MISSION, VISION and CORE VALUES

I. Mission Statement

The mission of the Seneca Valley Athletics program is to offer an exceptional student-athlete experience which complements classroom learning and enhances the overall development—academic, athletic, and social—of each of its participating students. Along with the pursuit of excellence, developing our student-athletes into respectful, honorable, and responsible citizens of the community is a principle objective and vital component of our success.

Middle School Athletics

In addition, the objective of our Middle School Athletics program is to familiarize our student-athletes with competitive interscholastic sport, introduce them to rules, rewards, and consequences, teach them about the team taking precedence over the individual, demonstrate the importance of learning and practicing fundamentals, and instill a level of discipline that traverses athletics into academics. We believe that winning is measured by more than just a scoreboard and that all participants should have reasonable opportunity to develop and demonstrate their skill in competitive opportunities.

II. Vision

The Seneca Valley Athletics program will take a leadership position in interscholastic athletics demonstrating that championship athletic experiences and commitment to academic excellence are not mutually exclusive. The student-athletes and coaches of Seneca Valley will embrace their responsibility as community leaders, honor their role as representatives of the District, and conduct themselves with the highest ethical standards.

III. Core Values

The student-athletes, coaches, and staff of Seneca Valley Athletics will commit themselves to the following core values:

- Loyalty
- Integrity
- Honesty
- Respect
- Work Ethic
- Leadership
- Sportsmanship
- Team Before Self

IV. Departmental Commitment

The Seneca Valley Athletics program and its coaches embrace their roles of teacher, leader, and server. In our pursuit of excellence, we strive to represent a program founded on teaching valuable life lessons, modeling behavior of utmost character and integrity, and serving the community with a sincere sense of responsibility. As a department we commit to serve our students by:

- Recognizing the importance of and opportunity to develop their leadership skills
- Providing them with the tools necessary for success
- Supporting them through positive coaching, mentorship, and appropriate counsel
- Modeling inclusivity not exclusivity
- Leading calmly through adversity, thereby revealing the importance of character
- Emphasizing the importance of good sportsmanship in all scenarios
- Teaching teamwork and sacrifice are the foundations for success
- Competing with pride and honor in pursuit of victory
- Showing them how to win with humility and lose with dignity

SENECA VALLEY

Student Athletic Manual

STUDENT-ATHLETE CODE of CONDUCT

I. Introduction—Fundamental Principles

Participation in interscholastic sports sponsored or authorized by the Seneca Valley School District (which includes club sports) is a privilege, not a right. Students who desire to participate in these programs are expected to accept the responsibilities granted to them by this privilege.

When participating in interscholastic athletic competition, student-athletes represent not only themselves, but their school, communities, coaches and families. All student-athletes are expected to conform to high standards of conduct which will earn them the honor and respect that participation and competition in interscholastic programs afford. Inappropriate conduct of student-athletes tarnishes the reputation of everyone associated with the athletic program. Thus, student-athletes must refrain from any conduct intended to disparage, degrade, provoke or otherwise discredit their opponents, game officials or administrators or spectators.

Participation in the District's athletic programs is subject to compliance with the rules, expectations, regulations, and policies of the Seneca Valley School District and its Athletics Department and, as applicable, of the Pennsylvania Interscholastic Athletic Association (PIAA), Western Pennsylvania Interscholastic Athletic League (WPIAL) or any similar governing organization.

II. Expectations

- Student-athletes will demonstrate good sportsmanship and maintain emotional control at all times. Sportsmanship requires one to understand his/her own bias and to not allow the desire to win from interfering with proper judgment and respectful behavior.
- Student-athletes will not use profanity, racial harassing or demeaning comments, obscene gestures or obscene language toward teammates, coaches, opponents, officials, administration or spectators.
- Disrespectful behavior aimed at opponents, officials, spectators, coaches, administration, and/or team members will not be tolerated. This includes no tolerance for taunting of opponents.
- Student athletes will not purposefully seek to injure opponents.
- Student athletes will respect the integrity and judgment of calls and decisions of game officials. Game officials should be recognized as impartial arbitrators who have been trained to do their job and who can be expected to do it to the best of their ability.
- Student-athletes will win with humility and lose with dignity and will shake hands with opposing team members and coaches after each contest.
- Student-athletes will not engage in and will not be tolerant of violent acts, including assaults on persons or property, hazing, bullying or any other conduct prohibited by law or District policy. If a student-athlete witnesses such acts perpetrated by others, he/she will report them to their coach or another District authority immediately.
- Student-athletes will be held accountable to follow both the District's rules and individual team rules, as communicated by their coaches.
- Student-athletes will adhere to all school district academic standards and maintain a weekly minimum GPA of 2.0 in order to remain eligible.

