As we embark on the journey together, it is vital that we partner together to achieve our mission of being **LEADERS OF HOPE**. As partners, we share the responsibility for our children's success and want you to know we will do our best to carry out our responsibilities. We ask that you guide and support your child continue to be **STRAFFORD STRONG** by helping them with the following:

- 1) Attending school daily and arriving on time, ready for the day's learning
- 2) Completing all homework assignments given by the teachers
- 3) Reading daily to develop a love for reading and to improve literacy skills
- 4) Sharing school experiences with you so you are aware of his/her school life

In this handbook, you will find a copy of our school procedures, policies and rules so that you and your child can review them together. Please refer to the district website, www.staffordschools.net, under the elementary tab to access the handbook at any time. If you have any questions about the rules and expectations, please feel free to contact us or discuss them with your child's teacher.

Please consider being involved in the Strafford Elementary Booster Club, as our students can greatly benefit from your involvement and contributions to the school's program.

Our parents, staff and students are all a part of **ONE TRIBE** and we feel privileged to be a part of a school family that is focused on inspiring the leaders of tomorrow. THE 7 HABITS OF HAPPY KIDS

Habit 1- Be Proactive: I'm in charge!

I am responsible for myself.

I take initiative and have a "can-do" attitude.

I chose how to act, how I feel and what I do.

I do what is right without being asked, even when no one is looking.

Habit 2- Begin with the End in Mind: I have a plan! I set goals for myself.

I have a plan for how I will accomplish my goals.

I think about what I want to be when I grow up and how I will get there.

Habit 3- Put First Things First: I will do my work first, then play! I do my work before I play.

I know what my responsibilities are, and I do them based on what is most important. I practice self control.

Habit 4- Think Win-Win: I believe we can all win!

I want everyone to be a success.

I don't have to put others down to get what I want.

When there is a conflict, I look for solutions that will make everyone feel good.

Habit

5- Seek First to Understand, Then to be Understood: I will listen to others before I talk!

I am a good listener.

I try to understand other people's points of view especially when their opinion is different than mine.

I am comfortable sharing my opinions and ideas.

Habit 6- Synergize: I know that together is better!

I know that everyone is good at something.

Everyone needs to get better at something.

I believe that we can all learn something from each other.

I know that working in groups helps to create better ideas than what one person can do alone.

Habit 7- Sharpen the Saw: I have balance in my life! I keep my body healthy when I exercise, eat healthy foods and get enough sleep. I enjoy learning new things.

I know that it is important to spend time with people that I care about.

STRAFFORD ELEMENTARY SCHOOL PARENT/VISITOR PROCEDURES

The following procedures are in place to help us maintain a safe, secure, efficient atmosphere for all students. We appreciate your support of these procedures. *Please note: additional procedures and protocols may be put in place to ensure the health and safety of students and staff. We appreciate your support if changes occur.*

- **Parent/Visitor Sign In:** All visitors must present proper ID and sign in at the elementary office. You will receive a Visitor's pass that **MUST** be worn in a visible site and returned upon your departure.
- **Student Tardy/Late Sign-In:** If your child arrives after 8:00 AM, they are considered tardy and **MUST** be signed in by the parent at the elementary office. Parents are **NOT** allowed to escort students to the classroom.
- **Student Early Check-out:** A note should be sent to the teacher on the day of early dismissal explaining the nature of the dismissal and the time the child is to be dismissed. We discourage early dismissal since it disrupts the regular learning environment. For the safety of each child, the parent/guardian **must come to the office in person** to initiate an early check-out. **Students will NOT be checked out through the office after 2:30PM.** Parents needing to pick up students after 2:30PM or later **MUST utilize the PU & Go Lane.** Parents are not allowed to go to the classroom. Students may be released to a parent designee with prior parent notification. Please be prepared to present ID. Students will be called from the classroom upon your arrival, please be sure to allow sufficient time for checkout.
- **Student Safety:** Our priority is to maintain the safety of all students at all times. To ensure our students are released properly, we will ask for parents to present ID when picking up your child. If you, the parent, designate someone else to pick up your student, they **MUST** be on the Emergency Contact List and will be required to present ID.
- **After School Changes:** If a student has a need to change their after-school plans from their normal routine, it is necessary for the parent to notify the teacher/office. This should be communicated at the beginning of the day. **If a change in dismissal has not been received, your child will be sent home via the regular dismissal route listed on the Student Profile. In an emergency, parents may call the office to make a schedule change; calls must be received by 12:00.**
- **Classroom visits:** We value every minute of instructional time with our students. Unless you have an appointment or are volunteering in the classroom as scheduled by the teacher, parents **will not be allowed** to enter the classroom.
- **Drop-off/Pick-up Lane:** Parents of students not riding the bus **must use the drop off/pick-up lane.** All students will be dropped off and picked up in front of the elementary utilizing the student loading zone. School personnel will assist with drop off and pick up. Parents should be courteous, patient, and remain in line until asked by school personnel to pull forward and/or around. Please help us keep our children and staff safe by staying off your cell phone and being alert during pickup. Parents will utilize the school issued car tag to pick up their children.

GENERAL INFORMATION

SCHOOL ATTENDANCE POLICY

The goal of Strafford Schools is to assure all students an opportunity to receive the best possible education governed only by their abilities and interests. Regular attendance is essential in establishing a good teaching and learning environment. By law, all children must attend school from the age of 7 until the age of 17. This expectation is also reinforced by the compulsory attendance statute of the State of Missouri. A comprehensive system of attendance records will be maintained for each student. Unreported absences or excessive tardies will be brought to the attention of the building principal. The principal will make the necessary contact with the family and take whatever actions are felt to be appropriate in attempting to correct the problem. School, not the parent, will have final determination as to whether an absence is excused. Therefore, the following guidelines and procedures will be used in governing attendance:

Every Minute Counts!	
7:35-7:50 am	Your child has arrived in time to settle well, enjoy breakfast (if interested), and have the best start possible!
7:55 AM	Your child has probably arrived just after most children. Our school day starts at 8:00 AM.
8:01 AM	Your child is late and has missed the beginning of the school day. Being a few minutes late often unsettles children.
8:05 AM	5 minutes late each day, means more than 2 full days of lost instruction for the year. (Leaving at 2:40PM has the same effect.)
8:10 AM	10 minutes late each day, means more than 4 full days of lost instruction for the year. (Leaving at 2:35 PM has the same effect.)
8:15 AM	15 minutes late each day, means more than 6 full days of lost instruction for the year. (Leaving at 2:30 PM has the same effect.)
If your child is late, he/she is missing out. If your child is regularly late, it WILL affect his/her learning at school. This has the same effect at the end of the day, when your child leaves early.	
<i>Give your child the BEST start and end to the school day by ensuring he/she arrives by 7:45 AM and stays until dismissal.</i>	

