The Marin County Special Education Local Plan Area (SELPA) is a multi-district SELPA comprised of eighteen (18) Local Educational Agencies (LEAs) including the Marin County Office of Education (MCOE). The MCOE is considered a Local Educational Agency for all purposes of this Local Plan except where referred to as the Administrative Unit (AU). The LEAs are joined together to provide for the coordinated delivery of programs and services to students with disabilities. In adopting the completed Local Plan, each LEA agrees to carry out the duties and responsibilities assigned to it within the plan and ensure equal access to programs and services to eligible students requiring special education in the service region.

2. Describe the SELPA regional governance and administrative structure of the local plan. Clearly define the roles and structure of a multi-LEA governing body, or single LEA administration as applicable: [EC 56195.1(b)(1)-(3)(c); EC 56205(a)(12)]

The governance structure of the Marin County SELPA consists of the Operational Steering Committee (OSC), the Advisory Steering Committee (ASC), the Business Advisory Committee (BAC), and the Special Education Advisory Committee (SEAC). Under the direction of the OSC, a Marin County SELPA Administrator may convene additional committees, as needed. Marin County SELPA Administration is responsible for the coordination of the Marin County SELPA and implementation of the Local Plan.

The Marin County Office of Education serves as the Administrative Unit (AU) for the Marin County SELPA. The AU receives and distributes all special education funding; takes required funding for grants; adopts policies governing regionalized and County operated programs and services and distributes funds to districts operating special education programs and services. The AU adopts policies governing district operated programs and services. The AU approves the Marin County SELPA Local Plan.

The Marin County SELPA is comprised of six geographic areas. The regions consist of one or more Local Educational Agencies (LEAs). The local educational agencies are represented as

A superintendent or designee from each of the six geographical areas composes the Operational Steering Committee (OSC). Annually, in collaboration with superintendents from each geographical area, the OSC takes action to select a superintendent to represent each geographical area within Marin County SELPA. An alternate superintendent is identified by the OSC to represent each area as the public may address questions or concerns to the governing board or substitute for the appointed superintendent. Of the six areas, Area Five - Novato Unified School District and Area Six - County Office of Education, are the two permanent members of the OSC. The Marin County Superintendent of Schools is the designated Superintendent of the Administrative Unit.

The OSC meets at least three (3) times annually, and may meet more often as needed. Members representing two-thirds of the vote constitutes a quorum. A two thirds vote of those present will be sufficient to approve any actions. In the event of a 3-3 vote, a tie vote is a lost vote, as 2/3 is a majority under Robert's Rules of Order.

7. Describe the SELPA's process for regular consultations regarding the plan development with representative of special education and regular education teachers, and administrators selected by the groups they represent and parent members of the CAC: [EC 56205(a)(12)(E); EC 56205(b)(7)]

The Local Plan is developed and updated cooperatively by a committee of representatives of special and general education teachers, administrators, and representatives of charter schools. The Marin County SELPA office in collaboration with the SEAC Chairperson work to ensure the committee represents all key stakeholders within the Marin County SELPA. All committee participants are selected by superintendents, and parent members are selected by the SEAC Chairperson. Charter school participants are selected by Marin County SELPA Administration. Local Plan committee meetings take place at least every two years from the adoption of the most recent Local Plan, or more often as needed.

8. Identify and describe the responsible local agency (RLA), Administrative Unit (AU), or other agency who is responsible for performing tasks such as the receipt and distribution of funds, provision of administrative support, and coordination and implementation of the plan: [EC 56836.01(a)(b); EC 56205(a)(12)(D)(ii); EC 56195(b)(3); EC 56030]

The Marin County Office of Education serves as the Administrative Unit (AU) for the Marin County SELPA. The AU receives and distributes all special education funding; takes required funding for grants; adopts policies governing regionalized and county operated programs and services and distributes funds to districts operating special education programs and services.

District Boards adopt policies governing district operated programs and services and provide input and approval of regionalized policies in the Local Plan. The AU and District Boards approve the Marin County SELPA Local Plan.