SENECA VALLEY

Student Athletic Manual

STUDENT-ATHLETE CODE of CONDUCT

III. Consequences

Any student-athlete whose conduct is determined to have been a violation of these principles and expectations shall be subject to disciplinary action as determined by the Head Coach, Athletic Director, and/or Principal according to the nature and degree of the infraction. In addition to any disciplinary action otherwise applicable pursuant to Seneca Valley School District policies, the student-athlete may be suspended from participation in practices and/or competition, removed from the team or prohibited from future participation in any interscholastic athletic activity.

IV. Social Media

As the District has stated, it is a privilege to participate in interscholastic athletics and with that privilege comes certain responsibilities. As an advocate for technology, the District also recognizes the role social media plays in communication and outreach. It is the expectation our student-athletes will use social media platforms in a positive and respectful manner to engage with family, friends, and the community at large. Disrespectful, insulting, abusive, and/or threatening content—be it original, re-posted, “re-tweeted” or “liked”—has no place in Seneca Valley Athletics and will not be tolerated. Student-athletes who post offensive commentary or content will be subject to disciplinary action which may include suspension from all team activities. Remember, it is a privilege to represent the Seneca Valley School District in interscholastic competition and we hold our student-athletes to the highest standards for integrity and ethical decisions.

Social Media Tips/Reminders

1. **Nothing is really private!** Even though you may utilize privacy tools, everything you post is public information.
2. **Your content is your thumbprint!** Once you post it, it is forever and it is you.
3. **Your audience is global.** Consider the appropriateness as your audience is young, old, and everywhere. And they are watching!
4. **Who is watching?** Just a reminder that college coaches and prospective employers often review social media sites to gauge the character of the student.

ELIGIBILITY of STUDENT-ATHLETES

II. Amateur Status

A pupil must be an amateur in order to be eligible to participate in any PIAA sponsored interscholastic athletic contest. An athlete loses his amateur status for purposes of participation in any PIAA sport whenever:

1. The student or student's parent(s) and/or guardian(s), receives or agrees to receive compensation or other Consideration, or an award not permitted under Section 3 related to the student-athlete's athletic ability, participation, or performance.
2. The student-athlete receives Consideration for becoming a member of an athletic organization or school.
3. The student-athlete plays on, or enters into a contract to play on, a professional team or as an individual professional athlete in that sport.
4. The student-athlete signs a contract whereby the student agrees to compete in any athletic competition for Consideration.
5. The student-athlete sells or pawns the student's athletic achievement awards. *(Per PIAA Manual)*

III. Attendance—School Day

All students are to be in attendance at school on the day of activities. Upon arrival at school, students are expected to remain in school the entire day. Students who are absent from school or tardy after **11:00am** will not be eligible to participate in any extra-curricular activities, practices, or games on that day without prior approval from the principal or designee. If the activity or game occurs on a Saturday, the student must be in attendance by 11:00am on Friday. For two-hour delays, students must still be in attendance by 11:00am. Students learning remotely are expected to abide by same attendance policy—logged in and attending class virtually by **11:00am**.

Students who have early dismissals are ineligible to participate in practice or games unless they have prior approval from the building principal or designee to do so. Students that do not receive prior permission from the principal or designee to participate following an early dismissal must return to school prior to the end of eighth period to be eligible for competition or practice on that day.

School Holidays/Break: It is expected that student-athletes meet the aforementioned attendance parameters on the last school day prior to all District holidays or breaks. Students must be in school by **11:00am** and remain in school for the remainder of the day. Any student-athlete who does not meet this attendance requirement will be ineligible for the entire duration of the holiday and/or school break.

