INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Nueces Canyon Consolidated Independent School District
P. O. Box 118
Barksdale, TX 78828

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Nueces Canyon Consolidated Independent School District, as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the Nueces Canyon Consolidated Independent School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Nueces Canyon Consolidated Independent School District as of August 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Nueces Canyon Consolidated Independent School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note N to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, Leases. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nueces Canyon Consolidated Independent School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that

an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nueces Canyon Consolidated Independent School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nueces Canyon Consolidated Independent School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - General Fund, Schedule of the District's Proportionate Share of the Net Pension Liability, Schedule of the District's Contributions for Pensions, Schedule of the District's Proportionate Share of the Net OPEB Liability, and Schedule of the District's Contributions for Other Post-Employment Benefits as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide an assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Nueces Canyon Consolidated Independent School District basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements

themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Other Information

Management is responsible for the other information included in the annual report. The Texas Education Agency requires school districts to include certain information in the Annual Financial and Compliance Report in conformity with laws and regulations of the State of Texas. This information is in exhibits identified in the Table of Contents as J-1 through- J-4, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2022, on our consideration of the Nueces Canyon Consolidated Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Nueces Canyon Consolidated Independent School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Nueces Canyon Consolidated Independent School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Nueces Canyon Consolidated Independent School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended August 31, 2022. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total combined net position was \$4,336.1 thousand at August 31, 2022.
- During the year, the District's expenses were \$142.8 thousand less than the \$4,493.9 thousand generated in taxes and other revenues for governmental activities.
- The total cost of the District's programs was virtually unchanged from last year, and no new programs were added this year.
- The general fund reported a fund balance this year of \$3,416.8 thousand.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management's discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-1, Required Components of the District's Annual Financial Report

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets and liabilities is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional nonfinancial factors such as changes in the District's tax base

The government-wide financial statements of the District include the *Governmental activities*. Most of the District's basic services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services and general administration. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has the following kinds of funds:

- *Governmental funds*—Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- *Fiduciary funds*—The District is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's combined net position was \$4,336.1 thousand at August 31, 2022. (See Table A-1).

Table A-1
Nueces Canyon Consolidated Independent School District's Net Position
(in thousands dollars)

	Governmental Activities		Total Percentage Change
	2022	2021	2022-2021
Current assets:

Accrued expenses	4.1	131.9	-96.9%
Total current liabilities	<u>179.0</u>	<u>295.6</u>	<u>-39.4%</u>
Long-term liabilities:			
Net Pension Liability	472.2	935.1	-49.5%
Net OPEB Liability	1,420.5	1,304.0	8.9%
Total Long-term liabilities	<u>1,892.7</u>	<u>2,239.1</u>	<u>-15.5%</u>
Total Liabilities	<u>2,071.7</u>	<u>2,534.7</u>	<u>-18.3%</u>
Deferred Inflows of Resources			
Deferred Inflow - Pensions	533.7	164.2	225.0%
Deferred Inflow - OPEB	1,096.1	1,080.8	1.4%
Total Deferred Outflows of Resources	<u>1,629.8</u>	<u>1,245.0</u>	<u>30.9%</u>
Net Position:			
Invested in capital assets	2,429.5	2,112.2	15.0%
Restricted for federal and state programs	140.1	99.9	40.2%
Unrestricted	<u>1,766.5</u>	<u>1,945.4</u>	<u>-9.2%</u>
Total Net Position	<u>\$ 4,336.1</u>	<u>\$ 4,157.5</u>	<u>4.3%</u>

The \$1,766.5 thousand of unrestricted net asset represents the sources available to fund the programs of the District next year.

Changes in net position. The District's total revenues were \$4,493.9 thousand. A significant portion, 63 percent, of the District's revenue comes from taxes. (See Figure A-3.) 15 percent comes from state aid – formula grants, while 1 percent relates to charges for services.

The total cost of all programs and services was \$4,351.1 thousand; 48 percent of these costs are for instructional and student services. (See Figure A-4.) and 9 percent is spent on plant maintenance.

Governmental Activities

- Property tax rates decrease from \$1.0531 in 2021 to \$0.9967 in 2022. Valuations increased 9.29034%. This resulted in tax revenues increasing 4.3%.

