A summer breeze,
A soft gentle rain,
Friendship, Love, Companionship,
Kinship, Love,
Granddaughters.

I had always wanted to come to the U.S. for a school semester as a foreign exchange student, however, I felt insecure because I did not know if people would welcome me or not. Now that I am here, I'm happy I decided to come and experience new things (seeing snow for the first time, living in the country, etc.). I think I was very lucky to find a family like the Sortores' who treated me as a daughter.

I come from Recife, a city of 3 million people in the state of Pernambuco, Brazil. The Northeastern part of Brazil, where Recife if located, is famous for its beaches and for its climate. Although I live in a big city, I study at the American School of Recife which is the same size as ACS. Of course I miss my family, friends, and school, but I try to keep this from interfering with what I do here so that I may enjoy every moment.

Recife, Brazil

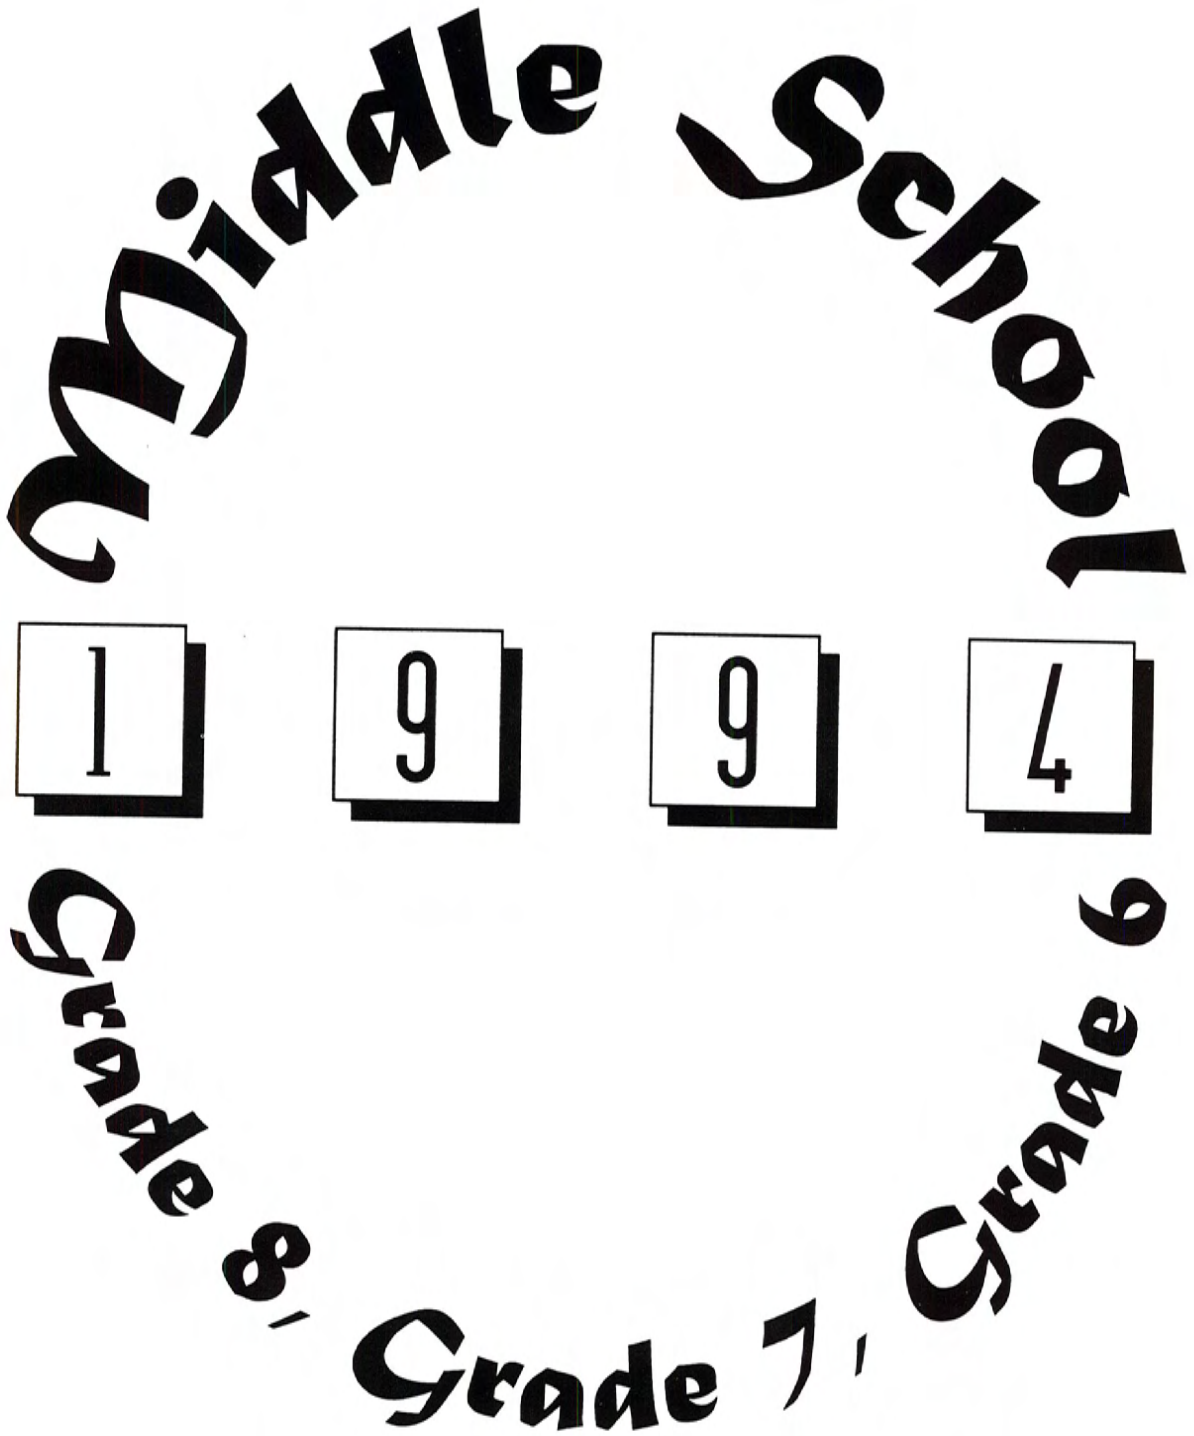

Since I was small, I had always wanted to come to the U.S. My first visit was in 1986 when I went to Florida to visit Disneyland. In 1990, I went to Florida once again, for a month, to study at St. Petersburg Junior College. My best trip, however, was in 1991 when I came to Angelica for the first time with my family. It looked like the safest place on Earth. I had never been in a town so small, but I liked it a lot. After Mark came to my house in Brazil, I decided to come back with him to spend a semester and play my favorite sports which are soccer and basketball. This was a real good opportunity and I hope to be back with some friends either next year or the year after. I would like them to see the wonderful place that this is. I'm sure that they will also like the sports, the school, and the friends that I have enjoyed for the one and a half years that I have spent here.

1994 Echo Staff

A note from the editor:
The year started out a little rough, but after making it through ad sales, things have been going fairly smoothly since. As editor, I would like to thank all those who dedicated so much of their time and effort to make the 1994 Echo what it is. On behalf of the entire 1994 Echo staff, I would like to thank all of you for your continued support. A very special thanks to Ms. Perkins. We could not have done it without you.

Deanna Graham, Editor

A special thanks to Dawn Beckwith for all her help on the 1994 Echo.

I have particularly enjoyed teaching the class of 1994. As a group, they care about learning, they look out for each other, and they tackle their responsibilities with enthusiasm and smiles. To the class of 1994--I wish you success and happiness.
