What is Title I?

Title I, Part A of the Elementary and Secondary Education Act (ESEA) provides financial assistance to states and school districts to meet the needs of educationally at-risk students. The goal of Title I is to provide extra instructional services and activities which support students identified as failing or most at risk of failing the state's challenging performance standards in core areas.

SCHOOLWIDE PROGRAM

A schoolwide program is a comprehensive reform strategy designed to upgrade the entire educational program in a Title I school. The primary goal of a schoolwide program is to ensure that all students, particularly those who are low-achieving, demonstrate proficient and advanced levels of achievement on State academic achievement tests.

There are three core elements of a schoolwide program:

- 1) A school must conduct a comprehensive needs assessment that identifies the school's strengths and weaknesses in key areas that affect student achievement.
- 2) The school must develop a comprehensive schoolwide plan that describes how it will achieve the goals it has identified as a result of the needs assessment.
- 3) The school must evaluate annually the outcomes and the plan's implementation to determine whether the academic achievement of all students, and particularly of low-achieving students, improved, whether the goals and objectives contained in the plan were achieved, and if the plan is still appropriate.
