Patricia Swigart, has been named as the Distinguished Service Award recipient who champions projects in the community and the district which benefit young people and their families; which improve the quality of life in the area; and provide learning experiences and socialization for children and young people who participate. With tremendous support from family members, she has worked tirelessly to promote the Miss Hummelstown pageant, to stage the Christmas store for children, to support activities of the Historical Society, and to provide Rotary scholarships for Lower Dauphin students. Swigart demonstrates the importance of commitment to our families through her involvement in the All Hummelstown High School reunions and the American Legion. Her lifelong devotion to antique automobile collecting also is a reminder to many of us of the memories we associate with the first cars we owned or drove while attending Lower Dauphin, regardless of their year, make, or condition. She was nominated her daughter, **Patti Krow** (LD 1973), and **Jean Seibert** (LD 1965).
