Dedication

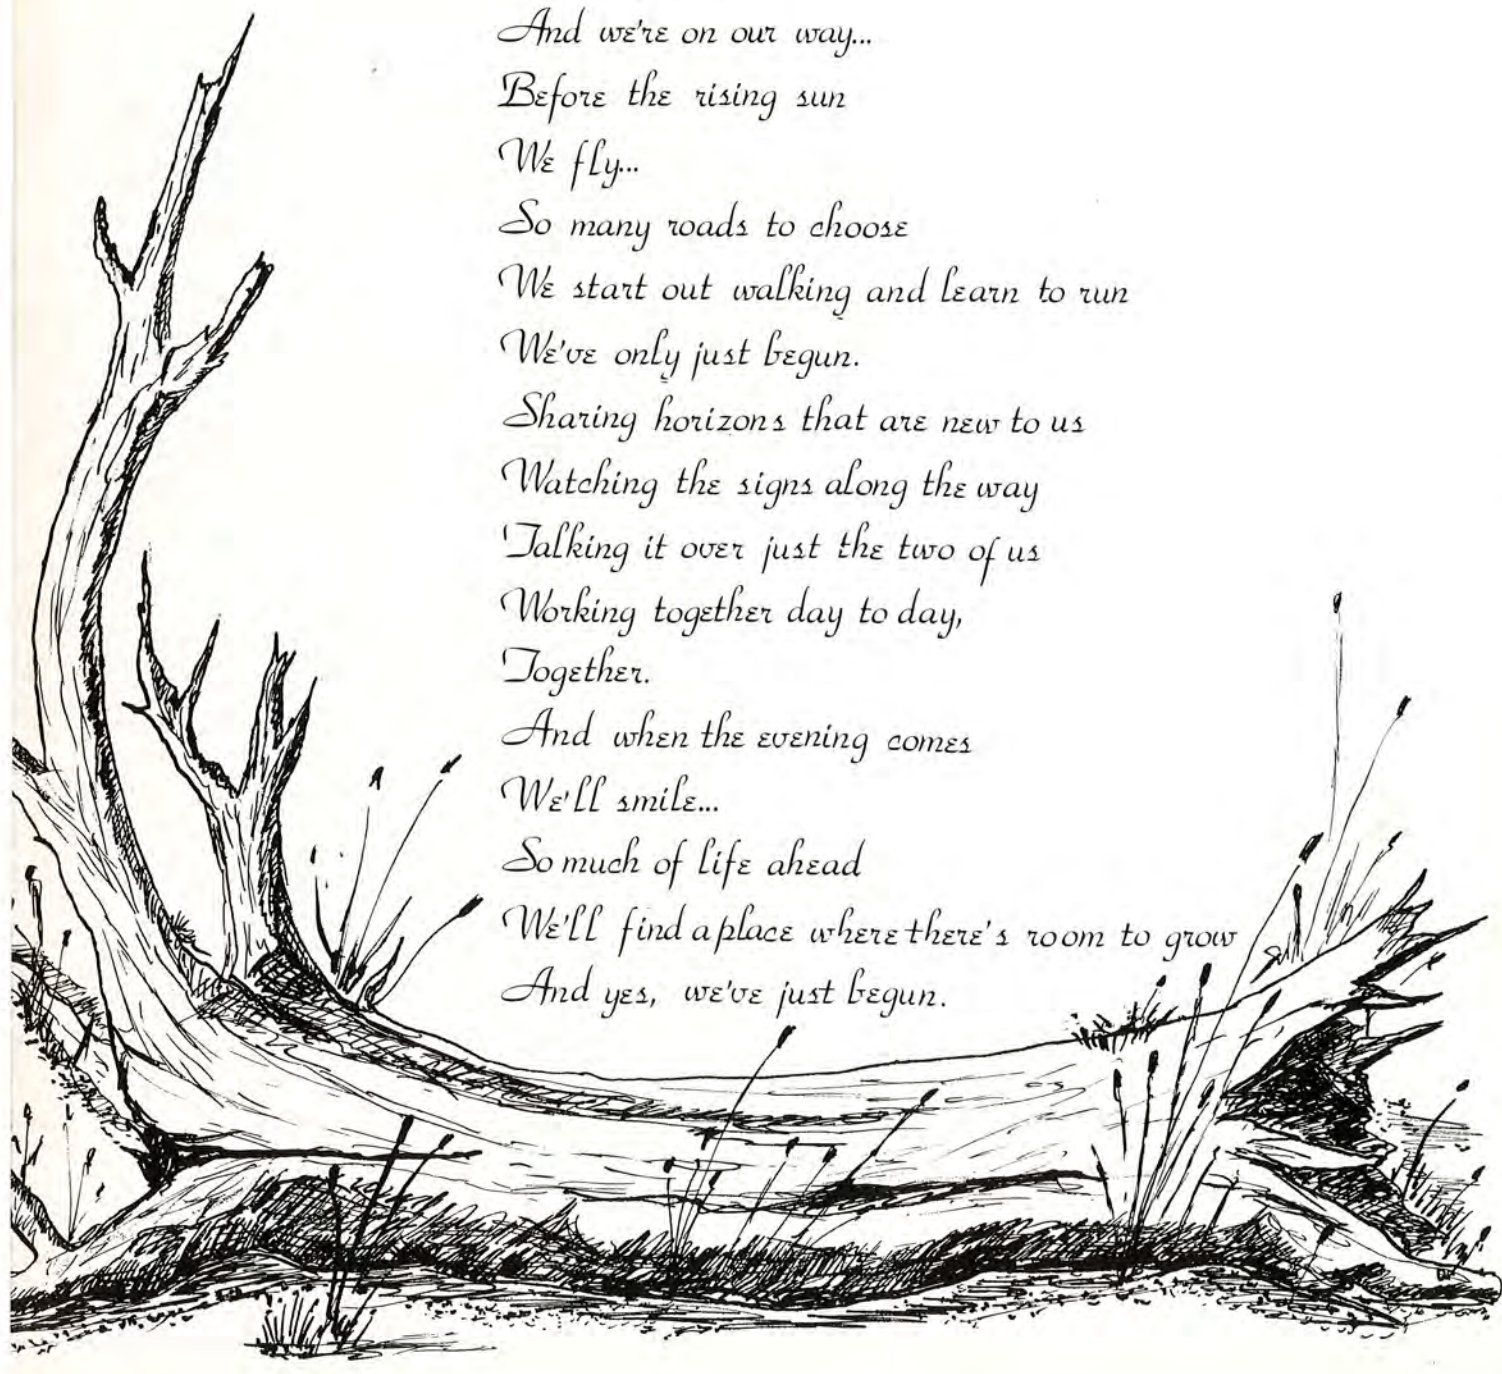

Mr. Delmer Jackson was special because he really cared about us students. His spirit and enthusiasm was always present in his fifth grade class. We kids were always doing something and Mr. Jackson was right there beside us all the way. Some of his many projects were: hatching eggs, growing plants, visiting Niagara Falls and the Aquarium. His many science experiments dazzled us. The dinners we put on every year, such as a Mexican Fiesta and a Hawaiian Luau taught us about the customs of the world. Every spring he would help us make Easter bunnies out of clorox bottles. Remember all the fun it was?

The most wonderful achievement for the fifth grade was to perform an operetta every year. Both Mr. Jackson and Mrs. Lori Megivern put their hearts into this task as we rehearsed every day, learned to do the dances, read lines, sing the songs—so many little things that meant so much to all of us. Of course, none were professionally done but the plays showed the people of the community that the fifth graders could do something important. Mr. Jackson believed this too, because he never gave up on something when it involved his kids.

Mr. Jackson was a kind, generous man and his wisdom will remain with us for years to come. In loving memory, we dedicate these pages to him.

We've only just begun
To live...
White lace and promises
A kiss for luck
And we're on our way...
Before the rising sun
We fly...
So many roads to choose
We start out walking and learn to run
We've only just begun.
Sharing horizons that are new to us
Watching the signs along the way
Talking it over just the two of us
Working together day to day,
Together.
And when the evening comes
We'll smile...
So much of life ahead
We'll find a place where there's room to grow
And yes, we've just begun.

A Kiss For Luck...

Sixth Grade

We'll all miss Mr. Jackson, but this sixth grade had the privilege of being his last class. In his memory, Tiersa Wightman wrote the following poem.

In Memory of Mr. Jackson

*He was nice and very kind
 Always helped us in a bind
 Never complained when we were bad
 To see him die was so so sad
 He was our teacher for last year*

*We loved him so much we all saw tears
 We hope you like it way up there
 Above the clouds, earth and air.*

B.O.C.E.S. Classes

I can say about my life here that it was a great experience.