IV. Attendance—Academic Year

A student who has been absent from school during a semester for a total of twenty (20) days shall not be eligible to participate in any athletic contest until he or she has been in attendance for a total of forty five (45) days following his/her twentieth day of absence. Attendance at summer school does not count toward the 45 days. Days absent from school do not count towards the 45 days. *(Per PIAA Manual)*

V. Attendance—School Suspension or Expulsion

A student-athlete who is suspended from school may not practice or play in any games during the period of suspension. The same applies for in-school suspensions. Accordingly, any student who has been expelled is ineligible for practices and games during the period of expulsion.

SENECA VALLEY

Student Athletic Manual

ELIGIBILITY of STUDENT-ATHLETES

VI. Academic Eligibility—2.0 QPA

All students in grades seven through twelve who participate in athletics must attain a 2.0 quality point average (QPA) during a weekly academic eligibility report and be passing a minimum of four (4) courses. Teachers are required to enter weekly grades by Wednesday at 3:00 pm of each week. After the grades are processed, the Athletic Office will print out the grades for students who have below a 2.0 QPA. The student-athlete and their coach will be notified if the student is academically ineligible to participate. If a student is ruled ineligible, he/she will not be eligible to participate in competitions and must attend mandatory after-school enrichment (study hall) in the assigned location.

Ineligible student athletes will be notified of their status on Thursday of each week. The period of ineligibility will begin on the subsequent Sunday and last until the following Saturday. Once ineligibility is established, a student must sit out an entire week.

Enrichment study halls/tutoring will be held in the Senior High School for students in grades nine through 12 and in the middle school for grades seven through eight on Tuesday and Thursday. Once the enrichment program ends, the student will be permitted to attend practice. A student will be reinstated once he/she has achieved a 2.0 QPA or better based on the following week's eligibility report. In the event a student-athlete misses required enrichment study halls/tutoring, they will remain ineligible until the time is made up.

Students declared ineligible will not be permitted to play from Sunday through the end of Saturday.

In cases where a student's work in any proceeding grading period does not meet the standard (2.0 QPA), said student may be ineligible to participate in interscholastic athletics for at least fifteen (15) school days of the next grading period where the school has four grading periods per school year.

For Cyber Courses: The ACTUAL GRADE(s) for all Seneca Valley cyber courses will be reported weekly to the Athletic Department and will factor into eligibility requirements. Cyber students must stay on pace with their work each week.

VII. Academic Eligibility—Initial Fall Eligibility

All student athletes must complete the Spring semester with a 2.0 QPA in order to participate in competition in any fall athletic activity. This calculation will be based on the following final grades:

- All year long courses
- All second semester courses

Please note that grades for classes that terminate at the end of the first semester are not factored into the formula used to determine initial fall eligibility.

Students from rosters of the previous academic year, who are determined to be academically ineligible based on the final grades of their second semester and full year classes, will be notified by letter at the end of the school year. This letter will contain a verified report of the student athlete's initial fall eligibility calculation, a statement from the athletic director regarding the period of ineligibility, instructions regarding mandatory attendance at study halls/tutoring, and permissible activities. An additional report will also be run at the start of each fall season, once rosters are confirmed, for final confirmation of student-athlete initial fall season eligibility status.

In cases where a student's initial fall eligibility grade calculation does not meet the standard (2.0 QPA), said student shall be ineligible to compete in any interscholastic athletic scrimmage and/or game through the first fifteen (15) school days of the fall season. This includes scrimmages and/or games played prior to the first day of school. However, they may attend practice. Summer school may be used to correct academic deficiencies per PIAA Bylaws, Article X.

SENECA VALLEY

Where required, this curriculum or its equivalent must be approved by, and conform to, the regulations of the State Board of Education and the Pennsylvania School Code, as well as any local policies established by the local school board. The pupil must maintain an acceptable grade in such approved curriculum, as certified by the principal. *(Per PIAA Manual)*

By signing the PIAA CIPPE form, the Authorized Medical Examiner certifies that the student is physically fit to commence practice and participate in inter-school practices, scrimmages, and/or contests in the sport(s) approved by the student's parent. In certifying whether a student is physically fit to participate in practices, inter-school practices, scrimmages, and contests in a particular sport(s), the Authorized Medical Examiner (a) is expected to have or, if not already in possession of it, obtain, a working understanding of the physical requirements of the sport(s) in which the student is to practice and participate; (b) should review a health history of the student; and (c) should perform a CIPPE appropriate for the sport(s) for which certification is being sought.

