New bus stops will not be created, nor will bus routes be altered to satisfy individual needs

Email this form to greg.campbell@wbsd.org or hand deliver to the Transportation Department at 3340 Orchard Lake Road. **Students will be assigned a seat on the bus based on order received and space availability.** You will be notified as to your status and route information once the form is processed. If you have questions, please contact the Transportation Department at (248) 865-3680.

Please consult the West Bloomfield School District website (www.wbsd.org – Department link to Transportation) for information regarding student behavior, the Transportation Handbook, and Durham Bus Tracker.

We need you to be present and on-time when receiving your children. Students that are returned multiple times to their school because of no adult present to meet them at the bus stop will likely lose their riding privileges.

If you would like your child to be dropped off regardless if anyone is present for pickup (ie: walks home, will wait for ride, etc.), please check the box and sign:
