Dear Parent/Guardian:

In years past, when the density of the fog is too great for the safe transportation of your child, Ocean View implemented a plan for reduced visibility. Drivers must have at least 200 feet of visibility before they are permitted to leave the transportation yard.

When the fog has cleared sufficiently to permit safe driving, our buses will begin their scheduled runs. The buses will arrive one hour late to the bus stops. If your student's pick-up time was 6:45, your student will now be picked up at 7:45. If your pickup time was 7:20, your pickup time will be 8:20, an hour later.

When running a Reduced Visibility Schedule, we will notify via NTI message, District Website and Social Media to inform parents.

Students who arrive late to school due to the reduced delays on foggy mornings will not be marked tardy to their classes. We appreciate your patience and cooperation. If you have any questions, please contact the Transportation Department at (714) 848-5257.

Your child's safety is our first concern. Thank you for your cooperation.

Sincerely,

[Jim Choate](#)

Executive Director of Facilities and Transportation
