit on their most recent Grade Report in at least 70% of the maximum number of full credit subjects that a student can take in order to be eligible to participate in the athletic program.

Students in need of improvement have many opportunities for academic support including Office Hours and Friday School. Students will be allowed to return to a sports program when his/her most recent grade report reflects the minimum standards.

TESTING

Herron Classical Schools have worked to develop a comprehensive testing program that helps us to understand the skills, growth, abilities, and interests of students in order to support them as they work toward

graduation. Our program limits standardized testing to one standardized exam per semester per grade level for freshman, sophomores, and juniors.

NWEA

Stands for: NorthWest Educational Association (the company who designs the exam)

Administration: Placement exam and Spring of freshman year

This exam is an adaptive achievement exam. It tests for what scholars know in two (three on the screener) areas: Reading, Math, and (Language: screener only). Scholars receive a scaled score on this exam that we are able to compare their achievement and growth against their peers at HCS as well as nationally.

SAT SUITE

Stands for: (Preliminary) Scholastic Aptitude Test/National Merit Scholarship Qualifying Test

Administration: PSAT10 fall of sophomore year, NMSQT fall of junior year, and SAT spring of junior year

The PSAT10 and NMSQT are given to sophomores and juniors concurrently. This exam is designed to help scholars prepare for the SAT. The major difference between the two is that when taken in October of junior year it is used to qualify for the National Merit Scholarship program. Taking the SAT in March is required by the IDOE for all juniors in Indiana; it is completed during a school day at no cost to families. Students may opt to sign up for additional SAT tests outside of this school day test at their own cost.

COGAT

Stands for: Cognitive Aptitude Test

Administration: Fall of freshman year

This exam is an aptitude test: different from an achievement test, it tests for learning aptitude regardless of achievement. The test consists of nine

10-minute sections, separated into three subjects: Verbal, Quantitative, and Nonverbal. There is not any preparation required or recommended for this exam.

SAT SUITE

The Preliminary Scholastic Aptitude Test (PSAT) is administered to sophomores and juniors each fall at no cost to families. During Junior year, the PSAT serves as the National Merit Scholar Qualifying Test (NMSQT) as well. The purpose of the PSAT is to acquaint students with the format of the Scholastic Aptitude Test (SAT), which is administered at no cost to all juniors each spring one time during a scheduled week day at no cost to the student. Students may opt to sign up for additional SAT tests outside of this school day test at their own cost.

ASVAB

Stands for: Armed Services Vocational Aptitude Battery

Administration: Spring of sophomore year

The main purpose that we will be using the results of this exam for is the skill and interest analysis focused on career exploration. Once completed all scholars will also fill out an interest survey that will connect their scores with their interests, then they will be able to explore vocational options based on a combination of their abilities and their interests. *This exam is administered by the armed services and gives valuable information for scholars regarding their future plans, with no implications for joining the armed services. In fact, we do NOT release results to armed services recruiters, though scholars are welcome to use the results to discuss military service if they desire.*

STATE-MANDATED GRADUATION TESTING

All juniors are required by the State of Indiana to take the SAT in the Spring of their Junior year, as described above. This exam can be used to meet the Postsecondary Readiness requirement of Graduation Pathways.

Additionally all students enrolled in their first Biology course are required to take the Biology End-of-Course Assessment, which will be administered in May.

SEMESTER FINAL EXAMS

All students in grades 9-12 are required to take the designated 1st semester and 2nd semester final exams in all classes. There are two exceptions:

- Senior final exams, discussed below
- AP students who have earned a 90% in the class by the day of the AP exam

All students in grades 9-12 are required to perform with their greatest academic integrity when taking their required 1st semester and 2nd semester final exams. Students must take their final exam during their exam period unless they have approval from the guidance department. Students with an excused absence are responsible for rescheduling their exam with their teacher. While the schedule may be altered, before and after school office hours will still be available.

Students are not required to attend seminars during final exam week but, if in attendance, must maintain silence in the seminar space to accommodate testers in the space.

Students must take their exam during their regularly scheduled exam period unless they have prior approval from the Counseling department and/or school leadership.