Attendance Guidelines:

- When student(s) are absent from school, parents should call the school before 8:30 a.m.
 - If the parent, for some reason, fails to notify school, the school may contact the parent.
- Parents will be responsible for ensuring that their children obtain any make-up work by contacting their children's teacher(s). It must be understood that a classroom experience, once missed, most often cannot be recreated. Make-up will depend on the subject matter as well as each instructor.
- Students are expected to make up assignments from missed classes within the time period established by their teacher(s).
- School attendance is NOT recommended when:
 - Student has a fever
 - Vomiting and diarrhea
 - Generalized rash all over the body
 - Persistent cough

- Sore throat with fever and enlarged nodules in the neck
- Notes:
 - Student should be fever-free, WITHOUT MEDICATION, for 24 hours before returning to school.
- *The school encourages doctor and dental appointments, after school hours, whenever possible, to reduce the number of classes missed.*
- *Family vacations are discouraged during the school year. Prior notification to the principal, secretary, and teachers must be established. To obtain grades, all work must be turned in.*

The following procedure is in place for students based on attendance percentages:

95-100%	<ul style="list-style-type: none"> ● Regular attendance procedures with monitors ● Building secretaries will make contact with parents for absences
90-94%	<ul style="list-style-type: none"> ● Staff monitor patterns for tardiness and/or leaving early ● Monitor multiple tardies or students who leave early ● Staff will make contact with parents for absences ● Possible quarterly letter home to parents
85-89%	<ul style="list-style-type: none"> ● Staff monitor and report tardies, leaving early and absences ● Administrator and counselor discussion ● Potential phone call(s) from counselor, classroom teacher or building administrator ● Monthly letter home to parents ● Office visit notes may be requested
<i>Below 85%</i>	<ul style="list-style-type: none"> ● A note from the doctor's office for medical absences will be required ● A nurse check-in may be required ● Conference with counselor and/or building administration ● Referral to the Student Success Team ● Interventions to support regular attendance ● Possible home visit ● Educational Neglect Hotline

- ***This may not be applicable to a student who is absent as a direct result of his or her disability as written in the Individualized Education Program (IEP) or 504 plan.***

EARLY DISMISSAL OF STUDENTS

A note should be sent to the teacher on the day of early dismissal explaining the nature of the dismissal and the time the child is to be dismissed. We discourage early dismissal since it disrupts the regular learning environment. For the safety of each child, the parent/guardian **must come to the office in person** to initiate an early check-out. **Students will NOT be checked out through the office after 2:30PM.** Parents needing to pick up students after 2:30PM or later MUST utilize the PU & Go Lane. Parents are not allowed to go to the classroom. Students may be released to a parent designee with prior parent notification. Please be prepared to present ID. Students will be called from the classroom upon your arrival, please be sure to allow sufficient time for checkout.

TARDINESS

A student will be considered tardy if he/she arrives after **8:00 A.M.** ***Parents need to escort and sign in tardy students after 8 a.m.*** Parents are expected to contact the school explaining the circumstances that result in excessive tardiness.

BICYCLES

Students will be allowed to ride bicycles to school. Pupils in grades kindergarten through second grade are discouraged from riding bicycles to school. The principal may advise a child not to ride his or her

bicycle because of hazards around the school. A bicycle rider must obey the same rules as a motorist. All bicycles are to be parked in the rack beside the elementary building.

BOOSTER CLUB

STRAFFORD Elementary has a parent-teacher organization. Meetings are regularly scheduled during the school year. We encourage you to actively participate in our school's booster clubs. The function of the Booster Club is to work with the school administration to ensure our children receive the very best education possible. The school administration is committed to keeping the Booster Club informed of all school programs. This two-way communication is vital for success. All of us working together can and will make a difference! Please refer to their email address for further information:

Straffordelementarybooster@gmail.com.

BUS POLICY

All birthday parties/sleepovers with 2 or more additional bus riders must be approved by the building office prior to the party date. The hosting parent should contact the office to make sure other transportation arrangements will not be required. If approved, additional students will still be required to bring a note from their parents stating their child is allowed to ride a different bus for that day.

BUS DISCIPLINE POLICY

Disruptions will be reported to the bus supervisor or principal by the bus driver at the completion of the route. After the principal discusses the disruption with the student, the principal is the one responsible for disciplining the student.

- 1st Written Notice: Warning notice describing incident to parent. The student will sit in an assigned seat for 10 days. (Days in which the student does not ride the bus does not count toward the 10 days.)
- 2nd Written Notice: Warning notice and suspension from riding the bus. Total number of days will be determined by the seriousness of the offense. Further violations will equal increased suspension to expulsion from riding the bus.

*** (Severe infractions will result in automatic suspension of bus riding privileges.)**

CAFETERIA/CHILD NUTRITION PROGRAM

A nutritious breakfast and a hot lunch program is provided for those students who desire this service. All students who qualify for free meals qualify for both free breakfast and free lunch. A family may complete an application for free or reduced-price lunches in the main office of the elementary building. The determining official must approve any free or reduced-price lunch applications.

The school uses a computerized meal system where an account is set-up for each student and is updated daily as they purchase lunch or breakfast. Meal pre-payment envelopes are available from the teacher, the elementary office or you may pay online through the parent portal. You are encouraged to pre-pay weekly or monthly. Notices will be sent out regarding charges and also when the account obtains a zero balance. Please return a payment envelope with a check or cash enclosed to your child's teacher. Don't forget to include all the appropriate information on the outside of the envelope. **Students may not accumulate more than \$10 of unpaid meal charges.**

Breakfast, Lunch & Snack Guidelines:

- **Breakfast is served beginning at 7:35 A.M. each full day of school;** please make every effort to have your child at school by 7:50 A.M. to allow time for breakfast.
- **Parents may come to eat lunch with their child only.** No other students will be permitted to eat with other families besides their own. **Parents must check in through the office and check out directly following lunch.**
- **Please refrain from sending students with energy drinks or sodas for lunch and breakfast.** Water, juice, and sports drinks are welcomed. We encourage healthy habits as well as keeping our school clean.
- **Classroom teachers will notify you if students need a snack during the school day.** Please ensure snacks are simple and can be quickly eaten.