The Marin County Special Education Local Plan Area (SELPA) will meet maintenance of effort (MOE) regulations requiring that federal funds be used only to pay the excess costs of providing special education and related services to children with disabilities and to supplement and not supplant state and local funds for special education (ref: 34 Code of Federal Regulations (CFR), sections 300.203-300.205).

The Marin County SELPA Administrative Unit (AU), as the grantee of federal funds from the California Department of Education (CDE), will distribute all or part of the federal funds received to participating local education agencies (LEAs) within the Marin County SELPA through a sub-granting process and will annually conduct and report to the CDE the required MOE information. For the purposes of maintenance of effort, the Marin County SELPA AU is the recipient of the federal funds from CDE and is, in turn, a grantor of all or part of those funds as sub-grants to participating LEAs. The LEAs within the Marin County SELPA will compile and submit budget and expenditure information, including LMC-A and LMC-B

reports.

Except as otherwise noted, funds provided to an LEA under Section 300.16 of Part B may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are in excess of the average annual per student expenditure in an LEA during the preceding school year for an elementary school or secondary school student, as may be appropriate. An LEA must spend at least the average annual per student expenditure on the education of an elementary school or secondary school child with a disability before funds under Part B of the Act are used to pay the excess costs of providing special education and related services. Section 602(8) of the Act and §300.16 require the LEA to compute the minimum average amount separately for children with disabilities in its elementary schools and for children with disabilities in its secondary schools. LEAs may not compute the minimum average amount it must spend on the education of children with disabilities based on a combination of the enrollments in its elementary schools and secondary schools.

9. Describe the contractual agreements and the SELPA’s system for determining the responsibility of participating agency for the education of each student with special needs residing within the geographical area served by the plan: [EC 56195.7. EC 56195.1(b)(c)]

The Marin County SELPA enters into contractual agreements on an annual basis to determine the responsibilities of participating agencies for the education of students with disabilities. These contracts when established clearly outline the roles and responsibilities of each agency to serve students with disabilities within the Marin County SELPA.

Board policy of each LEA member of the Marin County SELPA Local Plan shall indicate that the LEA is responsible for educating students with disabilities in the least restrictive environment. Students with disabilities are served in their home districts whenever the needs identified in the Individualized Education Program (IEP) can be met in the home district. However, it is recognized that some students with disabilities have unique educational needs that cannot be met in their home districts. Because of such identified unique needs, some students receive services from other districts or the Marin County Office of Education. The Local Plan serves as the contractual agreement for students with disabilities placed in regional programs.

(NPAs) through the use of a Master Contract and Individual Service Agreement (ISA). Every LEA will ensure there is a Master Contract and Individual Service Agreement in place for a student(s) served by an NPA/S. The Marin County SELPA has established procedures for the development, distribution and coordination of signatures, and maintenance of all Master Contracts and Individual Service Agreements for member Local Educational Agencies (LEAs).

The Marin County SELPA ensures at least one (1) monitoring visit is completed during each school year to the nonpublic school(s) at which member LEAs have placed students and maintain a master contract. The Marin County SELPA ensures the monitoring visit findings are documented, and the required documentation is completed and submitted to the California Department of Education within sixty (60) days of the visit.

The SELPA Director reviews all new certification applications for any NPS or NPA located within the SELPA's geographical area.

The Marin County SELPA provides case management support of students placed through the IEP in RTCs and NPSs, including youth placed in Licensed Children Institutions attending nonpublic schools. The SELPA has established systems related to progress monitoring, data reporting, transitional supports, and graduation requirements for these students.

The SELPA is responsible for ensuring the continuum of special education services and programs is available to students with IEPs residing in licensed children's institutions and foster family homes located within the SELPA.

