

March 5, 2021

Dear Vinal and Middle School Communities,

In July 2020, Ms. Catherine (Hyder) Egan shifted from the Middle School Assistant Principal position to the Vinal School Assistant Principal position and Mr. Sean McInnis's role of the High School Athletic Director position changed to include responsibilities of the Middle School Assistant Principal position.

Both Catherine and Sean have been very effective in these roles particularly in this unpredictable COVID-19 year. I am appointing both of them to these positions for the upcoming school year and will pursue the hiring of a new Athletic Director at the High School. This will enable us to maintain the continuity and stability that both Catherine and Sean have brought to the Vinal and Middle Schools.

Catherine will be entering her third year with Norwell Public Schools. Previously, she taught for seven years at the elementary level in grades 3, 4, and 5. Her last teaching position, prior to coming to Norwell, was at the Mason Rice Elementary School in Newton, MA. She holds a Bachelor's degree in Psychology and Communication from Santa Clara University, a Master's degree in Education from Boston College, and a Certificate of Advanced Educational Studies in Leadership from Boston College.

Sean will also be entering his third year with Norwell Public Schools. He is entering his 10th year in K-12 administration working mainly in the role as the District Athletic Director (grades 7 through 12) in the Triton Regional School District. Sean also served as an Assistant Principal/Athletic Director at Triton HS for a year.

Please join me in congratulating Catherine and Sean as they continue in their new positions.

Sincerely,

Matthew A. Keegan
Superintendent of Schools
