Beatrice Hallman is known by her students, colleagues, and neighbors as a distinguished Lower Dauphin teacher, coach, mentor and friend not only on the court, on the playing fields, in the gymnasium, but also in the classroom. She was Lower Dauphin's first girls' basketball and field hockey coach. Early in Lower Dauphin's history, she championed the importance of athletic competition and participation for female students. She fostered the development of personal skills and teamwork as goals of her students, and exhorted students to apply those attitudes throughout their lives. Long after employment at the district, she has remained a loyal fan of Lower Dauphin athletic teams, especially the field hockey team. **Linda Kreiser** (LD 1970) and **Julie Staver** (LD 1970) have nominated their coach. Both Kreiser and Staver are previous recipients of Distinguished Alumni Awards.