10. For multi-LEA local plans, specify:

- a. The responsibilities of each participating COE and LEA governing board in the policymaking process: *[EC 56205(a)(12)(D)(i)]*

The Operational Steering Committee (OSC) is responsible for developing and adopting appropriate policies regarding the implementation of the Local Plan for special education. Each district Superintendent by participation or representation in the Operational Steering Committee is charged with overseeing the operations of the Local Plan and implementing the policies adopted. Information is transmitted to the Advisory Steering Committee for implementation of the directives and policies and for the development of procedures. The Marin County SELPA provides a coordinating function and serves as staff to each of the groups.

The OSC may establish an adhoc committee in order to study any area of concern or potential conflict. This study group may include representatives from the other levels of the governance structure when determined appropriate; facilitators and consultants may be used. The adhoc committee will discuss and explore the issue(s) raised and make recommendations to the larger group which raised the issue, subsequently following through the procedures outlined for policy

- Approving only its portion of the annual services and budget plans.

c. The responsibilities of district and county administrators of special education in coordinating the administration of the local plan: [EC 56205(a)(12)(D)(i)]

It is the Marin County SELPA's responsibility to assure program availability for all students with disabilities in the school-age population regardless of the disability. It is incumbent upon the Marin County SELPA to see that a continuum of programs and services are available to meet the unique needs of each student with a disability, to assist in Intra-SELPA and Inter-SELPA placements, and to provide technical assistance and administrative support for the requirements of Federal and State laws. The Marin County SELPA Assistant Director is responsible for coordinating the administration of the Marin County SELPA Local Plan.

In the event of a disagreement among local education agencies, local education agencies and the Administrative Unit (AU), local education agencies and/or the AU and the Marin County SELPA regarding the distribution of funding, responsibility for service provision and any other governance activities specified in the Local Plan, it is the intent of the Operational Steering Committee (OSC) that issues be resolved at the lowest level possible. The OSC is the board of last resort. If any party involved in a disagreement is a voting member on OSC, the alternate for that area will replace the voting member during the OSC resolution of the dispute. This policy is intended to resolve disagreements within a period of 45 days but is not intended to undermine local authority. If the permanent members dispute, they will not vote. In the event of a 3-3 vote, a tie vote is a lost vote, as 2/3 is a majority under Roberts Rule of Order (RRO).

If a local education agency disagrees with a decision or practice of another agency or the Marin County SELPA, that local education agency has a responsibility to discuss and attempt resolution of the disagreement with the party, or parties, directly involved. The parties involved will present the issues to their respective superintendents, or designee, who will attempt to resolve the matter. Either party may request the assistance of the Marin County SELPA Administrator, or his/her designee, or the Chair of the OSC. If this process fails, the parties may pursue a hearing on the issues and resolution with the OSC.

If either party disagrees with the recommendation of the OSC, and the dispute relates to the distribution of funding, the responsibility for service provision or other governance activities

specified within the Local Plan, the parties agree to submit the dispute to mediation. The parties will make a good faith effort to mutually agree to a mediator with expertise related to the dispute. If the parties cannot agree on a mediator, the parties will submit the dispute to mediation administered by the American Arbitration Association under its Commercial Mediation Rules.

Any dispute unresolved in mediation, arising from a dispute that relates to the distribution of funding, the responsibility for service provision or other governance activities specified within the Local Plan, shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. If the parties agree, a mediator involved in the parties' mediation may be asked to serve as the arbitrator. Each party shall bear its own costs and expenses and an equal share of the mediator's and/or arbitrator's and administrative fees of arbitration.

The Marin County Office of Education:

The Marin County Office of Education (MCOE) provides regionalized special education programs for students with mild to severe support needs to the seventeen (17) school districts within the Marin County SELPA. Services and programs are provided to students from birth through age 22.

As a participant in California's Early Start Program, the MCOE has an Early Start Intervention program, serving infants and toddlers. Children who are eligible for services due to a low incidence disability and/or any other disabling condition are served by the Golden Gate Regional Center. Children who are eligible for services solely due to a low incidence disability such as Orthopedic, Vision or Hearing Impairments, are served by the Marin County Office of Education.