Table A-2

Figure A-3 2022 Revenue Sources

Table A-3 presents the cost of each of the District's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of all *governmental* activities this year was \$4,351.1 thousand.
- However, the amount that our taxpayers paid for these activities through property taxes was only \$2,820.4 thousand.
- Some of the cost was paid by those who directly benefited from the programs \$36.9 thousand, or
- By grants and contributions \$960.2 thousand.

Table A-3
Net Cost of Selected District Functions
(in thousands of dollars)

	Total Costs of Services			Net Cost of Services		
	2022	2021	Percent Change	2022	2021	Percent Change
Instructional	\$ 2,097.8	\$ 2,329.2	-9.9%	\$ 1,722.3	\$ 1,832.9	-6.0%
School Administration	211.2	267.8	-21.1%	207.4	244.5	-15.2%
Plant Maintenance & Operations	372.6	397.1	-6.2%	311.9	292.5	6.6%
Food Service	213.1	170.1	25.3%	(38.4)	(9.1)	322.0%

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Revenues from governmental fund types totaled \$4,737.5 thousand, an increase of 5.5% from the preceding year.

General Fund Budgetary Highlights

Over the course of the year, the District revised its budget many times. Even with these adjustments, actual expenditures were \$223,179 less than the final budget amounts; also, resources available were \$109,188 less than the final budgeted amount. Some reasons for these differences are:

- Changes in personnel during the year.
- Major items and services were more than anticipated.
- State Revenue collections were less than expected.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2022, the District had invested \$8,041.9 in a broad range of capital assets, including land, equipment, buildings, and vehicles. (See Table A-4.)

Table A-4
District's Capital Assets
(in thousands of dollars)

	Governmental Activities		Total Percentage Change 2022-2021
	2022	2021	
Land	\$ 72.8	\$ 72.8	0.0%
Construction in Progress	-	-	0.0%
Building and Improvements	6,489.5	6,139.9	5.7%
Furniture & Equipment	1,479.6	1,271.6	16.4%
Totals at historical cost	8,041.9	7,484.3	7.5%
Total Accumulated Depreciation	(5,612.3)	(5,372.1)	4.5%
Net Capital Assets	\$ 2,429.6	\$ 2,112.2	15.0%

Debt Administration

The District paid off all debt during the year and had no debt outstanding at the end of the year.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised values used for the 2023 budget preparation are up 17.5% from 2022.
- Tax rates have been reduced from \$0.9967 in 2022 to \$0.9429 in 2023.
- The District's 2023 refined average daily attendance is expected to remain steady throughout the year.

These indicators were taken into account when adopting the general fund budget for 2023. Amounts available for appropriation in the general fund budget are approximately \$4.03 million, which is a 5.5% increase from 2022.

Expenditures are budgeted to increase to \$4.03 million. The District continues to coordinate local funds with federal funds to optimize instructional programs.

If these estimates are realized, the District's budgetary general fund balance is expected to remain the same by the close of 2023.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Business Services Department.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
AUGUST 31, 2022

Total Fund Balances - Governmental Funds	\$ 3,557,664
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$ 7,484,274 and accumulate depreciation was \$ 5,372,057. The net effect of including the beginning balances for the capital assets (net of depreciation) and long-term debt in the governmental activities is to increase net position.	2,112,217
2 Current year capital outlays and long-term debt principal payments are expended in the fund financial statements, but the should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2022 capital outlays and debt principal payments is to increase net position.	557,576
3 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. At the beginning of the year, the net position related to TRS was a Deferred Resource Outflow in the amount of \$467,570, a Deferred Resource Inflow in the amount of \$164,199 and a net pension liability in the amount of \$935,116. The impact of this on Net Position is (631,745). Changes from the current year reporting of the TRS plan resulted in a increase in net position in the amount of (\$12,929). The combination of the beginning of the year amounts and the changes during the year resulted in a difference between the ending fund balance and the ending net position in the amount of (\$618,816).	(618,816)
4 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75. At the beginning of the year, the net position related to OPEB was a Deferred Resource Outflow in the amount of \$896,839, a Deferred Resource Inflow in the amount of \$1,080,827 and a net OPEB liability in the amount of \$1,304,028. The impact of this on Net Position is (1,488,016). Changes from the current year reporting of the OPEBS plan resulted in a in net position in the amount of \$20,954. The combination of the beginning of the year amounts and the changes during the year resulted in a difference between the ending fund balance and the ending net position in the amount of (\$1,508,970).	(1,508,970)
5 The 2022 depreciation expense increased accumulate Depreciation. The net effect on the current year's depreciation is to decrease net position.	(240,273)
6 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, eliminating interfund transactions, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.	476,658
19 Net Position of Governmental Activities	\$ 4,336,056