CELL PHONE/ ELECTRONIC DEVICE GUIDELINES FOR ELEMENTARY

While school is in session, students are NOT allowed to use any electronic sending or receiving devices in ways that are disruptive to the educational process. Cell phones and other electronic devices are not to be visible by teachers and administrators and are not to be used without the permission of the principal.

CLASS ARRIVAL & DISMISSAL

SCHOOL HOURS: The school day for instruction is from 8:00 A.M. until 3:00 P.M. ***Students should not arrive at school before 7:35 a.m. Students need to wait until a staff member is present outside before entering the building.*** Students arriving at school after 7:40 A.M. should report directly to the gymnasium or cafeteria. Students may report to their respective classrooms at 7:50 A.M. Students will not be detained after school without notification of the parent and the principal. No students are to re-enter the building after they are dismissed.

CLASS ROSTERS

The administration spends many hours making sure all classes are equitable in gender, ability and needs with the goal to create heterogeneous groups that work well together with the assigned teacher. If you, the parent, have information about your child that we need to take into consideration as we make class lists (such as not being placed in the same classroom as a relative or if you, as a parent, would not work well with a teacher because of a prior incident) you will be asked to place this information in writing to the elementary principal. Requests for individual teachers will NOT be taken.

CUSTODY ORDER PROCEDURES

The school **must** have a copy of the current court order on file regarding custody; otherwise either parent may check the child out of school with proper identification. It is not the school's responsibility to interpret the judgment regarding the parenting plan of any student enrolled in our school.

DISCIPLINE

Acceptable behavior is essential to an effective school program. We strive to create a school environment favorable to the development of pupils in self-discipline and self-direction. Violation of the school's rules, guidelines and policies will necessitate immediate attention. The severity of student disruption/misbehavior will determine the penalties from the classroom teacher and/or principal.

The parent or guardian shall be notified when disciplinary action through the principal's office is necessary, including the following: **conference with student in the principal's office, scheduled conference with parent or guardian, assignment to ISS (in-school suspension), OSS (out-of-school suspension), and corporal punishment when deemed necessary.**

The school reserves the right to take appropriate disciplinary action in the case of any students guilty of misconduct during school, field trips and all school functions. Several disciplinary options are available to school administrators and classroom teachers allowed by the Strafford Board of Education and the State

of Missouri, including the use of corporal punishment.

***See the entire Student Code of Conduct adopted by the Board of Education at the back of this handbook.**

DRESS AND GROOMING

The atmosphere in which learning takes place exerts a tremendous influence on the participants. It is our belief that cleanliness and neatness in dress enhances the school environment. Each student through his own personal cleanliness and neatness in dress will contribute to a pleasant school environment and a pleasant learning situation. As a rule, students may wear clothing deemed appropriate as long as it does not call attention to itself and thus disturb the educational atmosphere of the school. Clothing which is too tight, revealing or which contains writing that might be offensive to others should be avoided. T-shirts with graphics, messages, or words that may be misconstrued as inappropriate and interrupts the learning environment will not be worn at school. No clothing is to be worn that suggests and/or advertises alcohol, drugs, offensive writing or acts; or displays negative concepts contrary to the best interest of students and the mission of the school district. See Board Policy: JFCA Except for the following guidelines, the responsibility for the appearance of Strafford R-VI students rest with parents or guardians and the students themselves.

Some general stipulations include:

1. Students are to dress conservatively.
2. Clothing that is disruptive to the educational process or is obscene or suggestive is prohibited.
3. Abbreviated clothing, including halter tops and short shorts, are not to be worn.
4. Shirts and blouses must cover the mid-section of the body and may not be see-through
5. Hats, pajamas and/or sleepwear may NOT be worn in the building at any time (unless permitted on designated days)
6. Clothing bearing symbols of tobacco or alcohol; profane, obscene or inappropriate language will not be allowed.
7. Tennis shoes with wheels, "heelies", will not be allowed.

Class activities that present a concern for student safety may require the student to adjust hair and/or clothing during the class period, in the interest of maintaining safety standards.

Students do participate in physical education and/or recess daily. Please make sure your child is dressed appropriately for the weather and physical activity. We discourage students from wearing sandals to school. They are often unsafe for playground activities due to wood chips and climbing equipment. Tennis shoes are highly recommended for P.E.

TO HELP REDUCE THE NUMBER OF LOST ARTICLES, IT IS STRONGLY RECOMMENDED THAT YOU PUT YOUR CHILD'S NAME ON ALL CLOTHING, BOOK BAGS, AND LUNCH CONTAINERS.

DROP AND ROLL (AM) AND PICK UP AND GO (PM)

Parents of students not riding the bus **must use drop and roll**. All students will be dropped off and picked up in front of the elementary utilizing the student loading zone. School personnel will assist with drop off and pick up. PLEASE DO **NOT** DROP OFF YOUR CHILD UNTIL SCHOOL PERSONNEL ARE THERE TO ASSIST THE STUDENT FROM THE CAR. Parents should be courteous, patient, and remain in line until asked by school personnel to pull forward and/or around. Please help us keep our children and staff safe by staying off your cell phone and being alert during pickup. Parents **MUST** display the school issued identification card when picking up their children in the afternoon. Students who are walking home or whose parents walk to pick them up, will be released after the car lane is empty.

EMERGENCY EXIT DRILLS

Fire, intruder, evacuation, and tornado drills will be conducted at appropriate times during the school year. Students will be given proper instructions by their classroom teachers.

ENROLLMENT INFORMATION

REQUIREMENTS: Kindergarten children must be five (5) years of age before August 1 to enter school. First grade children must be six (6) years of age before August 1. Students entering the schools in the district will be required to present a birth certificate or other acceptable proof of age if

necessary to determine whether the student is eligible to attend school. Each student entering school in all grades is required by the State Health Department to have a complete record of immunizations. This is a state regulation that is monitored each school year.

EXTRACURRICULAR CLUBS

Students will have the opportunity to participate in a variety of after school extracurricular clubs. Students participating in any of the after-school events should bring a note from home, verifying parents' consent. This note will be kept on file for the entire year.

FIELD TRIPS

Each grade level will take a field trip during the school year. All field trips will adhere to school board policy and require the approval of the principal. During the school day, including field trips, children are the responsibility of the faculty and administration. Students should ride the bus to and from the field trip unless there is a medical concern.

GRAND DAY

Strafford Elementary honors grandparents with our designated Grand Days. Grandparents or "adopted" senior citizens are invited to visit our school on the designated days and see what our students are learning and how things have changed since they were in school.