Final Exam Exemptions

- Seniors and any student enrolled in an AP course can earn exemption from the S2 Final Exam.
- Seniors must have earned a 90%/A- or higher by a date announced each semester.
- AP students must have earned a 90%/A- or higher by the time they sit for the corresponding AP Exam. (*For Seniors in AP*

courses, this supersedes the other exemption guidance for Seniors.)

- **IMPORTANT:** all students must maintain their 90%/A- or higher until the time of the S2 Final Exam to remain exempt from the exam.
- Note for Dual Credit classes: DC classes must first follow guidance from their accrediting institutions in regard to Final Exams before any exemptions are made.

SENIOR EXAMS – SPRING SEMESTER

On Monday, May 9, Advisory teachers will review all exemptions and required exams with each senior.

ACADEMIC SUPPORT

SEMINARS

Seminars are supervised study periods and are an opportunity for students to study, complete independent practice, and/or remediate mastery assessments. All seminars are staffed by multiple teachers who serve as both monitors of quiet work and resources for extra help within the school day. Students must make use of their seminar to be academically successful. The behavioral expectations for the seminars are the same as for all other academic environments at Herron/Herron-Riverside High School.

Students who are absent during regular class mastery assessments may have their assessment available to make up in seminar. Students must take mastery assessments on the day they are provided in seminar. Assessments that are not completed will be returned to the teacher.

FACULTY OFFICE HOURS

Faculty members from each department will be available to help students who need additional academic support before and after school. This

support will be offered Monday through Thursday, 8:00-8:45 a.m. and 4:15-5:00 p.m. Morning Office Hours begin promptly at 8:00 a.m. and students are required to stay with their Office Hour teacher until 8:45 a.m. Students may enter campus as early as 7:50 a.m. to visit their lockers and arrive on time. Students arriving after 8:00 a.m. will be allowed to attend after the door monitor calls their teacher to notify them that they will be arriving late. Students who arrive after 8:10 a.m. will be directed to the cafeteria for morning supervision where they may email their teacher for permission to enter late. Afternoon Office Hours begin promptly at 4:15 p.m. After 4:15, students are not permitted to enter Office Hours and will be directed to Fifth Period. Students are responsible for verifying teacher availability for Office Hours before and after school.

Students who have NGs in classes may be required to attend Office Hours. The specifics concerning this requirement will be communicated to students by the school counseling department.

There will be no Office Hours offered on days when school is delayed or closed. The school will communicate when there are additional changes to time or schedule for office hours.

MANDATORY OFFICE HOURS

Students who have 4 or more NGs will be required to attend mandatory Office Hours. This may also be a requirement in coordination with academic intervention plans put in place by the counseling team. Students who do not attend their mandatory Office Hours may have loss of extracurricular (club and sport) participation privileges and may be assigned detentions to make up for missed time. Mandatory Office Hours requirement and the previous week's attendance may be communicated to families weekly via the Weekly Student Update Email (WSU).

ACADEMIC SUPPORT DAYS

In order to promote the academic success of all Herron/Herron-Riverside High School students, Herron/Herron-Riverside High School will host Academic Support Days twice each semester from 9:00 a.m. – 1:00 p.m. for students who are struggling academically. Academic Support Days are required school days to help students make solid gains academically and to catch up in classes in which they are behind.

ASSIGNMENT

Students may be assigned to Academic Support Day for the following reasons:

- Any student who has **two** NGs in core classes (English, Math, Social Studies, Science, or World Language) or **three** NGs in any classes on the Monday prior to the Friday School.
- Any student deemed in need of academic support by a school counselor.

Students may also be assigned to Academic Support Day for disciplinary reasons as discussed in the relevant sections below, including but not limited to skipping detention, skipping school, and as a consequence of disciplinary interventions.

Students will be notified in writing of their required attendance by their advisory teacher on the Tuesday morning prior to Academic Support Day and parents will be notified by automated alert.

Students who are assigned Academic Support Day will be disallowed from athletic and extracurricular activities while attending. All policies of the regular school day apply to Academic Support Day.

Herron/Herron-Riverside High School reserves the right to require any student who is in high academic jeopardy to attend any Academic Support Day. This is especially relevant for juniors and seniors who are at risk of not graduating on time. Families should monitor student grades and plan accordingly if their student is likely to need to attend a designated Academic Support Day.

ATTENDANCE AT ACADEMIC SUPPORT DAY

Missing an Academic Support Day will be considered insubordination.

