2011 LDAA Distinguished Alumni Award for Leadership

Elizabeth (Betty) Musser Radle (Class of 1962) exemplifies leadership in her service to the community, as well as Lower Dauphin. She has served as the vice-president of the Lower Dauphin Alumni Association for many years. One key role she has is that she works on Hummelstown High School reunions as the representative of all Lower Dauphin graduates. Betty was also the vice-chairperson of the recent LDAA 50th Golden Jubilee celebration. She is President of the Hummelstown Community Foundation and also serves on Hummelstown's 250th Celebration Committee. Betty does more than serve on these committees. She can always be counted on to attend Lower Dauphin and Hummelstown events; volunteer on projects both large and small; and assume key leadership positions in community events. The willingness to help in large or small capacities, and with and without recognition, is a measure of a true leader.
