Origami Art Club: Normandale Gr. 2-5

Taught by Lynnea West

Welcome to Sadako's Paper Cranes Club! In this engaging and compassionate class, students will embark on a heartwarming journey inspired by the story of Sadako Sasaki and her quest to fold 1000 paper cranes. Through storytelling, art, and cultural exploration, students will learn about Sadako's remarkable courage and resilience in the face of adversity. Together, we'll delve into the rich traditions of origami, discovering the art of folding paper cranes and other origami art and its symbolic significance of hope, peace, and healing. Through hands-on paper-folding, students will not only hone their fine motor skills but also cultivate empathy, understanding for others and spread joy. Join us as we honor Sadako's legacy and spread messages of peace and kindness, one paper crane at a time. Students will make origami art to bring home as well as spread joy throughout Normandale by leaving paper cranes for students to discover throughout

Taught by Bill Nara

We will meet “in-person” for our first kick-off meeting, September 7th, at Valley View MS. Then the group will meet online for practice and instruction. Most competitions will be “in-person”. This program is for players of all grades interested in participating and competing in tournament chess, or just want an extra challenge so their chess ability can improve to the next tactical level. Players will meet Saturday morning “online” for chess instruction and fun competitive play. Supervision and expert coaching will be provided for participants at in-person tournaments. Any players that participate in competitions will represent the “Edina Chess Team” for that tournament. Perfect for students that want extra challenges. Tournament fees are an additional cost if participants choose to participate in those extra events. Note: For a small additional fee, players can participate in both their school’s chess club on-site at their school and the online chess club. Space is limited however at the school site, so please register for your school club first and then “add-on” the online/tournament option. If you do not plan to attend your school’s club on site, register for just the online option.

Driver's Education: Classroom Instruction & Behind the Wheel: Gr. 9-12 (December)

Taught by Safeway Driving School - Emily Galegher

This course covers 30 hours of classroom training, and 6 hours of behind-the-wheel lessons. Miss a class? No problem. Each lesson is independent and can be taken in any order. If a lesson is missed, a student can make it up when it is convenient for them and finish at their own pace. The behind-the-wheel training will be scheduled with Safeway after the student has completed the classroom training and passed the permit test. It consists of six hours of one-on-one private instruction with a responsible, professional driving instructor. Lessons are two-hour sessions and include pick-up and drop-off from home, work or school. Training is done on actual city streets and highways. All of Safeway's instructors are licensed by the MN Dept of Public Safety, having met the State's background checks and testing requirements. Students must be at least 14.5 years old to join the class. For parents, click [HERE](#) for more information. Edina Winter Open Chess Tournament Gr. 1-12

Taught by Bill Nara

Calling all Edina Chess Stars! ** Elementary & Middle School Players - Brush up your skills (or learn the ropes!) at the Edina District Winter Open! This fun, fast-paced tournament is perfect for: New & Experienced Players: Whether you're a chess club regular or just starting out, you're welcome! All Skill Levels: We'll have divisions based on sign-ups, so you'll play against kids with similar skills. Tournament Rookies: Don't worry! We'll explain everything you need to know before you play. Sharpen your skills and gain experience for upcoming tournaments! This is a great warm-up for the Spring In-Club and Regional Open Tournaments. Here's what makes it awesome: Short & Sweet: Play multiple games without getting eliminated (unless there's an odd number of players). Time Flies When You're Having Fun: We'll use time limits to keep things moving, but you'll still have time to strategize. Flexible Sign-Up: Pre-register to secure your spot, or walk-ins are welcome! Don't miss this chance to compete and have a blast! Sign up today!

Pokemon Kanto Journey 1: Normandale Gr. 2-5

Taught by Ryan McGill

We will learn strategy, math, and Pokemon lore together. All participants will be taught a new way to play using only the Pokemon they receive from the instructor. Throughout this class the kids will not just learn the fun of the world of Pokemon. They will also learn valuable life skills that come along with any form of competition such as how to evaluate their opponents strengths, weaknesses, and tendencies in order to strategize for victory. They will also learn that math is important in this process in determining health points, damage counters, and percentages that come along with the risks of recreational challenges that life may present.

Thriving Through Change: Tools for young adult transitions Gr. 11-12

Taught by Anne Gustin

Change can be hard for all of us. This interactive workshop geared toward juniors and seniors allows participants to explore their strengths, interests and vision for life after high school. Wellness coaching for young adults assists them in devising strategies to manage stress, refining time management abilities, establishing healthy habits, prioritizing self-care, bolstering emotional resilience, and fostering a positive mindset. Guided by an evidence-based coaching approach, this workshop will empower young people to excel and thrive.

Intermediate Diving Mondays

Taught by John Dailey

Prerequisites: Must be proficient in: front approach with hurdle, front dive, back dive, inward dive, front somersault. Age is less important than proficiency in the noted skills. If you already have some springboard diving experience, you can continue to build on the skills you've learned in earlier classes. Intermediate divers will be encouraged to try reverse dives, somersaults in all directions, twisting dives, etc. Often divers will take this class more than one time to achieve proficiency in the skills expected in Competitive Diving. When the diver is ready to move to Competitive, coaches will move them up even during the middle of a session.

Learn to Dive Mondays

Taught by John Dailey

Prerequisites: Must be confident in deep water. Age is not as important as willingness to try new things. Learn basic springboard diving skills, diving safety, and how to use the diving board with proper technique. You'll increase your flexibility and have lots of fun! Beginning divers with little or no previous instruction are welcome. During this class, divers will learn the fundamentals of diving including: front approach with hurdle, front dive, back press, back dive, inward dive, front somersault. Often divers will take this class more than one time to achieve proficiency in the skills expected in Intermediate Diving. When the diver is ready to move to Intermediate, coaches will move them up even during the middle of a session.

Running Club: Highlands Gr. 1-3

Taught by Nikia Lynn Noel Mussell and Jordan Skaar

WHY RUN? Running is a sport for all ages. There are running programs for kids and adults. People learn to run at an early age, and many continue to run well into their 70s and beyond. Running is a sport in which everyone in the family can participate. Running is the most accessible sport. No matter where you live, work, or go to school, there are areas that are safe for running. Running clubs, youth running programs, and events can be found in nearly every city in the United States. Running is the perfect exercise. 35 minutes of running three to four times a week will result in improved physical fitness. Running strengthens the heart, lungs, and major muscles of the body.
