

Chronic Absenteeism

CHRONIC ABSENTEEISM

1

CA = missing 10% (or 18 days) in a school year **for any reason**

2

22-23 school year 26.6% of Ohio students were CA

3

Know your district's data

4

Analyze your district's data; put a name and story to the numbers

5

Examine your policies and data input practices for self inflicted wounds

6

Best chance to reduce CA is at the building level through family engagement

7

Research the academic impact of CA then tell that story

8

CA can be reduced if made a focus

9

Build this work into existing teams

10

If CA becomes a normed behavior it will be very difficult to change, time is of the essence