If there is a legitimate conflict in being able to attend any assigned Academic Support Day, a parent or guardian must contact their student's school counselor to explain the circumstances before the **Thursday** prior to the Academic Support Day. Legitimacy of the conflict will be determined by the school counseling department and alternatives may be

offered. Alternatives may include but are not limited to mandatory attendance at office hours.

ACADEMIC SUPPORT DATES

It is recommended that parents take note of the Academic Support dates below and not schedule or plan events that will conflict with those dates. This is especially recommended for parents with students who have historically struggled with passing their classes.

SPECIAL EDUCATION SERVICES

Herron/Herron-Riverside High School embraces an inclusion model in which students with special needs are included in general education classrooms for all or most of the school day as deemed appropriate. Additionally, support and accommodations are available to students in the resource department, the Herron/Herron-Riverside High School term for special education department, during a directed study time called seminar. Support and accommodations are also provided via a push-in model in which classes may be co-taught by a general education teacher and a special educator or based on individual students' needs and established accommodations. The resource department supports students who qualify for Individualized Education Plans - IEPs, and 504 plans. More information about Special Education is available from the Special Education Coordinator.

ATTENDANCE

Regular and punctual attendance is vital for students to achieve academic success. Herron/Herron-Riverside High School students are expected to have regular and punctual attendance in order to develop habits of responsibility and self-discipline. Attendance is a requirement under the laws of Indiana as expressed in the Compulsory Attendance Statute (I.C. 20-33-2).

Ensuring that students consistently attend class on a daily basis is a responsibility that is shared by students, school officials,

parents/guardians, and the general community. Students should arrive fifteen to twenty minutes prior to the start of school to ensure they have ample time to visit their lockers and prepare for their day.

In order to support regular and punctual attendance, families may receive a notification when a student has missed five (5) days of school, regardless of the reason. Students who are absent excused or unexcused ten (10) days or more within a school year are considered habitually truant and may receive a letter from the prosecutor's office outlining consequences for truancy. These interventions are based on the State of Indiana's definition of Chronic Absenteeism and Truancy.

PERFECT ATTENDANCE

Perfect attendance will be awarded at year-end to recognize students without any excused or unexcused absences.

EXCUSED ABSENCES (AE)

Excused absences are defined as absences for legitimate reasons for being out of school. Parents should provide written notice of the cause of absence within 48 hours. Parents should email attendance@herronhighschool.org or attendance@herronriverside.org to report an absence before the beginning of the school day on the day of the absence. Parents may also call the student services desk by the beginning of the school day on the day of absence. Per Indiana Department of Education guidelines, these include:

- Illness verified by note from parent/guardian regardless of student age
- Illness verified by note from physician indicating student's inability to attend school
- Family funeral verified by note from parent/guardian
- Maternity verified by note from physician
- Military-connected families (e.g. absences related to deployment and return) verified by note from parent/guardian

ABSENT (A)

Parents may notify the school of absences for reasons other than those described in the Excused Absences section. Students will be marked

Absent (A) if the school has **not** received a written note verifying the reason an absence should be excused or the absence does not meet the criteria for an excused absence.

EXEMPT (AA)

Under certain circumstances, the law requires the school to authorize the absence and excuse of a student without penalty when verified by appropriate documentation. These include:

- Serving as a page or honoree of the General Assembly

Students with internships or other approved off-campus school activities will be marked Off-Campus Excused (OE), an attendance code that counts as present.

IN-SCHOOL EXCUSED (IE)

Students participating in standardized testing during the school day but outside of the regularly scheduled classroom and class time will be marked In-School Excused (IE), an attendance code that counts as present.

FIELD TRIPS (FT)

Students on field trips will be marked Field Trip (FT), an attendance code that counts as present.

UNEXCUSED ABSENCES (AU)

An unexcused absence is any absence not covered under the definition of excused or exempt, or for which written documentation has not been

provided within 48 hours. Students more than twenty (20) minutes late to a class will be marked absent unexcused. These students must check in at Student Services or face further disciplinary consequences beyond a log entry for being tardy for greater than two minutes. See Corrective Logs.

All independent practice and mastery assignments due during an unexcused absence may be marked with a grade of zero (0) without possibility of make-up.