The MCOE offers a variety of learning experiences for preschool-aged children who require special education services. Special day classes, small group instruction, specialized services for young children on the autism spectrum, programs that build mobility skills and remedial speech and language instruction are among the many services available.

The MCOE Special Education Department operates a variety of special day classes (SDC) for students with mild to moderate or extensive support needs, ages 5-22, who have physical, emotional, cognitive, or developmental disabilities.

The MCOE offers Deaf and Hard of Hearing services for students who are deaf and hard of hearing from age three to 22 years old, whose hearing loss range from mild to profound. Students with these low incidence disabilities are provided with specialized support in district schools, special education classrooms, and other community settings.

The MCOE offers a Visual Impairment (VI) Program that provides services and learning resources for students from age three to 22 years old who meet the eligibility criteria for VI. VI support range from daily intervention for students with intense to monthly consultation for students who require less assistance. These itinerant services are provided in a manner like those described above for students with hearing impairments.

The member Local Educational Agencies (LEAs) comprising the Marin County Special Education Local Plan Area believe that special education is an integral part of the educational process and not separate in any way. Special education is a means of supporting the capacity of the educational system to serve the needs of all students. It is the intent of the districts in the Marin County SELPA to serve students with disabilities in the least restrictive environment

consistent with their academic and non-academic needs.

The Marin County SELPA has a policy for students with disabilities who will receive their education in chronologically age-appropriate general education classrooms at neighborhood school sites unless there is an educationally compelling reason why this cannot be accomplished.

The Local Educational Agency (LEA):

Each member LEA is responsible for, but not limited to the following, in the operation of special education programs:

Operating local programs consistent with state and federal law and regulations and policies and procedures approved for the Marin County SELPA.

Cooperating with the Superintendent of the AU and the LEAs governing board to assure the availability of appropriate services to eligible students regardless of the district of special education accountability.

Assuring equal access to all programs and services operated by the district for all eligible special education students residing anywhere within the Marin County SELPA.

Monitoring the appropriate use of federal, state and local funds allocated for special education programs.

Placing a student in a comparable special education program when an identified special education student moves into the Marin County SELPA. An IEP review will be held within 30 days of an interim placement.

Providing and coordinating transportation for special education students residing in the district as recommended in the IEP.

Assuring full education opportunity to all students residing in the district.

The following guidelines are utilized by member LEAs operating special education programs in order to achieve the least restrictive environment for students with disabilities:

To the maximum extent appropriate, individuals with disabilities will attend the school they would attend if not disabled.

Removal from the general education classroom environment will occur only when the nature of the disability is such that education in regular classes, with the use of special education and related services, cannot be achieved satisfactorily.

To the maximum extent appropriate, individuals with disabilities will be placed in programs that will ensure maximum interaction with the regular classroom and school environment.

Section B: Governance and Administration

SELPA Marin County SELPA

Fiscal Year 2024-25

Individuals with disabilities will have equal access to all activities, programs and facilities on the general school site. Participation in activities will be determined upon the individual needs of the disabled student.

Special day classes will be included in discussions regarding long range planning. Commitments for classroom space on regular school campuses will continue in order to avoid frequent program relocations and to allow individuals with disabilities to develop relationships with non-disabled peers and access to appropriate general education programs.

The IEP team will determine the extent to which an individual with disabilities participates in general classroom education with non-disabled peers. The determination of appropriate program placement, related services needed, and curriculum options offered is made by the IEP team on the individual needs of the student with disabilities.

d. Monitoring the appropriate use of federal, state, and local funds allocated for special education programs: [EC 56205(a)(12)(D)(ii)(IV)]

The OSC is responsible for monitoring the utilization of funds within the Local Plan Area and recommending amendments to the Marin County SELPA fiscal allocation plan.

Each member LEA is responsible for monitoring the appropriate use of federal, state, and local funds allocated for special education programs.