The CIPPE **may not be signed earlier than May 1st (as of the 2024-25 academic year)** and shall be effective, regardless of when performed during a school year, until the following April 30th.

The CIPPE shall be returned to the Athletic Office for retention — **REMINDER for 2024-25: paperwork for ALL CLUB SPORTS participation must be turned in to the Athletic Office.**

Parents and student-athletes are encouraged to notify coaches of allergies or medical conditions that require monitoring and/or management.

Subsequent Sport(s) in the Same School Year: A student who submitted an initial CIPPE form and seeks to participate in tryouts, practices, inter-school practices, scrimmages, and/or contests in subsequent sport(s) in the same school year must complete Section 7 of the CIPPE form and handed in no sooner than 6 weeks prior to the first tryout. This page must be turned in to the Athletic Office for retention before being able to participate. The trainer or Athletic Office will confirm Section 8 completion as needed.

XI. Parent/Guardian Consent (PIAA Article IV) and Health (PIAA Article V)

Student-athletes who have not met the requirements of PIAA Article IV (Consent of Parent and/or Guardian) and Article V (Health) are ineligible to participate in any tryout, practice, and/or competition. Student-athletes ineligible for competition according to other PIAA or District regulations will be given consideration to practice so long as all obligations (i.e., study hall) are met.

STUDENT-ATHLETE WELFARE

I. Injuries

When an injury of consequence occurs that might require medical attention, please notify the coach and the athletic trainer. If medical treatment for an injury is prescribed outside of the District, please notify our athletic trainers immediately so they are aware of such treatments.

Any time a student is seen by a doctor or recommended to be seen by the doctor or athletic trainer as a result of a possible injury, a medical release must be provided to the athletic office—by the treating doctor—indicating student is **“cleared to return to full participation with no limitations”** before the student may resume participation.

II. Athletic Trainer

The athletic trainer will be responsible for the prevention and treatment of all athletic injuries that occur in district-sponsored athletic events. All injuries must be reported to the trainer immediately.

III. Insurance

All students participating in Seneca Valley School District interscholastic sports, including cheerleaders, student coaches and managers, must be covered by either family hospitalization/medical insurance or by student accident insurance. Although varsity football team members may not use student accident insurance for coverage, all other participants may take advantage of this opportunity. In the event family accident insurance is unavailable, student accident insurance may be purchased.

Since voluntary participation in extra-curricular activities entails an inherent risk of injury on the part of the participants, it is mandatory that all participants be covered by insurance.

VI. Concussion Management Protocol-Rationale, Education, and Awareness

Rationale: With the increased awareness of concussions and the effects they have on student-athletes' physical and cognitive performance, it is imperative that we follow a protocol that will care for our student-athletes. Currently, the Seneca Valley athletic training staff follows a protocol designed by the neuropsychologists for managing a student-athlete's return to competition.

1. Education and Awareness

- a. All coaches must annually complete the online certification course for Concussion Management. The certificate of completion will be provided to the Athletic Office.
- b. All student-athletes and their parents must review and sign the PIAA CIPPE form Section 3: Understanding of Risk of Concussion and Traumatic Brain Injury via Parent Portal registration process.
- c. All student-athletes are required to have completed a concussion baseline exam prior to the start of their season.
 - Student-athletes should NOT take the concussion baseline exam in consecutive years.
 - **Who takes the concussion baseline test in 2024-25:**
 - All incoming 7th grade student-athletes.
 - Any student-athlete in grades 8th – 12th who did not take a concussion baseline test in 2023-24 at Seneca Valley.
 - Any transfer student-athlete, new to the District in 2024-25.

These concussion baseline tests must be entered into Seneca Valley's database and must be administered by District personnel.

 - c. Student-athletes with a suspected or actual concussion or head injury must be evaluated by a licensed physician of medicine or neuropsychologist trained in the management of concussions.
 - d. Seneca Valley athletic trainer will work closely with the treatment protocol prescribed by a licensed physician of medicine or neuropsychologist trained in the management of concussions, to ensure proper treatment and a gradual, safe return to full activity.
 - e. **Student-athlete is not permitted to return to play until treating physician or neuropsychologist provides a "Return to Full Participation without any limitations" clearance to the athletic director's office.**
5. Student-athletes symptomatic of a concussion or traumatic brain injury must be evaluated by a licensed physician of medicine or neuropsychologist trained in the management of concussions.
 - a. Seneca Valley athletic trainers will follow all protocol as prescribed by treating licensed physician or neuropsychologist.

