

Community Relations

Dissemination of School Sponsored Information

Any material of a school public relations nature which is to be printed or otherwise reproduced for general distribution in the community shall be first referred to the principal for the building level, and the Communications and Marketing Department for the district level. All public relations materials created within New London Public Schools will require final authorization by the Communications and Marketing Department prior to distribution. Communications to families should be clear, concise and where possible, in a language families can understand.

Policy adopted: August 25, 2005