12. Describe how specialized equipment and services will be distributed within the SELPA in a manner that minimizes the necessity to serve students in isolated sites and maximizes the opportunities to serve students in the least restrictive environments: [EC 56206]

The Low Incidence allocation supports the purchase of books, materials, equipment, and services and is bundled into one allocation. The allocation from the California Department of Education is as follows: 70% for materials and supplies and 30% for services.

Any unexpended funds are utilized to support the reimbursement of costs where reimbursement requests have exceeded the allocation. When the amount eligible for reimbursement exceeds the total allocation the reimbursement for the LEAs shall occur on a prorated share. All remaining Low Incidence monies shall be carried over into next year's Low Incidence allocation.

All Low Incidence reimbursement requests shall be received by the Marin County SELPA office on or before June 1st. The above Low Incidence allocation model serves to protect the reimbursement of Low Incidence books, materials, equipment, and services at a rate consistent with prior expenditures.

Please refer to Guidelines for Low Incidence Services (MCS - 33) maintained in the SELPA

1. A description of programs for early childhood special education from birth through five years of age:

Document Title:

Document Location:

The Marin County IDEA Part C Program ensures that infants and toddlers with disabilities or at risk for developmental delays in Marin County receive coordinated services. Part C agency representatives meet to review referrals received and determine which agency, the Marin County Office of Education, on behalf of the SELPA, or, the Golden Gate Regional Center, shall be responsible for case management including assessment, Individual Family Service Plan (IFSP) development and the provision of needed services.

For planning purposes, Golden Gate Regional Center (GGRC) sends a monthly non-child identifiable demographic list of students (Birth to 3) currently enrolled in GGRC Programs to the Marin County Office of Education (MCOE)/Local Educational Agency (LEA). As part of the child find requirements for transition, GGRC will send individual notification to MCOE/LEA of all children ages 2.6 to 36 months who are currently receiving GGRC services. The notifications will serve as notification of children potentially eligible for Part C services. With parent permission GGRC will provide the MCOE/LEA with information and records for infants/toddlers beginning at age 2.6 who may be eligible for services under Part B.

In addition, GGRC and MCOE staff has regularly scheduled meetings to exchange information regarding infant/toddler and family needs and services and information.

GGRC will be the single point of entry for most eligible infants/toddlers; however, the MCOE will provide intake of infants/toddlers with solely low incidence disabilities. The agency receiving the initial referral will contact the family, and notify the other agency of the referral if it appears that the child may be eligible for services from the other agency and will be

reviewed and acted upon within appropriate timelines. Every effort will be made to work collaboratively with parents to enhance communication among families and agencies.

When the complete referral is received by GGRC or the MCOE, a service coordinator will be assigned by the Early Start Program Coordinator for that agency (see Service Coordination). Once a complete referral is received, and a service coordinator is assigned, an assessment/evaluation for eligibility will be scheduled by the service coordinator.

For children with solely low incidence disabilities, MCOE will provide the service coordination. GGRC will assume responsibility for service coordination of children eligible for services that do not have a solely low incidence disability. Both agencies will carry out service coordination responsibilities as noted in Section 52121 in the Early Start Regulations, and will collaboratively determine which agency is responsible for service coordination for children who are dually eligible. The Marin County Office of Education operates a home and center based program. Most toddlers attend this program for one or more days per week with their parent(s) so that program staff may assist the parents to work with their children in the identified areas of need. Teachers in the Early Start program conduct frequent home visits, particularly with the infants, to address home-based issues. Staff assists families in connecting with the wide array of services available, including attending medical appointments with the family, in order to help navigate a complex system of programs and services.

Prior to a child turning 3-years of age, Early Start teachers will coordinate the transition of the student and their family to either district or the Marin County Office of Education’s Early Intervention Program for those students who continue to be eligible and need special education services.

