- Kindergarten through third grade students may arrive on campus as early as 7:50 through gate 1.
- Fourth and fifth grade students may arrive on campus as early as 7:40.
- Kindergarten students may enter through gate 2 as early 8:05.
- Please adhere to the arrival times, as supervision is geared to this schedule and gates are locked.
- All students, except Kindergarteners who eat breakfast at home, should report to the cafeteria upon arrival at school in the morning. Students will be released to the playground once the playground supervisor is on duty.
- Since there is no playground supervision after school, students must leave campus as soon as the bell rings.
- Students that are picked-up at dismissal are released to parents at the kindergarten playground gates.
- Students may not wait for other students or siblings who are staying after school for school tutoring, sports, clubs or activities.
- All students staying after school for school tutoring, sports, clubs or activities must have a permission slip on file signed by the parent/guardian and teacher. Students must be picked up and returned to school if the club, practice or sporting event starts more than 15 min. after dismissal.

All visitors and parents MUST enter and leave through the front office and sign in and wear a visitor's badge anytime they are on campus, even if only for a moment. We appreciate your cooperation in keeping our campus and students safe.