HOMEWORK POLICY

Elementary students need time for independent practice of lessons taught during the day. Homework will be directly related to the instruction received during the classroom hours and should serve to increase students' understanding. Parents are encouraged to assist students where appropriate. Students are expected to be diligent in carrying out their homework. Failure to do homework or class work means that a student may lose student privileges. Students will be given every opportunity to achieve scholastic success, but those who persist in not doing schoolwork will be subject to disciplinary action.

GUIDELINES FOR HOMEWORK

If your child is sick and must miss school, please follow these guidelines: No homework should be requested by the parents on the first day missed. This allows 24 hours for teachers to prepare homework assignments. Please pick up homework after school. Students are given two days to make up work for each day missed. When your child misses several days consecutively, you may pick up homework after the missed second day. If your child needs assistance with make-up work, you may make arrangements for him/her to stay after school to work with teacher supervision.

ILLNESS AT SCHOOL

In the event a student should become ill while at school, they will be referred to our school nurse. If the nurse feels the child needs to go home, parents will be contacted and are responsible for having their child picked up from school.

If a child has a temperature of 100.4 degrees or greater and is experiencing continued discomfort or pain, the family will be notified. It is extremely important for us to have every child's **emergency information** form on file in the office so that we may contact you quickly if necessary.

Emergency treatment will be performed in each individual case in order to prevent undue pain or serious consequences. Please caution your child never to take medication belonging to another child or never to give his/her medication to anyone but the teacher or nurse. Remember your medication could cause serious problems for another person.

- **No aspirin product will be given, even if accompanied by a note.**
- **All medications (prescription and non-prescription) a student will need while at school must be furnished by the parent/guardian. The parent/guardian should deliver the medication to the school nurse and complete appropriate medication administration forms.**

Students should not attend school, and shall be sent home, when one or more of the following conditions exist as recommended by the Department of Health.

1. Chicken Pox: Children may return to school 7-10 days after the onset of the rash and when all lesions

are crusted.

2. Temperature: Children with a temperature of 100.4 degrees or greater are considered to have fever and will be sent home. A student cannot return to school until he/she is free of fever for 24 hours without using any type of fever-reducing medicine such as ibuprofen (ex. Motrin, Advil) or acetaminophen (ex. Tylenol). Our primary concern is for your child to be physically well and mentally alert in order to achieve academically.

3. Strep Throat: Children having strep throat should be home on medication 24 hours before returning to school.

4. If a student throws up or has diarrhea at school, they will be sent home.

5. Any student with a rash will not be allowed to attend school unless they have a physician's note that it is not communicable.

6. Any student with possible pink eye will be sent home. They may return when they are on medication, redness is gone or doctor's note that they are not communicable.

7. Head Lice - No-Nit Policy: Students who have head lice will be sent home. They are not to return to school until they have shown proof of receiving treatment and nit removal. Parents must bring their student to the nurse's office after any incidents of head lice to be cleared for admittance to class. 8.

Scabies: Students will be sent home. They may not return until proof of treatment

LIBRARY

Students will be allowed to check out library books. The student will be responsible for lost, destroyed or abused books. Library books should be returned on or before the due date. All books should be returned prior to the last week of school.

MEDICAL INFORMATION

Any information concerning a student, including medical problems, vision/hearing, learning problems, discipline procedures or any other special concerns should be reported to the nurse and to the school principal. This information is kept confidential. No medication will be given to any student at school without parent/guardian's written permission.

The school will only be allowed to treat injuries as a first-aid measure. Home injuries/accidents must be treated at home. Minor first aid will be administered by the teacher for accidents that occur on the school grounds.

STUDENT MEDICATION POLICY (Adopted, 1996) ADMINISTERING MEDICINES TO STUDENTS

With the exception of students in special education programs, or those with Section 504 Accommodation Plans, the school district is not obligated to supply or administer medication to children. However, the Board recognizes that some students may require medication for chronic or short-term illness during the school day to enable them to remain in school and participate in their education. Therefore, the Board directs the superintendent to establish procedures for the administration of medication for any student provided the following requirements are met. The administration of medications, including over-the-counter medications, are nursing activities which must be performed by a registered professional nurse or a licensed practical nurse. A registered professional nurse may delegate and thereby will supervise the administration of medication by unlicensed personnel who are trained by the nurse to administer medications.

I. Prescription Medication

A. The student's physician shall provide the school with a written request that the student be given medication during school hours. The request shall state the name of the student, name of the drug, dosage, frequency of administration, how the medication(s) is to be given and the doctor's name. The prescription label will be considered an equivalent of the physician's order for short-term medication. When possible, descriptions of any adverse effects and any applicable emergency instructions will be provided.

B. The parent/guardian will provide a written request that the school district comply with the physician's request to give medication. The district will not administer the first dose of any medication. C. The parent/guardian will supply the medication in a properly labeled container from the pharmacy with only the doses to be given at school, and with instructions for any special need for storage, e.g. refrigeration. The medication will be delivered to the school by the parent/guardian or other responsible adult. Medication supplies should not exceed a 30-day supply.

II. Over-the-Counter Medication

A. Written permission must be obtained from a parent/guardian to administer over-the-counter medications which have been prescribed. This permission must be renewed at least annually. •

No aspirin product will be given, even if accompanied by a note.

III. Emergency Medication

All schools in the district should be equipped with medication to be administered in the event of a severe allergic reaction. The emergency medication and physician's orders for such medication shall be kept in a secure location but easily accessible to qualified designated personnel. **IV. Self**

Administration of Medication

A physician may recommend that an individual student with a chronic health condition assume responsibility for his or her own medication as part of learning self-care, e.g. inhalers used for asthma.

A. The student's physician shall provide the school with a written request that the student be allowed to administer the medication during school hours.

B. A parent/guardian shall provide a written request that the school district comply with the physician's request.

C. Please caution your child to never take medication belonging to another child or never to give his/her medication to anyone but the teacher or nurse. Remember your medication could cause serious problems for another person." should be moved and placed under self-administration of medication. The reason is because no student should have medication with them in elementary school (with the rare occasional exception of needing an inhaler because they lost one, go to POWWOW or another house after school, or they may have an epi-pen). Also, since it is the parent or other designated adult that is supposed to bring medication to the nurse instead of the child, the sentence **V. Documentation**

A record documenting the student's name, date, time, name of medication, reason for administering, dosage administered, effect of medication and signature of the individual who administered the medication must be maintained.

MOVING

When parents are planning to move to another school district, it is important to let the school know at least one week in advance. The teacher and office need advance notice in order to get grades, records, and transfer papers ready for a smooth transition into a new school.