In the event that a club sport student-athlete should sustain a concussion, Seneca Valley Athletic Trainers are not responsible for the management of the injury.
4. Coaches and parents are required to notify the Athletic Director in the event that their student-athlete has sustained a possible concussion.
5. The concussion baseline exam report will be available for the treating physician's evaluation purposes. Parents must complete a release form (**Appendix E-Student Athlete Manual**) for the baseline report to be released.
6. All club sport athletes must present the athletic office with a signed ***"Return to Full Activity without any limitations"*** clearance from a licensed physician or neuropsychologist trained in the management of concussions prior to their return to practice and/or competition.

VIII. Concussion Management/Injury Protocol—Academic Accommodations Protocol for all Student-Athletes

It is the expectation of the athletic office that all students are clear of any academic accommodations in order to fully participate in their respective program. When a student is in need of academic accommodations due to a medical reason (i.e., concussion management, ankle sprains), such accommodations should be communicated to all of the following personnel: building principal, building guidance counselor, respective teachers, and the athletic director. Upon receipt, the athletic/activity director will notify the appropriate coaches and athletic trainers that the student should be immediately pulled from all athletic participation – including practices and games – until final full clearance is provided and no academic accommodations remain. These procedures are in place for all student-athletes regardless of the sport they participate in.

Secondly, when a student-athlete is injured and held out of athletic participation for an extended period (i.e., surgery required, concussion management), this information will be communicated by the athletic director to the student's building principal and/or guidance office for determination if any necessary academic accommodations shall be put in place.

ATHLETIC DEPARTMENT PROCEDURES

I. Letter Awards

Requirements for earning an athletic letter will be determined and communicated by the head coach.

Procedures for Awarding Varsity Athletic Letters

Basic rules that apply to all prospective athletic letter award candidates:

- All athletic programs must comply with all rules and regulations set forth by the Seneca Valley School District.
- Student-athletes must display sportsmanship and proper conduct at all times.
- Student-athletes must adhere to all training rules established by the coach for that given sport.
- Student-athletes must observe practice and game regulations as established by the coach in that sport.
- Student-athletes must return all the equipment issued to the satisfaction of the coach and/or athletic director.
- In the event of injury or any other legitimate extenuating circumstance, consideration for letter awards will be at the discretion of the head coach with Athletic Director approval.
- If the student-athlete has earned and has been awarded a letter and his/her conduct or behavior has been unbecoming, the award letter can be taken away by the coach or Athletic Director.
- Only one letter will be awarded to any given player in attendance at Seneca Valley High School. Letter awards in more than one sport will be designated by a suitable representative pin of that sport to be attached to the letter. Players who have earned a letter in a sport for more than one season will be given a service bar to be attached to the original letter.
- Certificates may be awarded with each year of lettering.
- Student-athletes must satisfactorily complete the season, including individual/team post-season competition.
- Coaches have the right to add their own requirements to the basic letter policy stated above and will communicate such additions to all potential team members and parents.

Junior Varsity / Junior High / Middle School Awards: Each participant of Junior Varsity, Junior High, and Middle School teams may be issued a certificate of participation if the above varsity guidelines are followed by the athlete.

II. Participation Conflict

Student-athletes are required to immediately communicate with coaches any potential conflict of missed practice and/or competition. This expectation of immediate communication includes academic conflicts, choral/band/musical conflicts, and/or family conflicts. As noted previously, missed practices and/or games for non-school athletic conflicts is not an acceptable absence and may result in team discipline, including possible loss of letter award.

III. Freshmen Promotion

When an athletic team has a junior high program, the 9th grade student-athlete should participate in the junior high program unless the coach and the athlete can show that it would be more beneficial to the athlete to participate at the high school level. The coach must discuss the promotion with the parents of the student-athlete.