HABITUAL ABSENTEEISM & TRUANCY

Students who are absent unexcused (AU) ten days or more from any class within a school year are considered habitually truant and may face the loss of motor vehicle operator's license privileges, referral to the Marion County Juvenile Prosecutor for truancy, referral to the Department of Child Services for educational neglect, expulsion, and/or any other actions deemed appropriate and necessary by the administration.

CHRONIC ABSENTEEISM

Students who miss ten days of school or ten periods of any class for any reason, excused or unexcused, will be subject to review by the Assistant Head of School in cooperation with the school counseling department and the Resource Department. Families will receive written and verbal notification of student absences prior to this review. Possible outcomes include parent-student intervention, forfeiture of credit for the semester, referral to the Department of Child Services for educational neglect, expulsion, and/or any other actions deemed appropriate and necessary by the administration.

PARENTAL RESPONSIBILITY

Under I.C. 20-33-2, it is unlawful for a parent to fail to ensure that the parent's child attends school. If a parent of a student does not send the student to school because of the student's illness or mental or physical incapacity, it is unlawful for the parent to fail or refuse to produce a medical Certificate of Incapacity from the student's healthcare provider to the school not later than six (6) days after the certificate is demanded.

The Certificate of Incapacity must be signed by:

- an Indiana physician; or

- an individual holding a license to practice osteopathy or chiropractic in Indiana; or
- a Christian Science practitioner who resides in Indiana and is listed in the Christian Science Journal.

TARDINESS

Regular and punctual attendance also includes arriving promptly to class. Punctuality is paramount for maintaining the good order of the school culture and maximizing productivity in the limited time students are in school.

Tardiness is defined as not being seated when the bell sounds.

EXCUSED TRANSPORTATION TARDIES (ET)

Recognizing that even the best plans can be upended by unknown and uncontrollable variables, students with legitimate reasons for being tardy to school first period may receive an excused transportation tardy for the following reasons:

- Late bus for normal route, accident on bus route, or mechanical failure (verified with IndyGo)
- Motor vehicle mechanical failure or accident (verified by parent/guardian)
- Severe, unforeseen, and unavoidable traffic situations caused by accidents, flooding or other weather related causes (verified)

There is a maximum limit of no more than two (2) excused transportation tardies per quarter.

EXCUSED TARDIES (TE)

An excused tardy is issued for students who are late to class because they were unable to reach class on time due to outside appointments or meetings with school personnel. Parents/Guardians or school personnel should provide written notice of the cause of the tardy within 48 hours.

UNEXCUSED TARDIES (TU)

An unexcused tardy is any tardy not covered under the definition of excused. See unexcused absence if a student is tardy greater than 20 minutes.

CLOSED CAMPUS

Herron/Herron-Riverside High School is a closed campus. Once a student arrives on school grounds, regardless of the reason or time, the student is not allowed to leave until dismissed by faculty, staff, and/or administration. Students who violate the closed campus policy will be assigned a one-hour detention and may be subject to search.

Herron/Herron-Riverside High School is not responsible for students who are dropped off or picked up at any other location than campus.

PARKING LOT VISITATION

Students may not visit their cars or the parking lot during lunch or any other part of the school day for any reason. Students who have items that do not fit in their lockers and that are necessary for the school day (e.g. icon paintings, sculptures, etc.) should make arrangements with their teacher and/or administration to find suitable temporary storage. Students who are found to visit their vehicles during the day will be directed to the Deans of Students and may be subject to search.

EARLY DISMISSAL

No student is permitted to leave school early at any time without both parental permission and administrative approval. Parents must submit a request to be approved by the administration via written note, email, or phone call to Student Services if they need to release their student early from school. Students who fall ill must be released by the school nurse and may not dismiss themselves or call their parents for dismissal. It is imperative for the safety of all involved that students do not bypass the school medical services. Students who do not follow the proper procedure will not be released by the administration and may face disciplinary action including but not limited to detention or suspension.

Students will not be released from class prior to parent/guardian arrival when leaving school early for approved purposes. In order to minimize

lost instructional time, a student will be dismissed from class only after a parent (or parent-approved individual as listed on the student's registration form) has arrived at school and signed in with Student Services. Students who drive themselves will not be released without approval from Student Services.