PARENT-TEACHER CONFERENCES

The parent-teacher conference is an annual event at the end of the 1st quarter. Parents receive their child's report card at this conference. Additional conferences may be scheduled at other times throughout the year with the teacher during the teacher's conference time or after school.

PARTIES

It has been the custom to have classroom parties in the fall, Christmas, and Valentine's Day for our elementary students. The exact dates of each party will be announced at school. Parties for any other occasions must have advanced approval of the building principal, and should not be an excessive number during the school year. In compliance with the Greene County Health Department and to prevent the spread of foodborne illness and safeguard students with allergies, all snacks must be store-bought and not homemade. All food products should have an ingredient label for allergen verification.

PERSONAL CORRESPONDENCE

If a student has a need to change their after-school plans from their normal routine, it is necessary for the parent to notify the teacher/office. This should be communicated at the beginning of the day. **If a change in dismissal has not been received, your child will be sent home via the regular dismissal route listed on the Student Profile or KIDACCOUNT. In an emergency, parents may call the office to make a schedule change; calls must be received by 12:00.**

PERSONAL CORRESPONDENCE (Special Events)

Party invitations will not be passed out at school unless the whole class is invited. **Transportation from school for any parties will be the responsibility of the inviting parent/guardian. To avoid overcrowding on the bus, approval must go through the transportation manager.**

POW-WOW

Pow-Wow is the district operated school age afterschool program. Pow-Wow, located on the elementary campus, provides affordable after school childcare for students ages 5-12 years with quality structured activities. The children have age appropriate tutoring, large motor activities and recreational time. This program promotes the importance of education and makes it exciting for the children to expand their knowledge of many topics while having fun in a safe, nurturing environment.

PUBLICATIONS

All students will be included in Strafford Elementary media publications (which may include: district, building and classroom newsletters; district website; Strafford Morning Show; yearbook; Facebook and other district means of promoting student achievement). **Parents must notify the elementary office in writing any time before Friday, September 1st if their child should be excluded from publications.**

SCHOOL CANCELLATION

When school is not in session because of weather conditions, the school-wide emergency notification system will be utilized. It will also be posted on local radio, television stations, the school website and social media pages.

AMI DAYS

WHAT DOES ALTERNATIVE METHODS OF INSTRUCTION (AMI) MEAN? - AMI simply allows for the continuation of learning when students miss days of regular instruction due to district closure. Students will have the opportunity for skill reinforcement, remediation and enrichment through electronic or conventional paper lessons. The Missouri Department of Elementary and Secondary Education has granted the Strafford R-VI School District days this school year on which students will be expected to continue learning off-site (home, etc.). Some benefits of an AMI day include: assisting in eliminating gaps in learning by providing learning activities and reducing the need for days to be added at the end of the school calendar.

How Will AMI Days Work?

- We will continue to communicate about a snow day as we have in the past, however on certain days, it will be announced that we are not having school due to weather but we are having an AMI Day. It will be announced as AMI Day 1, 2, 3, etc.
- Teachers will use online resources or AMI packets, depending upon the grade level, containing lessons to be completed on AMI days.
- Instructions and information will be provided by your child's teachers, and students are expected to complete and submit learning activities within three (3) days of returning to school. If you have questions about learning activities, please do not hesitate to contact your child's school or teacher through email as teachers will be monitoring their emails during regular school hours.

IMPORTANT POINTS TO REMEMBER FOR AMI DAYS AT Strafford R-VI:

- Students will NOT attend school on an AMI day. All students will have instructional activities to be completed at home on AMI days.
- AMI days count as instructional days and do not have to be made up at the end of the school year if students and staff complete assigned work.
- Students who do not complete and submit AMI assignments, within three (3) days of returning to school, will be marked absent for the related AMI day.
- The Missouri Department of Elementary and Secondary Education has allowed five AMI days (36 hours) for the school year.
- As we implement this new method, we anticipate that we will learn lessons along the way and make necessary adjustments to improve our AMI plan to best meet the needs of our students. If you have further questions or concerns, please do not hesitate to phone or email your child's school.

SCHOOL COUNSELING SERVICES

School counseling services are available for every elementary student in school. School counseling activities take place in the classroom on a regular basis. Services also include study help, help with home, school and/or social concerns, or any questions or problems the student may wish to discuss with the elementary guidance counselor. Individual and small group counseling services are available to the student with permission from the parent. **Outside counseling services:** If a student receives counseling services outside the district, it must be done outside school hours unless it is arranged with principals.

SELLING IN THE SCHOOL

No article or service may be sold by or to pupils in the elementary school except those approved by the elementary principal. Students should not solicit others during the school day.

SNOW ROUTES

On occasion when weather conditions make it impossible to follow the normal routes, it will be necessary that our bus drivers ask some students to meet them at a selected place. The students will be contacted by their bus driver as to where they will be picked up. Those students whom the bus driver cannot pick up due to road conditions will also be contacted.

SOLICITATIONS

No pupil, teacher, or other school employee, while on school premises, shall be solicited by agents of business, commercial or financial institutions.

STUDENT INSURANCE

Student insurance is offered at the beginning of the school year. It is NOT through the school, but a service that is offered at a reasonable rate for those families who do not have insurance or want additional insurance for their child. For more information or to obtain forms, please visit the school website. The school does not carry any medical or accidental insurance on students; that is the responsibility of the parents. The school does carry liability insurance on all persons.

TECHNOLOGY

INTERNET PUBLISHING GUIDELINES

Our school's web page is a valuable tool in communicating events, awards, and general news. At times we may want to recognize student accomplishments or post exemplary student work for a global audience to view. This material will only be used for activities related to the school's web site.

PARENT PORTAL ACCESS

Parents/guardians may obtain access to their student's academic progress, discipline, and lunch account through the district's parent portal. Parents must contact the office to secure login information.

TELEPHONES

The school phone is a business phone and is not to be used for making arrangements to go home with friends. We find that most plans and reminders can and should be made at home and not at school. Students are not allowed to use the telephone except for **emergencies only**. We will be glad to deliver incoming messages to the student. If an emergency arises, the student must have permission from his/her classroom teacher before being allowed to use the school phone. The learning environment will not be disrupted by phone calls to teachers; however, you may use the automated voicemail system to leave messages to teachers to return calls at their earliest convenience. ***Any cell phone must be turned off and in the student's backpack. If a student's phone or device (watch, etc...) disrupts the classroom it will be confiscated. Any device confiscated will need to be picked up by the parent in the office.***

TEXTBOOKS

Textbooks must be properly used, cared for and returned. Students must turn in all textbooks when withdrawing from school. If a textbook is lost, damaged, or destroyed, teachers shall not issue another book unless the student has paid for the lost, damaged or destroyed book.