ATHLETIC DEPARTMENT PROCEDURES

IV. Poor Weather / Cancellations

Based on a cancellation or early dismissal of school as directed by the Superintendent of Schools due to inclement weather, the following may apply:

- All home activities involving spectators may be cancelled.
- All away activities may be cancelled.
- If an early dismissal occurs, all activities may be cancelled.
- All rehearsals/practices/competitions/performance are cancelled unless administrative approval is given. Administrative consideration will be given to the need for the rehearsal/practice based on the immediacy of the competition/performance and the severity of the weather/road conditions.
- All student activities coaches/sponsors may request permission to use school facilities on the day of cancellation. This must be done on a single day basis.
- Students cannot be required to attend an approved activity/practice/rehearsal during a school closing. Participation must be voluntary.

V. Travel / Transportation—Event Pick-Up/Drop-Off

It is the expectation that the District's transportation provider will pick up all athletic and/or activity participants on the secondary campus of the Seneca Valley School District and will only drop them off at the secondary campus of the SVSD. There will be no additional stops to load or unload students, athletes, coaches, chaperones, or any other participant. School personnel will not ask otherwise of the District's transportation provider. Coaches will discuss with the athletic director extenuating circumstances requiring alternative arrangements. Permission from the athletic director is mandatory to vary from this procedure.

A coach will remain with all students at the Seneca Valley secondary campus until transportation arrives for each student.

Students **cannot be transported** by other students to/from events. **No exceptions!**

Travel / Transportation —Alternative Plans

Students are expected to ride District transportation to and from District scheduled events (scrimmages and/or competitions.) Alternative arrangements are allowed provided plans are pre-approved by both the coach and athletic office and parents have completed the required release form (Appendix B).

Travel release form (Appendix B) is used for the following alternatives:

- Parent is taking their son/daughter home directly from the District scheduled event (scrimmages and/or competitions.) **Note:** Face-to-face contact is required between parent(s) and coach(es).
- Parent is transporting their son/daughter along with another student, so long as both sets of parents have submitted signed release forms acknowledging such arrangements. **Note:** Face-to-face contact between the coach and "substitute" parent is required at the time of pick-up.
- Travel release forms shall be completed for each event; coaches cannot accept one form for the entire season.
- The release form **does not permit** students to transport other students from a District scheduled event (scrimmages and/or competitions.)

Coaches shall **not transport** students home after District scheduled events (including practices, scrimmages, and/or competitions.)

For competitions involving extended travel and/or overnight accommodations, it is the expectation per School Board policy #121 all student-athletes will travel according to the plans put in place by their respective coach. Any request for alternative arrangements must be submitted to both the head coach and athletic director for consideration.

ATHLETIC DEPARTMENT PROCEDURES

VI. Conflict Resolution

The purpose of this procedure is to provide a framework for student-athletes and their families to resolve conflicts that may arise in the course of a student's participation in both individual and team interscholastic sports sponsored by the Seneca Valley School District. Such a framework is necessary to ensure a uniform, fair, orderly, and prompt resolution of issues that arise concerning student-athletes and their participation in the sports sponsored by the District. The steps of the process are as follows:

Step 1 - Coach Level

- All conflict resolution meetings adhere to a strict 24-hour rule whereby any meeting with a coach shall wait a minimum of 24 hours following any contest ending.
- Student-athletes are encouraged to speak directly to their coach regarding any concerns they may have.
- Parents may request a meeting with the coach after their son/daughter has spoken directly to their coach.
- Meetings involving parent(s) will also include the student-athlete.
- Meetings at the coach level will always include at least two coaches.

Step 2 - Athletic Director Level

- If a student-athlete or family is not satisfied with the coaches' proposed resolution, a meeting with the athletic director, parent(s) and student-athlete may be requested. The coach will attend this meeting as well.
- Such meetings will occur at the earliest and most convenient time for all parties.
- The athletic director will not accept meetings with more than one family at a time.

Step 3- Building Principal Level

- If a student-athlete or family is not satisfied with the Athletic Director's proposed resolution, a meeting with the building principal may be requested. The Athletic Director and/or coach may attend this meeting.
- Such meetings will occur at the earliest and most convenient time for all parties.

Step 4 - Superintendent Level

- If a student-athlete or family is not satisfied with the building principal's proposed resolution, a meeting with the superintendent may be requested.
- Such meetings will occur at the earliest and most convenient time for all parties.
- The superintendent may consult with the Board as needed, possibly resulting in extended time prior to resolution.