SKIPPING SCHOOL

Skipping school is defined as follows: 1) when a student who is present at school is late to or absent from class and/or leaves the campus without permission from the administration 2) when a student who was sent/dropped off by a parent to school but did not arrive to class. Students found to be skipping school will face consequences which may include but are not limited to detention, suspension, and/or any other actions as deemed appropriate by the administration.

HALL PASSES

Students may not be out of class at any time for any reason without a faculty/staff-issued hall pass. Students found in the hallways or on campus without a pass will be directed back to the classroom and the teacher should follow up with the deans if the student did not have permission to be outside of the classroom.

BATHROOM PASSES

Students should strive to make use of the bathroom during passing periods and lunch to minimize the loss of instructional time. During class, students must sign out and in on each classroom's log sheet to be granted a pass to the bathroom. Students who abuse this privilege may face consequences including the loss of bathroom passes, detention, and/or other actions as deemed appropriate by the administration.

NURSE PASSES

Students may only visit the clinic with a pass signed by a teacher or administrator and in cases of medical need. Students without a pass will not be evaluated by the school nurse and will be redirected to class.

As college preparatory schools, Herron and Herron-Riverside students are expected to graduate with their cohort in four years. If a student does not meet graduation requirements and is therefore ineligible to graduate with their cohort, they will be referred to The Excel Center, an online credit recovery program, or other adult education programs. Students who receive special education services may re-enroll in subsequent school years only as outlined in the student's individualized education plan and according to the rules of the Indiana Department of Education.

REENROLLING AFTER AN EXPULSION

Students who are currently expelled from a previous school or have withdrawn to avoid expulsion from a previous school are not qualified for admission to any of the schools within the Herron Classical Schools network. Students expelled from any of the schools within the Herron Classical Schools network are not eligible to re-apply for admission until the expulsion period has been completed. Any student who applies through Enroll Indy during the expulsion period and receives a seat through Enroll Indy will be discharged by Herron Classical Schools. It is the responsibility of the student to re-apply once the expulsion has been served. Students who re-apply for admission are subject to all enrollment policies established for new incoming families, including the placement exam.

WITHDRAWALS AND MATCHING OUT OF NETWORK

Students who withdraw from any of the schools within the Herron Classical Schools network during the school year must reapply for admission and are subject to the procedures outlined above for new incoming students, including the placement exam for the high schools. Students who apply to another Enroll Indy participating school forfeit their seats at their current school and are not guaranteed a seat should they wish to reapply.

WAITLIST

There are no waitlists within the Enroll Indy system. Seats are filled through two rounds of lotteries and then through a late enrollment portal for any remaining open spots.

EXCHANGE STUDENTS

Exchange student enrollment is separate from the Enroll Indy process and should not go through the One Match enrollment rounds. If an exchange student receives a seat through the Enroll Indy One Match process, they are not guaranteed a seat at a school within the Herron Classical Schools

network. Students who wish to attend Herron or Herron-Riverside High Schools from another country must apply through a United States Department of State-approved exchange organization. Acceptance of exchange students are made based on space availability and a host family commitment. Herron Classical Schools does not secure host families for exchange students. Herron Classical Schools does not provide F-1 visas. All exchange students must adhere to the policies and procedures expected of all Herron Classical School students as set forth in the student handbook.

COMMUNICATION

COMMUNICATION WITH ADMINISTRATION

Unexpected interruptions can seriously and negatively impede the progress of building a world-class high school; therefore, it is necessary for parents to call the school in advance to make an appointment to meet with school personnel. Walk-in appointments cannot be facilitated. Please call to set up an appointment, and every effort will be made to accommodate a meeting time within two school days. If there is an urgent issue or an emergency that requires a meeting more quickly, please let the Student Services Coordinator know about the circumstances.

COMMUNICATION WITH STUDENTS

Telephone calls are not to be made by students during class time. All necessary arrangements for the student's day, including transportation home, should be made before arriving to school. A school telephone is available for emergency student use at the Student Services desk. Students are not allowed to use the telephones in the classrooms. Students who wish to bring a cell phone to school should keep it off and out of sight during the school day and assume all risks against theft, damage, and loss. Seniors who do not request a locker must keep their cell phone out of sight in their backpack or pocket. It may not be used for any reason during school hours.