 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
 REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
 TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED AUGUST 31, 2022

Total Net Change in Fund Balances - Governmental Funds \$ (140,471)

Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2022 capital outlays and debt principal payments is to increase net position. 557,576

Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect on the current year's depreciation is to decrease net position. (240,273)

Current year changes due to GASB 68 decreased revenues in the amount of \$122,780 but also increased expenditures in the amount of \$135,709. The net effect on the change in the ending net position was an increase in the amount of \$12,929. 12,929

Current year changes due to GASB 75 decreased revenues in the amount of \$94,803 but also increased expenditures in the amount of \$73,849. The net effect on the change in the ending net position was a decrease in the amount of \$20,954. (20,954)

Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, eliminating interfund transactions, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to decrease net position. (25,962)

Change in Net Position of Governmental Activities \$ 142,845

**NUECES CANYON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2022**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nueces Canyon Independent School District (the District) is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the Board) elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in *GASB Statement No. 76*; and it complies with the requirements of the appropriate version of *Texas Education Agency's Financial Accountability System Resource Guide* (the Resource Guide) and the requirements of contracts and grants of agencies from which it receives funds.

Pensions. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fair Value Measurement. As of August 31, 2022, Nueces Canyon Independent School District retrospectively / prospectively applied Government Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. GASB Statement No. 72 provides guidance for determining a fair value measurement for reporting purposes and applying fair value to certain investments and disclosures related to all fair value measurements.

Other Post-Employment Benefits. The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

A. REPORTING ENTITY

The Board of Trustees (the "Board") is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board ("GASB") in its Statement No. 14, "The Financial Reporting Entity." There are no component units included within the reporting entity.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Nueces Canyon Independent School District nonfiduciary activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, State foundation funds, grants and other intergovernmental revenues.

The Statement of Activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the District. Examples include tuition paid by students not residing in the district, school lunch charges, etc. The "grants and contributions" column includes amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If a revenue is not a program revenue, it is a general revenue used to support all of the District's functions. Taxes are always general revenues.

Interfund activities between governmental funds appear as due to/due from on the Governmental Fund Balance Sheet and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance. All interfund transactions between governmental funds are eliminated on the government-wide statements. Interfund activities between governmental funds and fiduciary funds remain as due to/due from on the government-wide Statement of Activities.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The District considers some governmental funds major and reports their financial condition and results of operations in a separate column.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The District considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

The Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The fund equity is segregated into invested in capital assets net of related debt, restricted net position, and unrestricted net position.

D. FUND ACCOUNTING

The District reports the following major governmental funds:

1. **The General Fund** – The general fund is the District's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
2. **Special Revenue Funds** – The District accounts for resources restricted to, or designated for, specific purposes by the District or a grantor in a special revenue fund. Most Federal and some State financial assistance is accounted for in a Special Revenue Fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods

Additionally, the District reports the following fund type(s):

Fiduciary Funds:

3. **Custodial Funds** – The District accounts for resources held for others in a custodial capacity in agency funds. The Districts Custodial Funds are the Student Activity Fund.

E. FUND BALANCE POLICY

Nueces Canyon Independent School District reports fund balance for governmental funds in classifications based primarily on the extent to which the district is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The nonspendable classification represents assets that will be consumed or must be maintained intact and therefore will never convert to cash, such as inventories of supplies and endowments. Provisions of laws, contracts, and grants specify how fund resources can be used in the restricted classification. The nature of these two classifications precludes a need for a policy from the Board of Trustees. However, the Board has adopted fund balance policies for the three unrestricted classifications - committed, assigned, and unassigned.

From time to time, the Board of Trustees may commit fund balances by a majority vote in a scheduled meeting. The Board's commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments cannot exceed the amount of fund balance that is greater than the sum of nonspendable and restricted fund balances since that practice would commit funds that the district does not have. Commitments may be for facility expansion or renovation, program modifications, wage and salary adjustments, financial cushions and other purposes determined by the Board.