Board Consideration

The purpose of this step-by-step procedure set forth above is to ensure that individuals most familiar with the situation (i.e. coaches and the athletic director) have an opportunity to respond to and resolve inquiries in a satisfactory and timely manner. The Board anticipates that most issues will be successfully resolved through the stated procedure. However, as with all issues about which members of the public have a concern, inquiries that are not resolved to the satisfaction of the family may be presented to the Board. In order to ensure the viability of the problem resolution procedure, the Board will entertain only those inquiries that have been fully processed through the steps of this Conflict Resolution procedure.

Anonymous submissions will not be processed.

APPENDIX A

Seneca Valley School District Student-Athlete Rules and Regulations

1. Athletes will not possess, use or consume drugs or alcohol. They will not possess any paraphernalia associated with drug use. Any violation of this rule may subject the athlete to consequences similar to those outlined in Seneca Valley School District policy number 227 or 227.1.
2. Harassment of any individual will not be tolerated. Allegations of any form of harassment are to be reported to the head coach immediately. Definitions of harassment and a list of examples that constitute harassment can be found in Seneca Valley School District policies #248 and #248.1 that address harassment.
3. Hazing is a specific form of harassment. Hazing is a type of harassment used for the purpose of initiation into a group. Hazing of any type will not be tolerated. Any act of hazing or perceived act of hazing must be reported to the coach immediately. Examples of hazing activity and the district definition of hazing can be found in your student athlete manual along with Seneca Valley School District policy #247 that addresses hazing.
4. Horseplay will not be tolerated. Horseplay is defined as a forceful physical action similar to pushing, shoving, wrestling, or shadow boxing that is performed without the intention to do bodily harm. Unfortunately individuals involved in horseplay are often injured or embarrassed by the action. Athletes should not engage in horseplay and should put a stop to any horseplay that they may witness. Any actions of horseplay must be reported to the coach.
5. All athletes are to be in attendance at school the day of the game. Upon arrival at school, students are expected to remain in school the entire day. If the game is played on a non-instructional day, the athlete must attend school on the immediately preceding instructional day. Students who are absent from school or do not arrive prior to **11:00am** will not participate in any co-curricular/extracurricular activities or practices on that day without the written approval of the appropriate building principal or designee.

Students who have an early dismissal are ineligible to participate in after-school activities without a doctor's excuse and/or the written approval of the appropriate building principal or designee. Students must have permission from the principal or designee to not return to school on the day of an early dismissal.

School Holidays/Break: It is expected that student-athletes meet the aforementioned attendance parameters on the last school day prior to all District holidays or breaks. Students must be in school by **11:00am** and **remain in school** for the remainder of the day. Any student-athlete who does not meet this attendance requirement will be **ineligible for the entire duration of the holiday and/or school break**.

6. Students who are assigned out-of-school suspension or expulsion may not participate in or attend any practice or game until the student is reinstated in school. (For example, a student suspended from school on a Friday will not be permitted to participate in a game on Saturday.)
7. Full participation and attendance at all competitions, practices, and events is expected of all participants. Athletes that miss practice or a game for any reason without prior permission from the coach may be suspended for one game for each missed event during the season. It is the athlete's responsibility to obtain advance permission. In the event that absences become habitual the coach has the right to determine if the athlete may finish the season as part of the team.

It is the expectation that all district teams take priority over travel/club team commitments. Missed practices or games as a result of travel/club team commitments subjects the student-athlete to the aforementioned discipline action.
8. Student participants are expected to strive to achieve the highest academic, as well as athletic, achievement. To this end, students are responsible for time management and prioritization of responsibilities so as to maintain their academic standing while participating in athletics. If, during the course of planned season activities, a situation develops which places an academic activity at risk, it is the student's responsibility to bring the issue to the attention of their head coach with a proposed resolution prior to the conflict. Students who are excused from class for participation in athletic activities have the responsibility to complete work assigned or completed during their absence.
9. While participating in and traveling to/from competitions, practices and activities, the student participant is subject to the student disciplinary policies of the Seneca Valley School District. Conduct in violation of school policies will be promptly reported by coaches to the building principal and/or athletic director for disciplinary action.

10. All student-athletes are held to the expectations of appropriate social media use as outlined in the Code of Conduct section of the Student-Athlete Manual.