TOYS/ITEMS FROM HOME

In order to help students focus fully on academics, we ask that they refrain from bringing toys to school. If a student should forget and have a toy with them, the teacher will hold it for the child until dismissal time. If the toy continues to come to school, we may ask that a parent come to pick it up.

Toys should only be brought to school with the teacher's prior permission. No playground equipment such as bats, balls, etc. should be brought from home. Pagers, telephones, electronic games, trading cards and walkie-talkies are not allowed. Students should refrain from bringing items.

VISITORS

Visitors are welcome at Strafford Elementary. The faculty and staff feel that a close working relationship among parents, teachers, and community is of great value to our school. **All visitors must present proper ID and sign in at the elementary office.** You will receive a Visitor's pass that **MUST** be worn in visible site and returned upon your departure. We value every minute of instructional time with our students. Unless you have an appointment or are volunteering in the classroom as scheduled by the teacher, parents **will not be allowed** to enter the classroom.

Strafford R-VI School District Charging Policy

The Board of Education will allow students to charge up to \$-10.00. Once a student reaches \$-10.00 they will be offered an alternative meal. Please make regular deposits into your student's account to maintain a positive balance and to prevent them from receiving an alternative meal.

The alternative meal consists of a peanut butter and jelly sandwich and a student's choice of milk.

- The alternative meal is offered up to five consecutive days
- The alternative meal is offered only at lunch time. It is received at the point of service.
- Payment Options:

STUDENT DISCIPLINE

It is essential that the district maintain a safe school environment and a climate that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. Discipline will be equitably applied and viewed as a learning opportunity with the ultimate goal of improving behavior, safety and the school climate. The district seeks to minimize the unnecessary exclusion of students from classrooms and school and encourages the superintendent and district staff to exclude students only when necessary to maintain a safe and appropriate learning environment.

The superintendent or designee is authorized to contact the district's attorney for advice on the legality of district discipline or the discipline process. The Board encourages the superintendent to recommend changes to Board policy related to student discipline as needed.

Discipline Code

To assist district staff in maintaining the necessary education environment, the Board of Education has created a discipline code that addresses the consequences for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students.

The district's comprehensive written code of conduct includes, but is not limited to, this policy, JG-R1, JGA, JGB, JGD, JGE, JGF and associated procedures. The district's comprehensive written code of conduct will be placed on the district's website, and a copy will be available in the superintendent's office during normal business hours. The code of conduct will be distributed to all students and their parents/guardians at the beginning of each school year, which may be accomplished by directing students and parents/guardians to the district's website. These policies, regulations and procedures will apply to all students in attendance in the district's instructional and support programs as well as at district-sponsored activities.

Equity

All district staff are required to enforce district policies, regulations and procedures in a manner that is consistent, developmentally appropriate and equitable. District staff who increase or decrease the consequences for student misconduct based on individual circumstances must document the reasons for the variance. The superintendent or designee will regularly review district discipline data to determine whether district policies are being equitably enforced and, when necessary, make recommendations to the Board for policy changes, training or resources to further the district's goals for providing equitable education to all students.

Discipline for Off-Campus Misconduct

Students may be disciplined for misconduct that occurs off district grounds and outside a district activity when allowed by law including, but not limited to, the following situations:

1. The district's technology is used.
2. The student's conduct negatively impacts the education environment or there is a nexus to the education environment.
3. The student has been charged with, convicted of, or pled guilty to the commission of a felony

in a court of general jurisdiction(not a juvenile court). The Board may suspend such students after a hearing in accordance with law.

4. The student has been indicted on, charged with or convicted of one of the specific crimes listed in § 167.171, RSMo. (see in policy JEC) or a petition has been filed or adjudicated in juvenile court involving one of the specific crimes listed in § 167.171, RSMo. The district shall exclude such students from school or from the general education environment after appropriate due process.

5. The student transfers to the district during a suspension or expulsion from another public school or a private or parochial school, and the district determines that the conduct would have resulted in a suspension or expulsion in this district. The district may honor a student's suspension or expulsion in such cases after providing appropriate due process when necessary.

Immediate Removal

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

Enforcement

Building principals are responsible for the development and enforcement of additional student conduct rules needed to maintain proper behavior in schools under their supervision. All such rules shall be consistent with Board-adopted discipline policies and regulations. Teachers have the authority and responsibility to make and enforce necessary rules for discipline in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom.

All district staff enforcing student discipline should seek to minimize, as much as possible, the amount of instructional time the student loses.

Training

All district employees shall annually receive instruction related to the specific contents of the district's comprehensive code of conduct and any interpretations necessary to implement its provisions including, but not limited to, confidentiality requirements and the approved methods

for dealing with acts of school violence and disciplining students with disabilities.

STUDENT DISCIPLINE

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses, which if committed by a student, will result in the imposition of a disciplinary action that is appropriate to the age and developmental level of the child. These disciplinary actions may range up to the consequences listed. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences, including corporal punishment, that extend beyond this code of conduct as determined by the principal, superintendent, and/or Board of Education. In addition, placement in an alternative education setting, in keeping with the Safe Schools Act, may be used by administrative decision. This code of conduct is in force on all school property, on school buses, and at school activities regardless of whether or not school is in session. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots, and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law (House Bill 1543).

Reporting to Law Enforcement

It is the policy of the Strafford R-VI School District to report all crimes occurring on district property to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Documentation in Student's Discipline Record

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operations of the schools and in accordance with the law and policy JGF.

Conditions of Suspension, Expulsion and Other Disciplinary Consequences All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of

any district activity for any reason, unless permission is granted by the superintendent or designee. When appropriate, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if a student is not suspended or expelled from school. Likewise, a student may become ineligible for or be required to forfeit any honors and awards as a disciplinary consequence.

In accordance with law any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy JGF as a serious violation of school discipline, shall not be allowed to be within 1,000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one (1) of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.
2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the district.
3. The student resides within 1,000 feet of a public school in the district and is on the property of his or her residence.

If a student violates the prohibition in this section, he or she may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

Impact on Grades

As with any absence, absences due to an out-of-school suspension may result in the student earning a lower grade in accordance with the district's policy on absences.