The Board of Trustees may delegate authority to specified persons or groups to make assignments of certain fund balances by a majority vote in a scheduled meeting. The Board may modify or rescind its delegation of authority by the same action. The authority to make assignments shall be in effect until modified or rescinded by the Board by majority vote in a scheduled meeting.

F. OTHER ACCOUNTING POLICIES

1. The District records purchases of supplies as expenditures.
2. The District records its investments in external investment pools at cost, which approximates fair value.

3. The District provides risk management obligations by carrying appropriate insurance. Property and general liability insurance are obtained from the Texas Association of School Boards Risk Management Fund. Risk of loss is not retained by the District.
4. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
5. The Data Control Codes refer to the account code structure prescribed by TEA in the Financial Accountability System Resource Guide. Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a Statewide data base for policy development and funding plans.
6. In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.
7. There is no liability for unpaid accumulated sick leave since the District does not have a policy to pay any amounts when employees separate from service with the government.
8. Capital assets, which include land, buildings, furniture and equipment are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building Improvements	20
Infrastructure	40
Vehicles	10
Office Equipment	10
Computer Equipment	10

9. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Districts deferred outflows of resources consist of differences between expected and actual actuarial experience (pension & OPEB), changes in actuarial assumptions (pension & OPEB), differences between projected and actual investment earnings (OPEB), change in proportion and differences between employer's contributions and the proportionate share of contributions (pension & OPEB), and contributions paid to TRS subsequent to the measurement date (pension & OPEB).

10. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one type of item which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Uncollected property taxes which are assumed collectible are reported in this category on the balance sheet for governmental funds. They are not reported in this category on the government wide statement of net position. In the government wide financial statements, the District reports a deferred inflow of resources for differences between expected and actual actuarial experience (pension & OPEB), changes in actuarial assumptions (pension & OPEB), differences between projected and actual investment earnings (pension), and changes in proportion and differences between employer's contributions and the proportionate share of contributions (pension).

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY DATA

The Board of Trustees adopts an "appropriated budget" for the General Fund, and the Food Service Fund (which is included in Special Revenue Funds). The District is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The District compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit G-1 and the Food Service Fund Budget is in Exhibit J-2.

The following procedures are followed in establishing the budgetary data reflected in the general-purpose financial statements:

1. Prior to August 20 the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must be given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Because the District has a policy of careful budgetary control, several amendments were necessary during the year. However, none of these were significant.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. DEPOSITS AND INVESTMENTS

District Policies and Legal and Contractual Provisions Governing Deposits

Custodial Credit Risk for Deposits State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the District complies with this law, it has no custodial credit risk for deposits.

Foreign Currency Risk The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit by not participating in foreign currency transactions.

District Policies and Legal and Contractual Provisions Governing Investments

Compliance with the Public Funds Investment Act

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires a governmental entity to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit.

Statutes authorize the entity to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the entity to have independent auditors perform test procedures related to investment practices as provided by the Act. Nueces Canyon Consolidated Independent School District is in substantial compliance with the requirements of the Act and with local policies.

As of August 31, 2022, Nueces Canyon Consolidated Independent School District had the following investments.

<u>Investment Type</u>	Investment Maturities		Credit Rating
	Fair Value	(in years) Less Than 1	
None			

Additional policies and contractual provisions governing deposits and investments for Nueces Canyon Consolidated Independent School District are specified below:

Credit Risk To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations the District limits investments to depository bank certificates of deposits and state sponsored investment pools.

Custodial Credit Risk for Investments To limit the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in possession of an outside party the District requires counterparties to register the securities in the name of the District and hand them over to the District or its designated agent. All of the securities are in the District's name and held by the District or its agent.

Concentration of Credit Risk To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the District limits investments in both depository bank certificates of deposits and state sponsored investment pools. As of the end of the fiscal year, the District had no investments.

Interest Rate Risk To limit the risk that changes in interest rates will adversely affect the fair value of investments, the District requires the investment portfolio to have maturities of less than one year on a weighted average maturity basis.

Foreign Currency Risk for investments The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment by not investing in foreign currencies.

B. PROPERTY TAXES

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.