Parents must contact Student Services if they need to communicate with their student during the day. The student services coordinator will notify the student with the parent's message. Parents should not, under any circumstances, attempt to contact their student on their personal cell phones during school hours.

COMMUNICATION WITH TEACHERS

Parent/Teacher conferences are scheduled throughout the school year. (See school calendar.). If a parent wishes to request a meeting with their student's teachers, the parent should email the teacher and/or call the school to schedule an appointment. Herron/Herron-Riverside High School believes that parents/guardians and school personnel should work together as a team to ensure the success of all students. Faculty email addresses are available on our website.

PARENT / GUARDIAN CLASSROOM VISIT POLICY

Parents or guardians wishing to schedule a classroom visit should review the policy found on both Herron and Herron-Riverside's websites.

POWERSCHOOL

Herron/Herron-Riverside High School uses PowerSchool for many record keeping functions of the school. Parents/guardians and students will receive a PowerSchool password that will enable them to check their student's academic progress and attendance via <http://herron.powerschool.com>. PowerSchool is an important and critical tool for parents to stay aware of their student's grades. A user guide is available on Herron/Herron-Riverside High School's website. Grades are updated every Sunday evening by midnight.

DANCES

Herron/Herron-Riverside schedule dances periodically throughout the school year. Dances may require students to purchase a ticket. If tickets are required, students may not attend without purchasing a ticket prior to the event. To ensure safety of all of our scholars at dances, security staff will conduct mandatory security screening upon entrance of every student. Students will be required to remove jackets, empty pockets/remove belts into a bowl, and will be wanded with a metal detector or asked to walk through a metal detector. Jackets may be worn and belongings will be returned after the search. Only clear backpacks or bags smaller than a hand will be allowed into the dance. These will also be searched at the entrance before entering the space. As with all other dances and events, all students are subject to a breathalyzer test by

security officers and/or uniformed police officers staffing the event. Guests from outside HCS may or may not be permitted. If permitted, they will be required to submit a guest permission form and provide identification. Identification for guests will be collected the night of the event and returned to guests as they leave the dance. Students may not return to the dance after having exited the dance, including but not limited to going to one's vehicle. All attendees exiting the event are required to leave the premises immediately and will not be allowed to re-enter the dance.

METAL DETECTORS

The safety of our students is our highest priority. Herron Classical Schools has implemented several layers of security for the students and staff of Herron Classical Schools. Each campus is equipped with at least a set of OpenGate weapons detector posts. These high-traffic and mobile units will be used on a regular basis in a variety of locations at all three campuses and for special events (e. g. dances, sporting events). The OpenGate unit is designed to only look for weapons, so students will not have to remove all their belongings (cell phones, keys, etc) but may need to remove their laptops from their bag.

INTERNSHIP PROGRAM

Herron/Herron-Riverside High School's internship program is rooted in the belief that community involvement is critical to the future success of our students. Student interns benefit by gaining real-world work experience during their senior year. Students may explore fields of interest as they develop skills in professionalism, collaboration, and creative problem solving. Students have the opportunity to work at the internship 6-8 hours per week (or more pending approval from the internship supervisor) and will earn up to one credit hour (each semester) for their participation in the internship program.

Internship work hours are:

9 am – 12:00 pm (Monday/Wednesday or Tuesday/Thursday)

1:00 pm – 4:00 pm (Monday/Wednesday or Tuesday/Thursday).

Work hours on Friday will be determined by the internship supervisor. Interns will perform appropriate tasks assigned. Students are not

compensated monetarily while in the internship program. At the end of the student's junior year, they may apply and submit an application indicating their interest in an internship. In addition to the application, the following will be factored into the decision to grant the student an internship:

- Current and historical grades and cumulative GPA
- Attendance record
- Disciplinary history
- Teacher recommendations
- Community involvement including extracurricular activities and volunteerism

LOCKERS

Herron/Herron-Riverside High School reserves the right to search lockers at any time. A locker will be assigned to each student grades 9 through 11. Seniors will have the option of having a locker assigned to them. If a senior chooses not to use a locker, they are still required to follow all other school rules regarding backpacks and cell phones. Students are expected to take proper care of their assigned locker. Locker combinations are to be kept confidential, and lockers are to be kept locked when not in use. Students are to request approval to exchange locker assignments from an administrator and are prohibited from sharing lockers. Any costs associated with damage to lockers through misuse may be charged to the student/parent. Students who intentionally jam their lockers so that they do not have to use a combination to open it are assuming the risk of their property being stolen from the locker. Failure to adhere to this rule could result in the loss of property and the loss of locker privileges. Herron/Herron-Riverside High School is not responsible for loss of property removed from lockers; therefore, students should not bring valuables to school nor store them in their locker. Persons found tampering with a locker other than their own will be subject to disciplinary action.