The following are descriptions of prohibited conduct and potential consequences for violations. Building-level administrators are authorized to more narrowly tailor potential consequences as appropriate for the age level of students in the building within the ranges established in this regulation. Strafford R-VI School District, Strafford, Missouri

ELEMENTARY CURRICULUM GUIDELINES

The elementary program seeks to provide an opportunity for each student to reach their maximum learning potentials. Basic skills are taught in the following core subject areas to create a sound educational foundation and provide skills which will serve the student in their future learning pursuits. Our instructional program is ever changing to meet students' needs.

ENGLISH LANGUAGE ARTS: This area includes instruction in reading, writing, spelling, listening and speaking skills. The objective is to develop essential written and oral communication skills. The emphasis begins in kindergarten with learning to follow oral directions, detect likenesses and differences, recall the sequence of events in a story and classify objects into appropriate groups. By the completion of elementary school, students should be able to write in complete sentences with proper grammatical construction and correct spelling and punctuation. They should be able to apply these skills in writing correspondence such as business letters and reports.

READING: We feel reading is of the utmost importance to each student's present and future success, and our reading program reflects our concern that each child learn to read effectively. Our developmental reading program begins with reading readiness skills such as auditory and visual discrimination activities and allows the student to progress at his own rate in a systematic fashion. The program is designed to individualize instruction based on the student's needs and reading levels. The objective is to develop the student's oral and silent reading skills to the point that the student is an efficient reader. There are a few concepts about reading with which you should be familiar to better understand your child's program:

- Children learn to read at different rates.
- Children in any particular class, regardless of the organizational pattern used, will show different strengths and weaknesses in reading.
- Children must be taught on or near the levels at which they read if progress in reading is to occur.

Many factors interpret your child's reading grade; both the grade and level on which he is reading must be looked at together.

MATHEMATICS: Stress is placed on developing the skills of addition, subtraction, multiplication, and division that are needed to successfully solve the mathematical problems encountered in everyday living. The objective is to develop the ability to apply these skills in situations requiring math computations. In kindergarten, the emphasis is on establishing one-to-one correspondence between equivalent sets, determining which is larger-smaller, longer-shorter, taller-shorter when given two similar objects, writing numerals from 1 to 10, and naming the ordinal position of an object in a set. As children progress, stress is placed on mastery of addition, subtraction, and multiplication facts, making change, telling time, and measuring and recording lengths. By completion of elementary school, students should be able to multiply a number by a two digit factor, solve division problems with one digit divisors, read and write decimals, add, subtract, multiply, and divide fractions, interpret simple graphs, and figure area and perimeter.

SCIENCE: The student learns about basic scientific concepts. The objective is to develop his understanding of matter, time, space and their interrelationships with the environment in which we live.

SOCIAL STUDIES: During the course of his studies, the student will learn about the world he lives in, beginning with his own community and progressing to a study of the state, nation and continents. The objective is to develop the student's understanding of the United States and its form of government while familiarizing him with the many other ways of life in our world. Students are also exposed to different career areas and specific occupational choices.

PHYSICAL EDUCATION: Students receive a regular program of physical exercise and activities intended to develop their growing bodies and provide for good physical conditioning. The basic objectives of the program are to:

- (1) develop and maintain maximum physical efficiency
- (2) develop useful physical skills
- (3) act in socially useful ways
- (4) promote wholesome physical recreation

A pupil who has an ailment or disability which necessitates a “limited” physical education program or one who should be excused entirely from physical education must have on file with the physical education teacher a doctor’s statement to that effect. Cases of more severe injury or illness will require a written doctor’s statement for re-entry to the physical education program.

ART: Students are exposed to different art mediums and provided an opportunity to express themselves through these. Students are able to develop an appreciation of our cultural heritage and the contribution of art to our lives. Students begin by learning the differences in different media, different types of lines, and work with the primary colors. The student, as he progresses, will learn to mix colors to achieve desired tints, shades and hues while learning to evaluate the creative expression of others and demonstrating sensitivity toward well done art work.

MUSIC: The music program is designed to teach students basic musical skills and to expose them to different types of music, thus enhancing their appreciation of different forms of music. Fourth grade students will have the opportunity to participate in the Honor Choir.

LIBRARY: The library is available for individual students or small groups at any time from 8:00 a.m. to 3:00 p.m. for check out, research, class assignments, leisure reading, learning centers, etc. Students are permitted to check books out of the library for a two week period of time. Additional books will not be checked out to students having books that are more than five (5) school days late. Students are expected to pay for lost or damaged books.

GIFTED PROGRAM: This program is designed to meet the needs of students having met established criteria. Students will be given the opportunity to meet at least once a week to expand and enrich areas of study.

STEM: The STEM lab is designed to encourage students to use innovative thinking by applying the rigor of science, technology, engineering, and mathematics content into project based lessons.

(Curriculum standards and guidelines are reviewed by the board for effectiveness and changes on a regular basis)

Pursuant to the requirements of state law 162.997-999 RSMo, the State Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent, or a person acting as a parent, to participate in matters dealing with the provision of special education. For purposes of surrogate parent appointment, "parent" is defined as a biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, a step-parent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated.

The Strafford R-VI School District is given the responsibility to determine when a child with a disability who requires special education and who resides in the district is without a parent. The Strafford R-VI School District must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. Training for persons serving as surrogate parents will be provided by the Missouri Department of Elementary and Secondary Education and the Strafford R-VI School District. This notice will be provided in native languages as appropriate.

PUBLIC NOTICE ON STUDENT RECORDS

In compliance with P.L. 90-247, the STRAFFORD R-VI Schools wish to notify parents and patrons that the district maintains psychological, educational progress, diagnostic, standardized test, inventory, attendance, and medical immunization records of students enrolled. Parents may request to review the records that are kept on their children by inquiring at the principal's office.

Upon written request of an educational institution, certifying or contemplating the enrollment of the student in question, the student's records will be forwarded to the appropriate institution after appropriate signatures have been secured. For purposes such as student directories and programs relating to school events, including yearbook and newspapers, student information regarding items such as the following may be released: Name, address, grade level, telephone number, date and place of birth, pictures, dates of attendance, honors and awards received, participation in officially recognized activities, weight, and height, if members of athletic teams. If a parent does not wish such information to be released, a signed written notice to that effect should be provided to both the sponsor of the depicted activity as well as the school principal before September 1 of each school year.

Upon graduation, supplementary information no longer needed to provide educational services to the student will be destroyed. However, a permanent recording containing the student's name, address, phone number, grades, attendance record, test scores, classes attended, grade level completed, and year completed will be retained without limitation.

