

Carroll ISD Board of Trustees
Statement on Judge O’Conner’s Title IX Ruling
July 31, 2024

On behalf of your Carroll ISD Board of Trustees, I want to address the community regarding our request to impose a nationwide injunction and the subsequent ruling today, in our favor, by Judge Reed O’Conner, United States District Court for the Northern District of Texas, on the Biden administration’s changes to Title IX.

Title IX has been a cornerstone of educational equality for decades, ensuring that all students have equal opportunities to learn and thrive in a safe environment. However, recent changes proposed by the Biden administration threatened to undermine the foundational principles of fairness and due process that Title IX upholds.

Judge O’Conner’s decision to impose a nationwide injunction on these unlawful changes is a significant step in preserving the integrity of Title IX. This ruling aligns with our commitment to uphold the rights and protections of all students within our district. We believe that any alterations to Title IX must be carefully considered and should not compromise the safety, privacy, or opportunities of any student.

At Carroll ISD, we remain dedicated to fostering an equal opportunity educational environment for every student. We will continue to monitor developments closely and ensure that our policies reflect both the legal framework and the values of our community.

We appreciate Judge O’Conner’s careful consideration of this matter and his dedication to upholding the rule of law. We look forward to continuing to work together as a community to support the educational success and safety of all our students.
