

Dr. Kirk (Wade) Seibert, Class of 1965, being recognized for his devotion to the many endeavors of the Alumni Association, many of which he has been a part of, often behind the scenes, particularly noting the years he has served as the docent and designer of nearly ninety Alumni Showcase exhibits to date. Few realize the talent and time that are required to design, gather, and install these museum quality presentations. He is further honored for managing the recognition of Alumni who in some capacity give back to the school, the community, and wider areas of service.