The Marin County SELPA has a continuum of programs for preschool aged children who require special education services. Children who are 3 or 4 years-old and not yet school age-eligible to attend TK or Kindergarten, can receive instruction geared to their individual needs. Non Intensive programs include the provision of individual and small group instruction. Based on assessed student needs, services are provided by credentialed Early Childhood special education teachers, licensed and/ or credentialed speech and language therapists, occupational therapists, and vision or hearing specialists. More intensive programs include special day classes for students with mild to moderate or extensive support needs, moderate to severe special day classes for

students who have global developmental delays and require direct instruction in all areas, and special day classes for students with autism who have needs in the area of language, sensory regulation, and social relationships.

Parents/Guardians receive information regarding the special education referral process and the continuum of preschool services available within the Marin County SELPA. This information is also provided to agencies, physicians, private preschools, Head Start preschool providers and caregivers.

Please refer to the Interagency Agreement between the Marin County Special Education Local Plan Area and Golden Gate Regional Center.

the SELPA regarding the distribution of funding, responsibility for service provision and any other governance activities specified in the Local Plan, it is the intent of the Operational Steering Committee (OSC) that issues be resolved at the lowest level possible. The OSC is the board of last resort. If any party involved in a disagreement is a voting member on OSC, the alternate for that area will replace the voting member during the OSC resolution of the dispute. This policy is intended to resolve disagreements within a period of 45 days but is not intended to undermine local authority. If the permanent members dispute, they will not vote. In the event of a 3-3 vote, a tie vote is a lost vote, as 2/3 is a majority under RRO.

If a local education agency disagrees with a decision or practice of another agency or the SELPA, that local education agency has a responsibility to discuss and attempt resolution of the disagreement with the party, or parties, directly involved. The parties involved will present the issues to their respective superintendents, or designees, who will attempt to resolve the matter. Either party may request the assistance of the SELPA Administrator, or his/her designee, or the Chair of the OSC. If this process fails, the parties may pursue a hearing on the issues and resolution with the OSC.

If either party disagrees with the recommendation of the OSC, and the dispute relates to the distribution of funding, the responsibility for service provision or other governance activities specified within the Local Plan, the parties agree to submit the dispute to mediation. The parties will make a good faith effort to mutually agree to a mediator with expertise related to the dispute. If the parties cannot agree on a mediator, the parties will submit the dispute to mediation administered by the American Arbitration Association under its Commercial Mediation Rules. Any dispute unresolved in mediation, arising from a dispute that relates to the distribution of funding, the responsibility for service provision or other governance activities specified within the Local Plan, shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. If the parties agree, a mediator involved in the parties' mediation may be asked to serve as the arbitrator. Each party shall bear its own costs and expenses and an equal share of the mediator's and/or arbitrator's and administrative fees of arbitration.

For a student placed in a certified nonpublic, nonsectarian school, a representative of the District of Special Education Accountability (DSEA) or the Marin County SELPA will attend an IEP meeting for the student at least annually, or more often if needed, to review student progress.

In accordance with AB 1172, a representative of the DSEA that enters into a master contract with a nonpublic, nonsectarian school or a Marin County SELPA Administrator will conduct an onsite visit to the nonpublic, nonsectarian school.

6. A description of the process by which the SELPA will fulfill the obligations to provide free and appropriate public education (FAPE) to a student age 18 to 21 (or age 22 under the circumstances described in *EC 56026(c)(4)*) who has been incarcerated in a county jail and remains eligible for special education services:

The obligation to make FAPE available extends to those otherwise-eligible adults in county jail, age 18 to 21, who: (a) had been identified as a child with a disability and had received services in accordance with an IEP, but left school prior to their incarceration; or (b) did not have an IEP in their last educational setting, but had actually been identified as a child with a disability. (*EC Section 56040*)

It is the responsibility of the district of residence (DOR) to provide special education services and related services to an adult student in county jail who remains eligible for these services and wishes to receive them. The DOR is the district in which the student's parents resided when the student turned 18, unless and until the parents move to a new DOR. For conserved students, the DOR is based on the residence of the conservator. (*EC Section 56041*)

The Marin Districts in conjunction with the Marin County Office of Education shall actively and systematically seek out all "eligible adults" residing within its boundaries. The LEAs within the SELPA shall ensure that they are identified and provided a FAPE consistent with this policy. Every individual with disabilities who is eligible to receive special education instruction and related services under the Individuals with Disabilities Education Act (IDEA) and state special education laws, shall have access to that instruction and those services at no cost, as appropriate, to him or her. FAPE shall be available to individuals with

disabilities in accordance with Section 1412(a) (1) of Title 20 of the United States Code and Section 300.101 of Title 34 of the Code of Regulations.