The most important thing is that if sometimes I couldn't be entirely American, it was because my Brazilian blood wouldn't let me. Staying here I also received some American blood, and going back I might have to start my adaptation all over again!

The main part of my life here was learning to know myself, that I always did what I wanted, the way I chose to do it.

A Friend From Brazil

Now that I'm going back to Brasil, I'm ready to fight for my ideals and what I want out of life. I would like you to know that each of you became part of my life, and I'll never forget you all!

I especially don't like "goodbyes" because they can mean forever.

So long America! (Until I see you again!)

I love you!

Tchau America, eu te amo!

Aqui vou eu Brasil !

An Old Man's Thought of School.

An old man's thought of school,
An old man gathering youthful memories and blooms
That youth itself cannot.

And these I see, these sparkling eyes,
These stores of mystic meaning, these young lives,
Building, equipping like a fleet of ships, immortal ships,
Soon to sail out over the measureless seas,
On the soul's voyage.

Only a lot of boys and girls?
Only the tiresome spelling, writing, ciphering classes?
Only a public school?

Alas, more, infinitely more
As George Fox raised his warning cry, "Is it this pile of
brick and mortar, these dead floors, windows, rails, you call
the church?
Why this is not the church at all the church is living,
ever living souls.")

Ard you America,
Cast you the real reckoning for your present?
The lights and shadows of your future, good or evil?
To girlhood, boyhood look, the teacher and the school.

The 1979 Yearbook and newspapers for BCS were put together by a Journalism Class instead of by a staff as has been customary in previous years. This resulted in a better quality publication because the students received a grade and a school credit for their achievements.

By opening a yearbook and looking through it, one can not imagine the amount of time and work it represents. But when you sit in a classroom for forty minutes a day, five days a week (three a week for some), for a full school year, you begin to feel a sense of pride in your school and its publications. You view an aspect of the school community not often seen in the average school day.

The class thanks those people whose special efforts were/are invaluable in the production of this publication: Herb Cronk, Jeff Lapp, Bill Mach, and Kathy Whitney for their help in photography; Duff Fuller for his excellent contribution in the field of art work; and Lori Megivern for the candids she sent us of the fifth grade operettas.