C. DELINQUENT TAXES RECEIVABLE

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General and Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

D. INTERFUND RECEIVABLES AND PAYABLES

None

E. CAPITAL ASSET ACTIVITY

Capital asset activity for the twelve months ended August 31, 2022 was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
<i>Governmental activities:</i>				
<i>Capital assets not being depreciated:</i>				
Land	\$ 72,750	\$ -	\$ -	\$ 72,750
Construction in Progress	-	-	-	-
Total capital assets not being depreciated	<u>72,750</u>	<u>-</u>	<u>-</u>	<u>72,750</u>
<i>Capital assets being depreciated:</i>				
Buildings and Improvements	6,139,937	349,548	-	6,489,485
Furniture and Equipment	<u>1,271,587</u>	<u>208,027</u>	<u>-</u>	<u>1,479,615</u>
Total capital assets being depreciated	<u>7,411,525</u>	<u>557,576</u>	<u>-</u>	<u>7,969,100</u>
Less accumulated depreciation for:				
Buildings and Improvements	4,267,428	186,031	-	4,453,459
Furniture and Equipment	<u>1,104,629</u>	<u>54,242</u>	<u>-</u>	<u>1,158,870</u>
Total accumulated depreciation	<u>5,372,056</u>	<u>240,273</u>	<u>-</u>	<u>5,612,729</u>
Total capital assets being depreciated, net	<u>2,039,468</u>	<u>317,303</u>	<u>-</u>	<u>2,356,371</u>
Governmental activities capital assets, net	<u>\$ 2,112,218</u>	<u>\$ 317,303</u>	<u>\$ -</u>	<u>\$ 2,429,521</u>

Plant Maintenance and Operations	19,708
Security and Monitoring Services	1,187
Data Processing Services	2,385
Payments to Fiscal Agent/Member Districts of SSA	-
Governmental activities capital assets, net	<u>\$ 240,274</u>

F. DEFINED BENEFIT PENSION PLAN

Plan Description. Nueces Canyon Independent School District participates in a cost-sharing multiple- employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one- half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about_publications.aspx, by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698, or by calling (512) 542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31

years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution Rates		
	<u>2022</u>	<u>2021</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	7.5%	7.5%
Employers	7.5%	7.5%
Nueces Canyon ISD 2022 Employer Contributions	\$	78,232
Nueces Canyon ISD 2022 Member Contributions	\$	168,212
Nueces Canyon ISD 2021 NECE On-Behalf Contributions	\$	125,861

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools, and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers, including public schools, are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part, or all of an employee's salary is paid by federal funding sources or a privately sponsored source, from non-educational and general, or local funds.

In addition to the employer contributions listed above, there is an additional surcharge an employer is subject to.

- All public schools, charter schools, and regional educational service centers must contribute 1.6 percent of the member's salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions.

Roll Forward. The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the total pension liability to August 31.

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term expected Investment Rate of Return	7.25%
Municipal Bond Rate as of August, 2020	1.95% - Source for the rate is the Fixed income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity index's "20-Year Municipal GO AA Index."
Last year ending August 31 in Projection Period (100 Years)	2120
Inflation	2.3%
Salary Increases Including Inflation	3.05% to 9.05%
Ad hoc Post Employment Benefit Changes	None

The actuarial methods and assumptions used in the determination of the total pension liability assumptions are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

Discount Rate. A single discount rate of 7.25% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25%. The projection of cash flows used to determine the single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2021 are summarized below:

Asset Class	Target Allocation ² %	Long-Term Expected Geometric Real Rate of Return ³	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
USA	18.0%	3.6%	0.94%
Non-U.S. Developed	13.0%	4.4%	0.83%
Emerging Markets	9.0%	4.6%	0.74%
Private Equity	14.0%	6.3%	1.36%
Stable Value			
Government Bonds	16.0%	(0.2)%	0.01%
Absolute Return	0.0%	1.1%	0.00%
Stable Value Hedge Fund	5.0%	2.2%	0.12%
Real Return			
Real Assets	15.0%	4.5%	1.00%
Energy, Natural Resources, and Infrastructure	6.0%	4.7%	0.35%
Commodities	0.0%	1.7%	0.00%
Risk Parity			
Risk Parity	8.0%	2.8%	0.28%
Asset Allocation Leverage			
Cash	2.0%	(0.7)%	(0.01)%
Asset Allocation Leverage	(6.0)%	(0.5)%	0.03%
Inflation Expectation			2.20%
Volatility Drag ⁴			(0.95)%
Expected Return	100%		6.90%

¹ Absolute Return includes Credit Sensitive Investments.

² Target Allocation are based on the FY2020 policy model

³ Capital market Assumptions come from Aon Hewitt (as of 08/31/2020).

