

Relations With Armed Forces Recruiting Units

The District will afford the same courtesies to the armed forces recruiting units as are afforded to other post-secondary educational and career entities. To minimize disruption to the educational environment, military recruiters will be subject to the same criteria and regulations as those developed by the Superintendent for college/university and career recruiters.

The District is required to provide an opt-out notice to families, and opt-out notification procedures are contained in the district's student educational records policy. In addition to following family opt-out decisions, the District may further restrict release of directory information at its discretion.