Individuals in the federal correctional system fall under the jurisdiction of the Federal Bureau of Prisons within the Department of Justice. IDEA makes no specific provision for funding services for individuals with disabilities through the Bureau of Prisons. Individuals in the state correctional facilities fall under the jurisdiction of the State Department of Corrections. This Policy is to address adult students who are incarcerated in the County Jail within the County of Marin. Adults who are aged 18 to 21 years, who have not graduated with a high school diploma, who, at the time they turned 18 were identified as an individual with disabilities and had an individualized educational program (IEP) under the IDEA, are also entitled to a FAPE (hereinafter referred to as "eligible adults"). (See 20 U.S.C. 1400 (d)(I)(A), (B), (C); 20 U.S.C. 1412 (a)(I)(A); California Education Code (EC) 56000, 56026(c)(4)). This applies to adults incarcerated in California adult jails and prisons.

However, individuals aged 18 through 21, who in the educational placement prior to his or her incarceration in an adult correctional facility was not identified as an individual with disabilities or did not have an IEP under the IDEA, is not entitled to a FAPE (20 U.S.C. 1412(a)(I)(B); California Education Code (EC) 56040(b)).

For eligible adults the District of Special Education Accountability shall be the last district of special education accountability in effect prior to the pupil's attaining the age of majority shall become and remain as the responsible educational agency, as long as and until the parent or parents relocate to a new district of special education accountability. (See California Education Code (EC) 56041 (a)).

Marin County Office of Education (MCOE) shall, on behalf of the DSEA, be the provider of services identified in the FAPE offer as described above. If an eligible adult consents to receive services, MCOE will work with the DSEA and the correctional facility staff to offer services to the eligible adult student with disabilities consistent with the services currently offered through MCOE in the adult correctional facilities. Once MCOE is informed that an eligible adult is incarcerated in an adult correctional facility, they will determine whether the eligible adult requests to receive FAPE. Once the request has been made, MCOE will contact the DSEA, who shall review and revise the IEP as necessary, subject to the cooperation of the correctional facility where the eligible adult is located. The eligible adult must consent to the receipt of such

services in order to receive said services while incarcerated.

The DSEA shall provide MCOE staff with instructional materials that will provide FAPE.

Should MCOE cease to provide educational services at the County Jail, the Advisory Steering Committee would reconvene to review this policy and make changes as appropriate. The following special education requirements do not apply to eligible individuals who are convicted as adults under State law and incarcerated in adult prisons:

1. The requirements set out in 20 U.S.C. 1412(a)(16) and 20 U.S.C. 1414(d)(I)(A)(i)(VI) (relating to participation in general assessments) do not apply. Eligible individuals convicted as adults under State law and incarcerated in adult prisons are exempted from participation in State and district-wide assessment programs under the IDEA
2. The requirements of items (aa) and (bb) of 20 U.S.C. 1414(d)(I)(A)(i)(VIII) (relating to transition planning and transition services), do not apply with respect to such individuals whose eligibility under the IDEA will end, because of their age, before such individuals will be released from prison.
3. In an individual with a disability is convicted as an adult under state law and incarcerated in an adult prison, the individual's IEP Team may modify the individual's IEP or placement notwithstanding the least restrictive environment ("LRE") requirements of the 20 U.S.C. 1412(a)(5)(A) and the IEP contents requirements of 20 U.S.C. 1414(d)(I)(A) if there is a bona fide security or compelling penological interest that cannot otherwise be accommodated.