⁴ The volatility drag results from the conversion between arithmetic and geometric mean returns.

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the 2021 Net Pension Liability.

	<u>1% Decrease in Discount Rate (6.25%)</u>	<u>Discount Rate (7.25%)</u>	<u>1% Increase in Discount Rate (8.25%)</u>
Nueces Canyon ISD's proportionate share of the net pension liability:	\$ 1,031,754	\$ 472,164	\$ 18,167

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2022, Nueces Canyon Independent School District reported a liability of \$472,164 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to Nueces Canyon Independent School District. The amount recognized by Nueces Canyon Independent School District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Nueces Canyon Independent School District were as follows:

District's Proportionate share of the collective net pension liability	\$ 472,164
--	------------

State's proportionate share that is associated with the District

770,737

Total

\$ 1,242,901

The net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net pension liability was .0018540640% which was a 0.0001080746% increase from its proportion measured as of August 31, 2020.

Changes Since the Prior Actuarial Valuation

There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2021, Nueces Canyon Independent School District recognized pension expense of \$3,081 and revenue of \$3,081 for support provided by the State.

At August 31, 2022, Nueces Canyon Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 790	\$ 33,241
Changes in actuarial assumptions	166,901	72,754
Difference between projected and actual investment earnings	-	395,904
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	141,171	31,847
Contributions paid to TRS subsequent to the measurement date [to be calculated by employer]	78,232	
Total	\$387,094	\$533,746

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount
2022	\$ (40,226)
2023	(39,035)
2024	(68,208)
2025	(90,513)
2026	11,538
Thereafter	1,559

G. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN

Plan Description. Nueces Canyon Independent School District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052.

The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position. Detail information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about_publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table.

TRS-Care Standard Plan Premium Rates Effective January 1, 2021 - December 31, 2022		
	Medicare	Non-Medicare
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions. Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is .65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

<u>Contribution Rates</u>		
	<u>2022</u>	<u>2021</u>
Active Employer	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding by employer	1.25%	1.25%
Nueces Canyon ISD 2022 Employer Contributions	\$	17,490
Nueces Canyon ISD 2022 Member Contributions	\$	13,668

Nueces Canyon ISD 2021 NECE On-Behalf Contributions \$ 38,543

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employers hire a TRS retiree, they are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$5,520,343 in fiscal year 2021 for consumer protections against medical and health care billing by certain out-of-network providers.

Actuarial Assumptions.

The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021. The actuarial valuation was determined using the following actuarial assumptions:

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2020 TRS pension actuarial valuation that was rolled forward to August 31, 2021:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability	

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the most recently published scale MP-2018.

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	1.95% as of August 31, 2021
Aging Factors	Based on plan specific experience
Election Rates	Normal retirement: 65% participation prior to age 65 and 40% after age 65. 25% of pre-65 retirees are assumed to discontinue coverage at age 65.
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05% to 9.05% including inflation

Ad hoc post-employment benefit changes None

Discount Rate. A single discount rate of 1.95% was used to measure the total OPEB liability. There was a decrease of .30% in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2020 using the fixed-income municipal bonds with 20 years to maturity that include only federally taxexempt municipal bonds.

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (1.95%) in measuring the 2021 Net OPEB Liability.

	1% Decrease in Discount Rate (0.95%)	Discount Rate (1.95%)	1% Increase in Discount Rate (2.95%)
Nueces Canyon ISD's proportionate share of the net OPEB liability:	\$1,713,415	\$1,420,471	\$1,189,914

Healthcare Trend Rates Analysis. The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the health trend rates assumed.

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Nueces Canyon ISD's proportionate share of the net OPEB liability:	\$1,150,534	\$1,420,471	\$1,782,659

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. At August 31, 2022, Nueces Canyon Independent School District reported a liability of \$1,420,471 for its proportionate share of the TRS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to Nueces Canyon Independent School District. The amount recognized by Nueces Canyon Independent School District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with Nueces Canyon Independent School District were as follows:

District's Proportionate share of the collective net OPEB liability	\$ 1,420,471
State's proportionate share that is associated with the District	<u>1,903,114</u>
Total	<u>\$ 3,323,585</u>

The net OPEB liability was measured as as of August 31, 2020 and rolled forward to August 31, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPBE plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net OPBE liability was .0036824119% which was an increase (decrease) of .0002520694% from its proportion measured as of August 31, 2020.