Lockers are the property of Herron/Herron-Riverside High School. Herron/Herron-Riverside High School reserves the right to search a student's locker and its contents at any time and without prior notice for any reason or no reason at all.

LOST AND FOUND

All unclaimed items left on or around the school grounds will be placed in the Lost & Found. At the end of each month, all unclaimed items will be donated to charity.

LUNCH AND BREAKFAST POLICY AND FEES

Herron/Herron-Riverside High School offers all students lunch at an affordable price. Herron/Herron-Riverside High School participates in the federal Free or Reduced Lunch Program. Families are required to fill out the Free or Reduced Lunch form every year. Eligibility for Free or Reduced Lunch must be renewed each year. Students who qualify for the Free and Reduced Lunch program also qualify for free or reduced breakfast, text books, AP testing, SAT and ACT exams, college application fees, bus passes, technology, and possible other benefits.

Students are allowed to charge lunch each day to their lunch account. It is the responsibility of the family to ensure that the student has money in their account. Families will periodically be sent reminders of negative balances.

Students who qualify for the Free and Reduced Lunch program receive the assistance when purchasing a full lunch consisting of one entrée, 2 sides, and a carton of milk. The full lunch must be purchased, lest the student be charged a la carte prices. Any additional lunch items beyond the full meal will be charged to the student's account. It is the responsibility of parents/guardians to communicate to their student permission to purchase additional items from the menu and to provide funding in the student's account. The school's lunch management system does not allow us to deny lunch or a la carte purchases based on parent request.

Students may deposit money into their lunch account at Student Services before or after school any day. Herron/Herron-Riverside High School accepts cash, check, and credit card. Families may also make lunch deposits online by clicking families and then payment on the Herron/Herron-Riverside High School webpage. Money may also be deposited with the lunch attendant during their lunch period. The administration encourages families to pay by check so that students do

not have to carry large sums of money. When a student pays into his/her lunch account, the money is credited to the student's account, and the student's lunches are redeemable by the student's presentation of his/her student ID at the lunch line.

PARKING

Herron/Herron-Riverside High School has limited parking space. Students are encouraged to walk, ride their bicycles, carpool, or use IndyGo. Students are highly discouraged from parking on the streets near school, as they are not secured by Herron/Herron-Riverside High School, and it is disruptive to the residents.

In order to obtain a Herron/Herron-Riverside High School Driver placard, student drivers must agree to the rules and policies below and sign the registration form, which is available at Student Services.

The school retains the authority to conduct routine patrols of any vehicle parked on school grounds. The interior of a student's vehicle on school premises may be searched if the school authority has reasonable suspicion to believe that a search will turn up evidence that the student has violated or is violating either the law or school policy. Violations may result in the loss of parking privileges, parking tickets, and/or towing at the owner's expense.

If the consent form is not on file, the student cannot receive medical services at the school. The consent form is available in the clinic and on the school website.

CLINIC VISITATION

It is imperative that students be in class as much as possible in order to be academically successful. When a student is truly unable to remain in the classroom, the teacher will send the student to the clinic with a time-stamped pass. The school nurse will evaluate the student and determine the appropriate course of action which may include, but is not limited to, returning the student to class or calling a parent for retrieval. At no time should students call parents/guardians to pick them up when they feel ill. Students who do not visit the nurse but call for a parent to retrieve them will be marked with an unexcused absence and may face additional disciplinary action.

All medications must be in the original containers. Medications brought in baggies or other containers are not acceptable and will not be administered. Students are not allowed to possess or self-administer prescription or over-the-counter medications, unless they have been diagnosed with a chronic disease or medical condition by a physician and the school nurse has been made aware.