Parents who feel that the records are inaccurate, misleading, or otherwise in violation of the privacy or other rights of students will be provided an opportunity for the correction or deletion of such data. In such a case, a request for a hearing to challenge the content of their child's school clarification, review, interpretation, or complaints may be resolved or responded to by writing to the Family Educational Rights and Privacy Act Office (FERPA), Department of HEW, 330 Independence Ave. S. W., Washington, D. C. 20201.

Board policies in regard to the release of student records may be viewed at the office of the Superintendent of Schools, STRAFFORD, Missouri.

SENATE BILL 319 RETENTION OF STUDENTS

The Strafford R-VI School District is committed to the continuous development of students enrolled in the district's schools, and for a student's achievement of the skills for the current grade assignment, to pass to the higher grade.

Senate Bill 319 requires that students not be promoted to the next grade level unless they have a "reading level at or above one grade level below the student's grade level." Students with Individual Education Plans (IEPs) are exempt from this requirement, as well as students included in a 504 Education Plan, those with limited English proficiency, and those who have been determined to have an insufficient cognitive ability which prohibits them from meeting this criteria. To ensure that our students have every

opportunity to become successful readers, the following policy and procedures have been adopted by the Strafford R-VI School District.

All students' reading ability will be assessed annually according to the Stanford 9 Achievement Test. The total reading score used as criteria includes reading vocabulary and comprehension. In addition, all students will take the Standardized Test of Achievement in Reading at the beginning (or when they enroll) and end of the school year. These tests also reflect students' reading abilities according to grade level. A Reading Improvement Plan will be written for students in grades 3-5 who score below grade level on either test.

Summer school will be offered to all students, K-12, who are reading below grade level; however, all students with Reading Improvement Plans will be required to attend summer school classes that include reading instruction as part of the class. Students will be assessed at the end of summer school with the STAR. Those who score below grade level will be required to attend a minimum of 30 hours of additional reading instruction outside the regular school day during the next school year and will be enrolled in a remedial reading class. Fourth-grade students who do not score within one year of grade level at the end of summer school will be retained as stipulated in Senate Bill 319. Retention based on reading ability is required only at the end of the fourth grade year. At the end of fifth grade, a notation will be made in the student's permanent record that he or she is reading below minimal levels.

STUDENT COMPLAINTS AND GRIEVANCES

Alleged acts of unfairness or any decision made by school personnel, except as otherwise provided for under student suspension and expulsion, which students and/or parents/guardians believe to be unjust or in violation of pertinent policies of the Board or individual school rules, may be appealed to the school principal or a designated representative. The following guidelines are established for the presentation of student complaints and grievances:

- The principals shall schedule a conference with the student and any staff members involved to attempt to resolve the problem. Parents/Guardians may be involved in the conference, or a later conference for parents/guardians may be scheduled at the discretion of the principal.
- If the problem is not resolved to the satisfaction of the student and/or parent/guardians, a request may be submitted for a conference with the superintendent of schools. The superintendent shall arrange a conference to consider the problem, and to inform participants of the action that will be taken.
- If the student and/or parents/guardians are not satisfied with the action of the superintendent, they may submit a written request to appear before the Board of Education. Unless required by law, a hearing will be at the discretion of the Board. The decision of the Board will be final. All persons are assured that they may utilize this procedure without reprisal.

Adopted: March 18, 1999

PUBLIC COMPLAINTS

All persons are assured that they may utilize this procedure without reprisal.

The board recognizes that situations of concern to parents/guardians or the public may arise in the operation of the district. Such concerns are best resolved through communication with the appropriate staff members and officers of the school district, such as faculty, the principals, the superintendent or the Board.

The following steps are proper procedures to be followed by persons with questions or complaints regarding the operation of the school district:

1. Complaints on behalf of individual students should first be addressed to the teacher.
2. Unsettled matters from (1) above, or problems and questions concerning individual schools, should be directed to the principal of the school.
3. Unsettled matters from (2) above, or problems and questions concerning the school district, should be directed to the superintendent.
4. If the matter cannot be settled satisfactorily by the superintendent, it should be brought to the Board of Education. Questions and comments submitted to the secretary of the Board, in letter form, will be brought to the attention of the entire Board at a regularly scheduled or called meeting. If necessary, a Board hearing will be scheduled to resolve the complaint. However, the decision of the Board shall be final except in the case of complaints concerning the administration of federal programs. In that case the

complainant may go to the appropriate section of the Department of Elementary and Secondary Education. The Board considers it the obligation of the profession and support staff of the district to field the questions of parents/guardians or the public.

Upon your request, our district is required to provide to you in a timely manner, the following information: Whether your student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction. Whether your student's teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived. Whether your student's teacher is teaching in the field of discipline of the certification of the teacher. Whether your child is provided services by paraprofessionals and, if so, their qualifications. In addition to the information that parents may request, a building receiving Title funds must provide to each individual parent: Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under Title I.A. Timely notice that your student has been assigned, or has been taught for 4 or more consecutive weeks by, a teacher who has not met

PARENT INVOLVEMENT & RESOURCE INFORMATION

The Strafford Public Schools are required to assist parents with parental organizations by informing them of the Parental Information and Resource Center (PIRC) and their purpose. The PIRC program is funded by the US Department of Education, Office of Innovation and Improvement, established to provide training, information, and support to parents and individuals who work with local parents, districts, and schools that receive Title funds. PIRCs provide both regional and statewide services and disseminate information to parents on a statewide basis. PIRCs help implement successful and effective parental involvement policies, programs, and activities that lead to improvements in student academic achievement, and that strengthen partnerships among parents, teachers, principals, administrators, and other school personnel in meeting the education needs of children; and to expand, or operate early childhood parents to communicate effectively with teachers, principals, counselors, administrators, and other school personnel.

The recipients of PIRC grants are required to: serve both rural and urban areas, use at least half their funds to serve areas with high concentrations of low-income children, and use at least 30 percent of the funds they receive for early childhood parent program.

Centers must include activities that establish, expand, or operate early childhood parent education programs and typically engage in a variety of technical assistance activities designed to improve student academic achievement, including understanding the accountability systems in the state and school districts being served by a project. Specific activities often include helping parents understand the data for such things as opportunities for supplement services and public school choice afforded to their children attending buildings in school improvement.

PIRCs generally develop resource materials and provide information about high quality family involvement programs to families, schools, school districts, others through conferences, workshops, and dissemination of materials. Projects generally include a focus on serving parents of low-income, minority, and limited English proficient (LEP) children enrolled in elementary and secondary schools.

Missouri has two PIRCs- one in St. Louis and one in Springfield. For service and contact information, go to their website at <http://www.nationalpirc.org/directory/MO-32.html>