Changes Since the Prior Actuarial Valuation –There were no changes in benefit terms since the prior measurement date.

For the year ended August 31, 2022, Nueces Canyon Independent School District recognized OPEB expense of \$28,265 and revenue of \$28,265 for support provided by the State.

At August 31, 2022, Nueces Canyon Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 61,158	\$687,607
Changes in actuarial assumptions	157,334	300,403
Difference between projected and actual investment earnings	1,542	
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	770,026	108,039
Contributions paid to TRS subsequent to the measurement date	28,071	
Total	\$1,018,131	\$1,096,049

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount
2022	\$ (61,515)
2023	(61,549)
2024	(61,541)
2025	(24,150)
2026	(26,471)
Thereafter	76,295

H. MEDICARE PART D – ON BEHALF PAYMENTS

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which became effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (“TRS-Care”) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments must be recognized as equal revenues and expenditures/expenses by the District. These payments totaled \$8,773, \$9,756 and \$6,598, for fiscal years 2020, 2021, and 2022, respectively.

I. HEALTH CARE COVERAGE

The District participates in TRS-Active Care sponsored by the Teacher Retirement System of Texas. TRS-Active Care (the Plan) provides health care coverage to employees (and their dependents) of participating public education entities. Optional life and long-term care insurance are also provided to active members and retirees. Authority for the Plan can be found in the Texas Insurance Code, Title 8, Subtitle H, Chapter 1579 and in the Texas Administrative Code, Title 34, Part 3, Chapter 41. The Plan began operations on September 1, 2002. This is a premium-based plan. Payments are made on a monthly basis for all covered employees.

J. DUE FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of August 31, 2022, are summarized below. All federal grants shown below are passed through the TEA.

<u>FUND</u>	<u>STATE ENTITLEMENT</u>	<u>FEDERAL GRANT</u>	<u>OTHER</u>	<u>TOTAL</u>
General	\$ 380,347	\$ -	\$ 3,400	\$ 383,747
Special Revenue	-	283,674	-	283,674
	<u>\$ 380,347</u>	<u>\$ 283,674</u>	<u>\$ 3,400</u>	<u>\$ 667,421</u>

K. REVENUE FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Total</u>
Property Taxes	\$ 2,847,643	\$ -	\$ 2,847,643
Penalties & Interest and Other			
Tax -related Income	96,091	-	96,091
Investment Income	2,348	-	2,348
Food Sales	-	11,871	11,871
Rent	10,200	2,000	12,200
Tuition	16,071	-	16,071
Co-curricular Student Activities	23,123	-	23,123
Other	4,596	-	4,596
	<u>\$ 3,000,072</u>	<u>\$ 13,871</u>	<u>\$ 3,013,943</u>

L. SIGNIFICANT COMMITMENTS AND CONTINGENCIES

The District participates in numerous State and Federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at August 31, 2022, may be impaired. In the opinion of the District, there were no significant contingent liabilities relating to compliance with rules and regulations governing the respective grants, therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

M. LITIGATION

The District is occasionally involved in litigation in the general course of business. Attorneys for the District indicate that the Nueces Canyon Consolidated Independent School District has no pending or threatened litigation as of August 31, 2022. No provision has been made in the financial statements regarding these matters.

N. IMPLEMENTATION OF NEW GOVERNMENTAL ACCOUNTING STANDARD

During the year the District implemented Governmental Accounting Standards Board Statement No. 87 - Leases ("GASB 87"). The objective of GASB 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions in the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities

The District has recorded right to use lease assets as a result of implementing GASB 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

O. NEGATIVE BUDGET VARIANCES

The District had negative budget variances in the following:

GENERAL FUND

Fund 23 School Leadership	(576)
Fund 35 Food Service	(700)
Fund 99 Other Intergovernmental Charges	(3,523)

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

Independent Auditor's Report

Board of Trustees
Nueces Canyon Consolidated Independent School District
P. O. Box 118
Barksdale, TX 78828

Members of the Board:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Nueces Canyon Consolidated Independent School District, as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise Nueces Canyon Consolidated Independent School District's basic financial statements, and have issued our report thereon dated November 21, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Nueces Canyon Consolidated Independent School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Nueces Canyon Consolidated Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Nueces Canyon Consolidated Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Nueces Canyon Consolidated Independent School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
