

**Cupertino Union School
District Grounds Department
Annual Pesticide**

Notification

2024 - 2025

Assembly Bill 2260 (Healthy School Act of 2000) requires school districts to notify all parents and staff annually of the names of all pesticides and herbicides that are planned for use during the school year at all school sites. Cupertino Union School District has established an integrated pest management approach, which means the District uses the least toxic method first and then will work up to stronger chemicals only if needed.

The following pesticides have been identified for possible use during the 2024–2025 school year. Only staff or contractors who have received appropriate application and safety training use these products. Applications will occur during school vacations and staff learning days.

SCHOOL FIELDS & AGRICULTURAL AREAS

Product/Manufacturer	EPA Reg. #	Primary Ingredient
Arena Insecticide	59639-157	Clothianidin
Barricade Pro/The Andersons	9198-214	Prodiamine
Brandt Magnify	48813-3	Methyl-alpha D mannopyranoside
Cheetah Pro/Nufarm Americas	228-743	Glufosinate ammonium
Dimension EC	62719-426	Dithiopyr
Dimension Ultra 40WP/Dow AgroSciences	62719-445	Dithiopyr
Gallery SC Gallery 75 Dry Flowable	62719-658	Isoxaben
Garlon 4 Ultra/Dow AgroSciences	62729-527	Triclopyr
Lifeline Herbicide	70506-310	Glufosinate ammonium
Merit 0.5G	432-1328	Imidacloprid
Milestone	62719-519	Aminopyralid
Orange Guard insecticide/Orange Guard	61887-1-AA	D-Limonene
Pendulum AquaCap	241-416	Pendimethalin
Sedghammer+/BPI Gorman Corp.	81880-24-10163	Halosulfuron-methyl, methyl 3-chloro-5-1-methylpyrazole-4-carboxylate
SpeedZone Southern/Gordon's	2217-835	2,4-D, 2-ethylhexyl ester
SureGuard SC/Nufarm	71368-114	Flumioxazin
