Friends

Friends are never earned. They're a gift from the loving God. And they are precious beyond human valuation. But you dare not take them for granted or they'll drift away like the chill of the endless night. Most of my friends are unknowns. And they probably won't rate an obituary unless they live and die in small towns where nothing much ever happens. But a few of my friends are big people. They've made the world ring with laughter down to its burning core. They're famous, sensitive, common people and their names are household words. Yet they're no more precious in God's eyes or in mine than those wonderful nobodys that live and die in small towns. Who is your friend? He's someone who warms you with a nod or with the unspoken words in hard times when you're hurting beyond words. Who is your friend? She's someone who holds you to her breast and sighs softly into your hair when no other medicine can stop the pain. A friend is someone who clinks his glass against yours or answers the phone at three in the morning when you're lost and with a few words of encouragement and concern - makes you realize you're not really lost at all. Friends come in both sexes and all shapes and sizes but the most important thing they have in common is the ability to share with you your most sky-riden joys or your deepest most awesome sorrows; ... For they are your friends.

ECHO

Angelica Central School
Angelica, New York

Dedication Mr. Arthur

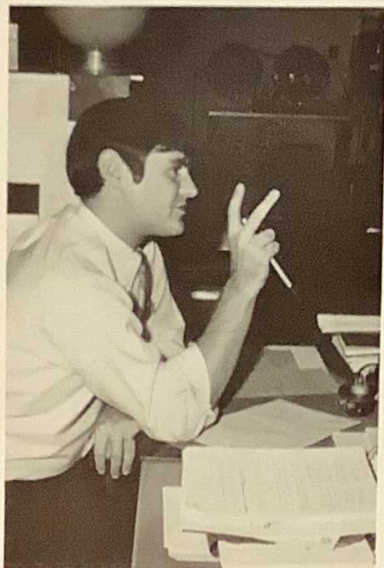

The Class of 1971 dedicates this edition of the Echo to you, Mr. Arthur, our ever faithful advisor. Not one of us shall forget the genuine interest you have shown in our class, and your never failing readiness to be a part of our class activities.

Your students shall remember you for your interesting and stimulating presentation, making scientific matters a thoroughly engrossing topic.

Biology labs will be especially remembered for their odoriferous sharks and rank cats, and we apologize for making you chase us half the summer to get our physics labs.

We would also like to say that we did try to be careful with acids in chemistry class.

For these and many other reasons we would like to express our appreciation.
From all of us - THANK YOU.

So much one man can do,
That does both act and know.

Andrew Marvell (1620-78)

Salutation

Mrs. Chamberlain

Angelica Central
School
1956-1971

We are losing two of our most valued friends this year: Mrs. Paddock and Mrs. Chamberlain. We shall not soon forget your unending efforts to teach the youth of the Angelica Central School. We wish you much health and happiness in the future.

In action faithful, and in honor clear;
Who broke no promise, serv'd no private
end. Who gain'd no title and who lost no
friend.

Now what do we do?

ROW ONE: L. Burr, B. Torrey, C. Young, B. Beckwith, J. McRae, S. Button. ROW TWO: D. McCarthy, D. Lytle, L. Budinger, R. Conklin, B. Dibert.

Yes, that's the right way Art.
